Pieces of the Paper Kim Nguyen,2012-10-02 A collection of poems that are a mixture of enlightenment, sadness and anger. The author will allow the readers to decide how to describe these poems.

Chorus in the Dark Kim Lan Nguyen,2013-10 Chorus in the Dark invites attention to the treaty negotiated by the voices of Lamentations. The issues of God's justice and human rights are at the centre of a forceful discussion embodied in the five poems of Lamentations. Difficult questions are subtly raised: How can God's justice be recognized and honoured in the midst of suffering? How can the human right to protest against mistreatment be respected? How can loss, grief, and shame be overcome? What future is there for the victims? How can these sensitive issues be negotiated without loss? Zion is the first major speaker in Lamentations. Zion projects the voice of a woman crying by the grave. Her pain is intense, her loss is vast, her anger is uncontrollable. Zion is unable to see any future. God is indeed just in destroying her, but her surviving children do not deserve her fate. The other major speaker is the man of Lamentations 3. He too speaks of the pain, grief, anger, and desire for vengeance of a victim bent under the yoke of affliction. Yet, like a Davidic king, he dares to claim covenant promises and hope that darkness will eventually turn to light. Through both harmony and discord, and with a profound ambivalence toward the future, the separate voices of Lamentations resonate in a timbre that transcends the sum of its parts. The five poems, while having unique value individually, are meant to be read together as a living documentation of a moment of suspension, a great turning point in the history of Israel.

An Anthropology of Biomedicine Margaret Lock,Vinh-Kim Nguyen,2011-09-09 An Anthropology of Biomedicine is an exciting new introduction to

biomedicine and its global implications. Focusing on the ways in which the application of biomedical technologies bring about radical changes to societies at large, cultural anthropologist Margaret Lock and her co-author physician and medical anthropologist Vinh-Kim Nguyen develop and integrate the thesis that the human body in health and illness is the elusive product of nature and culture that refuses to be pinned down. Introduces biomedicine from an anthropological perspective, exploring the entanglement of material bodies with history, environment, culture, and politics Develops and integrates an original theory: that the human body in health and illness is not an ontological given but a moveable, malleable entity Makes extensive use of historical and contemporary ethnographic materials around the globe to illustrate the importance of this methodological approach Integrates key new research data with more classical material, covering the management of epidemics, famines, fertility and birth, by military doctors from colonial times on Uses numerous case studies to illustrate concepts such as the global commodification of human bodies and body parts, modern forms of population, and the extension of biomedical technologies into domestic and intimate domains Winner of the 2010 Prose Award for Archaeology and Anthropology

The Republic of Therapy Vinh-Kim Nguyen, 2010-11-01 The Republic of Therapy tells the story of the global response to the HIV epidemic from the perspective of community organizers, activists, and people living with HIV in West Africa. Drawing on his experiences as a physician and anthropologist in Burkina Faso and Côte d'Ivoire, Vinh-Kim Nguyen focuses on the period between 1994, when effective antiretroviral treatments for HIV were discovered, and 2000, when the global health community acknowledged a right to treatment, making the drugs more available. During the intervening years, when antiretrovirals were scarce in Africa, triage decisions were made determining who would receive lifesaving treatment. Nguyen explains how those decisions altered social relations in West Africa. In 1994, anxious to "break the silence" and "put a face to the epidemic," international agencies unwittingly created a market in which stories about being HIV positive could be bartered for access to limited medical resources. Being able to talk about oneself became a matter of life or death. Tracing the cultural and political logic of triage back to colonial classification systems, Nguyen shows how it persists in contemporary attempts to design, fund, and implement mass treatment programs in the developing world. He argues that as an enactment of decisions about who may live, triage constitutes a partial, mobile form of sovereignty: what might be called therapeutic sovereignty.

My First Day Phung Nguyen Quang, Huynh Kim Lien, 2021-02-16 A visually stunning story of resilience and determination by an award-winning new author-illustrator team, perfect for back to school. This is no ordinary first journey. The rainy season has come to the Mekong Delta, and An, a young Vietnamese boy, sets out alone in a wooden boat wearing a little backpack and armed only with a single oar. On the way, he is confronted by giant crested waves, heavy rainfall and eerie forests where fear takes hold of him. Although daunted by the dark unknown, An realizes that he is not alone and continues to paddle. He knows it will all be worth it when he reaches his destination--one familiar to children all over the world.

An Anthropology of Biomedicine Margaret Lock, Vinh-Kim Nguyen, 2018-01-09 In this fully revised and updated second edition of *An Anthropology of Biomedicine*, authors Lock and Nguyen introduce biomedicine from an anthropological perspective, exploring the entanglement of material bodies with history, environment, culture, and politics. Drawing on historical and ethnographic work, the book critiques the assumption made by the biological sciences of a universal human body that can be uniformly standardized. It focuses on the ways in which the application of biomedical

technologies brings about radical changes to societies at large based on socioeconomic inequalities and ethical disputes, and develops and integrates the theory that the human body in health and illness is not an ontological given but a moveable, malleable entity. This second edition includes new chapters on: microbiology and the microbiome; global health; and, the self as a socio-technical system. In addition, all chapters have been comprehensively revised to take account of developments from within this fast-paced field, in the intervening years between publications. References and figures have also been updated throughout. This highly-regarded and award-winning textbook (Winner of the 2010 Prose Award for Archaeology and Anthropology) retains the character and features of the previous edition. Its coverage remains broad, including discussion of: biomedical technologies in practice; anthropologies of medicine; biology and human experiments; infertility and assisted reproduction; genomics, epigenomics, and uncertain futures; and molecularizing racial difference, ensuring it remains the essential text for students of anthropology, medical anthropology as well as public and global health.

The Committed Viet Thanh Nguyen, 2021-03-02 The long-awaited follow-up to the Pulitzer Prize-winning *The Sympathizer*, which has sold more than one million copies worldwide, *The Committed* follows the man of two minds as he arrives in Paris in the early 1980s with his blood brother Bon. The pair try to overcome their pasts and ensure their futures by engaging in capitalism in one of its purest forms: drug dealing. Traumatized by his reeducation at the hands of his former best friend, Man, and struggling to assimilate into French culture, the *Sympathizer* finds Paris both seductive and disturbing. As he falls in with a group of left-wing intellectuals whom he meets at dinner parties given by his French Vietnamese “aunt,” he finds stimulation for his mind but also customers for his narcotic merchandise. But the new life he is making has perils he has not foreseen, whether the self-torture of addiction, the authoritarianism of a state locked in a colonial mindset, or the seeming paradox of how to reunite his two closest friends whose worldviews put them in absolute opposition. The *Sympathizer* will need all his wits, resourcefulness, and moral flexibility if he is to prevail. Both highly suspenseful and existential, *The Committed* is a blistering portrayal of commitment and betrayal that will cement Viet Thanh Nguyen’s position in the firmament of American letters.

Things We Lost to the Water Eric Nguyen, 2022-04-26 A captivating novel about an immigrant Vietnamese family who settles in New Orleans and struggles to remain connected to one another as their lives are inextricably reshaped. This stunning debut is vast in scale and ambition, while luscious and inviting ... in its intimacy” (The New York Times Book Review). When Huong arrives in New Orleans with her two young sons, she is jobless, homeless, and worried about her husband, Cong, who remains in Vietnam. As she and her boys begin to settle in to life in America, she continues to send letters and tapes back to Cong, hopeful that they will be reunited and her children will grow up with a father. But with time, Huong realizes she will never see her husband again. While she attempts to come to terms with this loss, her sons, Tuan and Binh, grow up in their absent father's shadow, haunted by a man and a country trapped in their memories and imaginations. As they push forward, the three adapt to life in America in different ways: Huong gets involved with a Vietnamese car salesman who is also new in town; Tuan tries to connect with his heritage by joining a local Vietnamese gang; and Binh, now going by Ben, embraces his adopted homeland and his burgeoning sexuality. Their search for identity--as individuals

and as a family--threatens to tear them apart, until disaster strikes the city they now call home and they are suddenly forced to find a new way to come together and honor the ties that bind them.

Chemistry for Breakfast Mai Thi Nguyen-Kim, 2021-04-13 FINALIST for the Subaru Prize for Excellence in Science Books “This book shows that chemistry is not just relevant to life; it’s really, really interesting.”—Foreword Reviews, STARRED review A perfect book for readers of *The Physics of Everyday Things* and *Storm in a Teacup* Have you ever wondered why your alarm clock sends you spiraling? Or how toothpaste works on your teeth? Why do cakes and cookies sometimes turn out dry? (Hint: you may not be adding enough sugar.) In *Chemistry for Breakfast*, award-winning chemist and science communicator Mai Thi Nguyen-Kim reveals the amazing chemistry behind everyday things (like baking and toothpaste) and not-so-everyday things (like space travel). With a relatable, funny, and conversational style, she explains essential chemical processes everyone should know—and turns the ordinary into extraordinary. Over the course of a single day, Mai shows us that chemistry is everywhere: we just have to look for it. In the morning, her partner’s much-too-loud alarm prompts a deep dive into biological clocks, fight-or-flight responses, and melatonin’s role in making us sleepy. Before heading to the lab, she explains how the stress hormone cortisol helps wake us up, and brews her morning coffee with a side of heat conduction and states of matter. Mai continues her day with explainers of cell phone technology, food preservation, body odor, baking, the effects of alcohol, and the chemistry behind the expression “love drunk.” All the while, she shows us what it’s really like to be a working chemist, and fights against the stereotype of a nerd playing with test tubes in a lab coat. Filled with charming illustrations, laughter, and plenty of surprises, *Chemistry for Breakfast* is a perfect book for anyone who wants to deepen their understanding of chemistry without having prior knowledge of the science. With Mai as your guide, you’ll find something fascinating everywhere around you.

Ghost in the Stalks Kimberly Nguyen, 2019-11-04 In her new earth-shattering poetry collection, Kimberly boldly confronts identity, history, politics, and language at the intersections of colonialism, intergenerational trauma, and conflict. The poems are both visually stunning and form-defying, breathing life into language that is delightfully haunting and becomes the ghosts in the stalks. The poems' etymological focus and brave willingness to return to the source of trauma redefines and re-appropriates what it means to return to one's roots and forces the dead past into a painful present.

New Waves Kevin Nguyen, 2022-07-12 A wry and poignant debut novel about a man's search for true connection that is "both knowing and cutting, a satire of internet culture that is also a moving portrait of a lost human being" (Los Angeles Times). "A knowing and thought-provoking exploration of love, modern isolation, and what it means to exist—especially as a person of color—in our increasingly digital age."—Celeste Ng, bestselling author of *Everything I Never Told You* and *Little Fires Everywhere* ONE OF THE BEST BOOKS OF THE YEAR—NPR, The New York Public Library, Parade, Kirkus Reviews Lucas and Margo are fed up. Margo is a brilliant programmer tired of being talked over as the company's sole black employee, and while Lucas is one of many Asians at the firm, he's nearly invisible as a low-paid customer service rep. Together, they decide to steal their tech startup's user database in an attempt at revenge. The heist takes a sudden turn when Margo dies in a car accident, and Lucas is left reeling, wondering what to do with their secret—and wondering whether her death really was an accident. When Lucas hacks into Margo's computer looking for answers, he is drawn into her private online life and realizes just how little he knew about his best friend. With a fresh voice, biting humor, and piercing observations about human nature, Kevin Nguyen brings an insider's knowledge of the tech industry to this imaginative novel. A pitch-perfect exploration of race and startup culture, secrecy and surveillance, social media and friendship, *New Waves* asks: How well do we really know one another? And how do we form true intimacy and connection in a tech-obsessed world? Praise for *New Waves* "Nguyen's stellar debut is a piercing assessment of young adulthood, the tech industry, and racism. . . . Nguyen impressively holds together his overlapping plot threads while providing incisive criticism of privilege and a dose of sharp humor. The story is fast-paced and fascinating, but also deeply felt; the effect is a page-turner with some serious bite."—Publishers Weekly (starred review) "A blistering sendup of startup culture and a sprawling, ambitious, tender debut."—Kirkus Reviews (starred review)
