**Video Game Art Reader** Tiffany Funk, 2024-02-27 Many ambitious and experimental game forms don't fit into the digital download or retail distribution channels that support so-called "traditional" video games. Instead, these games are supported by a new global movement in video game curation. This special edition of the Video Game Art Reader features an international collaboration of video game professionals working together to create a resource for game exhibition organization, design, and curation. Professionals, artists, and others who organize and curate video game exhibitions and events act within a rhizomatic network of methods, missions, and goals. They establish organizations like galleries, collectives, and non-profits. Methods of sharing video games as critical cultural phenomena continue to evolve and expand. Conceived during the first meeting of GAIA (Game Arts International Assembly), the Game Art Curators Kit documents and shares the collective experience of an international network of video game curators and organizers. Sharing practical tips on everything from accessibility to preservation, the book also serves as a guide to support a new global movement in video game curation.

**Computer Music Modeling and Retrieval. Sense of Sounds** Richard Kronland-Martinet, 2008-07-17 This book constitutes the thoroughly refereed post-conference proceedings of the 4th International Computer Music Modeling and Retrieval Symposium, CMMR 2007, held in Copenhagen, Denmark, in August 2007

jointly with the International Computer Music Conference 2007, ICMC 2007. The 33 revised full papers presented were carefully selected during two rounds of reviewing and improvement. Due to the interdisciplinary nature of the area, the papers address a broad variety of topics in computer science and engineering areas such as information retrieval, programming, human computer interaction, digital libraries, hypermedia, artificial intelligence, acoustics, signal processing, etc. CMMR 2007 has put special focus on the Sense of Sounds from the synthesis and retrieval point of view. This theme is pluridisciplinary by nature and associates the fields of sound modeling by analysis, synthesis, perception and cognition.

**Just Garret** Garret FitzGerald, 2014-06-27 In Just Garret, Dr. FitzGerald writes frankly about his upbringing, his parents, his involvement in the Independence movement, their disagreements about the Treaty, his early years in school and college and his gradual entry into politics. He reflects honestly on his time as minister for Foreign Affairs, and later on his tenure as Taoiseach. The book includes new material and opinion on key figures such as Charles Haughey, Margaret Thatcher and John Major, as well as his role in the emerging peace in Northern Ireland, Ireland's role in the EU and Garret's advocacy in the referendas on the European Union also feature. His memoir gently lifts the layers of his public life back to reveal a much-cherished family life and the huge influence his wife Joan had on his career, rendering a portrait of an informal, humane and witty person who was an ever compelling

voice in Irish public affairs right up until his passing in May, 2011.

**Ambiguous Republic** Diarmaid Ferriter, 2012-11-01 Hard-nosed scholarship and moral passion underpin Diarmaid Ferriter's work. Now he turns to the key years of the 70s, when after half a century of independence, questions were being asked about the old ways of doing things. Ambiguous Republic considers the widespread social, cultural, economic and political upheavals of the decade, a decade when Ireland joined the EEC; when for the first time a majority of the population lived in urban areas; when economic challenges abounded; which saw too an increasingly visible feminist moment, and institutions including the Church began to be subjected to criticism. Diarmaid Ferriter's earlier books have been described as 'a landmark' and 'an immense contribution'; making 'brilliant use of new sources'; 'prodigiously gifted', and 'ground-breaking'. All those words apply to this important book based on recently opened archives and unique access to the papers of Jack Lynch and Liam Cosgrave.

Scottish werewolf, used magic to steal Charlotte Carver's memories to protect her. But as she begins to remember little things and their sizzling passion heats up, will temptation bring her closer to the truth? (Bookbub) Magic, Mischief & Kilts! A modern-day Scottish paranormal romance by NYT Bestselling Author Michelle M. Pillow. Charlotte Carver is going insane—suffering everything from memory loss to hallucinations, to phantom conversations she can't recall having. Something tells her it's not a coincidence that it all started when the MacGregor family moved to town, and the one person who knows what's going on is the last person Charlotte would ask for help. Her new landlord, Niall MacGregor, is not the most approachable man but that hasn't stopped the brooding Scottish biker from invading her dreams. When Charlotte's memories start to return, she's not sure she can trust what they are telling her. If magic does exist, then is her attraction to Niall just an illusion? Motorcycle riding werewolf, Niall MacGregor is the longtime supernatural enforcer for his warlock family. He has regretted more than a few things that he's done in the name of duty, but taking Charlotte's memories ranks as one of the worst. It was necessary, to both protect his magical family and save Charlotte's sanity. But the intimate glimpse into her mind has only made him want things he can never have—including the love of the gorgeous, brave woman herself. Something from Niall's past has come back to threaten everything he holds dear. From the Highlands of Scotland to the valleys of Wisconsin... Book Five of the Warlocks MacGregor® series by NY

About the Warlocks MacGregor® Series People know magic is fake--card tricks and illusions, magicians and entertainers. But there is an older magick, a powerful force hidden from modern eyes, buried in folklore and myths, remembered by the few who practice the old ways and respect the lessons of past generations. The term warlock is a variation on the Old English word waerloga, primarily used by the Scots. It meant traitor, monster or deceiver. This fiction-based family includes males and females of magick. The MacGregors do not agree with how history has labeled them, or other supernaturals. To them, warlock means magick, family, and immortality. This series is not a portrayal of modern-day witchcraft or those who hold such beliefs. The MacGregors are a magickal class all their own. Warning: Contains yummy, hot, mischievous MacGregors who are almost certainly up to no good on their quest to find true love. And Uncle Raibeart. Praise For Spirits and Spells 5 Stars! I love this series about the modern day warlock MacGregor family. Michelle weaves a magical story which keeps you hooked from page one. Lesley Boon, Bookbub (2021) 5 Stars! From the beginning of the book, I was interested. The story line is so refreshing. I would definitely recommend this book to everyone. K Bradbury, Bookbub (2021) 5 Stars! This story has it all, humor, action, romance, magic, danger, and

mystery. There is a great plot with terrific characters. Don't miss this terrific series! Four Letters of Love Niall Williams,2015-11-03 Nicholas Coughlan is twelve years old when his father, an Irish civil servant, announces that God has commanded him to become a painter. He abandons the family and a wife who is driven to despair. Years later, Nicholas's own civil-service career is disrupted by tragic news: his father has burned down the house, with all his paintings and himself in it. Isabel Gore is the daughter of a poet. She's a passionate girl, but her brother is the real prodigy, a musician. And yet this family, too, is struck by tragedy: a seizure leaves the boy mute and unable to play. Years later, Isabel will continue to somehow blame herself, casting off her own chances for happiness. And then, the day after Isabel's wedding to man she doesn't love, Nicholas arrives on her western isle, seeking his father's last surviving painting. Suddenly the winds of fortune begin to shift, sweeping both these souls up with them. Nicholas and Isabel,

it seems, were always meant to meet. But it will take a series of chance events--and perhaps, a proper miracle--to convince both to follow their hearts to where they're meant to be.

**Full Disclosure** Elle Keaton, Niall didn't want to know. He thought he didn't care what had happened to his mother after she disappeared all those years ago. But, the past has a way of rising from the, er, dead when least expected. Niall regrets answering that mid-morning phone call. In the past few years, Niall's learned to open up his heart an inch or two. He doesn't like it one bit, but it's proving impossible to slam it shut again. Of course, his beloved husband, Mat, and the few people he thinks of as friends rally around him after he learns Ana's remains have been found--but will they be enough? Will the discovery bring him closure, or will it open a whole new can of worms? Niall's guess is worms, but he's a glass-half-full guy. Full Disclosure is a Veiled Intentions novella set a few years after Black Moon.

It is book four in the series and cannot be read as a standalone.

Long Shadow Elle Keaton, 2020-05-07 Niall's known nothing but betrayal. All Mat wants is Niall's heart. Mat and Niall are stronger together than apart. When will Niall realize that truth? Will he ever? Since the night on the beach Niall's been avoiding Mat like a bad case of the flu--which, ironically, most of his deputies have come down with. What will it take for Niall to truly believe Mat wants him for who he is? Mat's overworked, Niall's unnerved, and then things really go sideways. Someone wants the sheriff dead. Niall's not about to let that happen, even if he doesn't think Mat should waste time on him. Will Niall unlock the fortress around his heart, or will he push Mat away permanently? Long Shadow is a dual POV about a broody introvert and a somewhat patient Sheriff. Mat's going to have to prove to Niall he's the man for him. The Veiled Intentions trilogy follows the same couple as they find their way to their happily ever after.

**The Unrequited** Niall Williams, 2006 Part of Picador Shots, a series of pocket-sized books, this work opens with the arrival in Oslo of Raphael Newell, a Dublin accountant. Ray has come to Norway to find the married woman he has fallen in love with. Recounting the couple's first meeting alongside Ray's Norwegian quest, this is a love story and fable.

**One of Us Will Be Dead by Morning** David Moody, 2017-12-05 In One of Us Will Be Dead by Morning, David Moody returns to the world of his Hater trilogy with a new fast-paced, and wonderfully dark story about humanity's fight for

survival in the face of the impending apocalypse. The fewer left alive, the higher the stakes. Kill the others, before one of them kills you. Fourteen people are trapped on Skek, a barren island in the middle of the North Sea somewhere between the coasts of the UK and Denmark. Over the years this place has served many purposes—a fishing settlement, a military outpost, a scientific base—but one by one its inhabitants have abandoned its inhospitable shores. Today it's home to Hazleton Adventure Experiences, an extreme sports company specializing in corporate team building events. Life there is fragile and tough. One slip is all it takes. A momentary lapse leads to a tragic accident, but when the body count quickly starts to rise, questions are inevitably asked. Are the deaths coincidental, or something else entirely? Those people you thought you knew, can you really trust them? Is the person standing next to you a killer? Will you be their next victim? A horrific discovery changes everything, and a trickle of rumors becomes a tsunami of fear. Is this the beginning of the end of everything, or a situation constructed by the mass hysteria of a handful of desperate and terrified people?

*Reason To Believe* Jessica Barksdale Inlan, 2008-06-24 Meet Rufus Valasay. As a member of Les Croyants des Trois, a powerful clan of telepaths and healers, he is sworn to protect the ordinary world of the Moyenne. But now, with his memory gone and danger approaching, Rufus has nothing to go on but

his passionate feelings for the only person he can trust . . . Make Me Remember He wakes in the cold streets of Edinburgh-no name, no memory, nothing but the certain fear that he has made a terrible mistake and left someone in danger. But should he trust the stranger with the blue eyes and blonde hair who offers him a warm place to stay? With a name like Fabian Fair, how could he not? Her quick smile, her lush curves, and the kindness in her voice stir a hunger he can't ignore. At least he hasn't forgotten how to bring a woman exquisite pleasure. Or-alarmingly-how to read her deepest thoughts . . . With each caress and soulful kiss, his memory returns, making him wish he could forget again. For he is no ordinary mortal, but a Croyant, a magic man, and the danger he faces is very real. Someone is coming for him, someone who will harm anyone to get to him and his kind. But he doesn't intend to make the same mistake twice, or let go of his only reason to believe . . .
