Two Dads and Three Girls Nick (Yu) He, 2019-06-07 One hundred percent made in China, Nick (Yu) grew up in an environment where being gay was not an option. The expectation from his parents and pressure from the society molded him into the best student and best employee. He made his family proud. But deep inside, he knew that something was missing, and he was different. In this memoir, Nick (Yu) takes readers on his journey from growing up as a confused straight boy from China to today having a lovely husband and three girls through surrogacy. He invites readers to the experiences that he would rather have forgotten - from being sexually harassed by his desk-mate in middle school, through depression and a one-night stand in college, to losing a baby during pregnancy. With ultimate honesty and absolute vulnerability, Nick shares the happiness and sadness on the journey to come out to himself, his parents and friends; learn about gay culture in America, cherish his Chinese heritage, find his first love, and create a family through surrogacy and the help of many amazing people. *Two Dads and Three Girls* is a celebration of courage and love. It challenges each of us to dig deep into our soul to find what matters most to us, gain courage through the stories, and live our lives in truth.

**Total Quality in Marketing** Frank Voehl, 2017-10-06 Total Quality in Marketing integrates the two areas of marketing and quality management and demonstrates how they are mutually compatible and complementary. Its primary focus is to assist managers in applying total quality principles to the overall marketing management process-preparing for a more highly competitive marketplace. Practical guidelines and processes are offered on how quality initiatives impact planning, organization, implementation, and quality control. This unique and valuable book presents a systems approach to quality-how to operationalize in the context of both the management and marketing cycles. It demonstrates how to establish effective team-based practices as well as describes the pitfalls of quality programs that are introduced as stand-alone programs without any linkage to overall strategy. This useful new book serves as a teaching tool and comprehensive reference source for integrating total quality. Case studies, exercises and chapter profiles also provide excellent support materials.

**Contemporary German-Chinese Cultures in Dialogue** Haina Jin, Anna Stecher, Rebecca Ehrenwirth, 2023-05-16 This book provides a unique perspective on contemporary German and Chinese cultural encounters. Moving away from highlighting exchanges between the two countries in terms of colonial connections, religious influences and philosophical impacts, the book instead focuses on the vast array of modern cultural dialogues that have influenced both countries, especially in literature, theatre and film. The book discusses issues of translation, adaptation, and reception to reveal a unique cultural relationship. The editors and contributors examine the existing programs and strategies for cultural interchange, and analyse how these shape or have shaped intercultural dialogue, and what kind of intercultural exchange is encouraged. This book is of interest to students and researchers of film and media studies, Sinophone studies, transnational studies, cultural studies and social and cultural anthropology.

**Mathematical Literacy** Yvette Solomon, 2008-12-15 Why do so many learners,

even those who are successful, feel that they are outsiders in the world of mathematics? Taking the central importance of language in the development of mathematical understanding as its starting point, *Mathematical Literacy* explores students' experiences of doing mathematics from primary school to university - what they think mathematics is, how it is presented to them, and what they feel about it. Building on a range of theory which focuses on community, knowledge, and identity, the author examines two particular issues: the relationship between language, learning, and mathematical knowledge, and the relationship between identity, equity, and processes of exclusion/inclusion. In this comprehensive and accessible book, the author extends our understanding of the process of gaining mathematical fluency, and provides tools for an exploration of mathematics learning across different groups in different social contexts. *Mathematical Literacy's* analysis of how learners develop particular relationships with the subject, and what we might do to promote equity through the development of positive relationships, is of interest across all sectors of education—to researchers, teacher educators, and university educators.

**Eat the Pretty Ones** Nick Wedlake, 2009-08 This is the true story of what happens to a pretty little boy, and his brothers in the shadows. It is the suppressed story of the sexual exploitation of boys and young men. The number of boys being exploited, molested, abused, and beaten is actually astounding. This is the story of the separation of the soul from the flesh. How boys are taught to be strong, like the men who hurt them, even as most girls are taught to be weary of men; how the broken vessel of a man finds the boy...the boy he once was...with all the make-believe...with all the hope...

Theatre Histories Phillip B. Zarrilli, Gary Jay Williams, 2010 Providing a clear journey through centuries of European, North and South American, African and Asian forms of theatre and performance, this introduction helps the reader think critically about this exciting field through fascinating yet plain-speaking essays and case studies.

*The Routledge Companion to Performance-Related Concepts in Non-European Languages* Erika Fischer-Lichte, Torsten Jost, Astrid Schenka, 2024-05-31 Investigating more than 70 key concepts relating to the performing arts in more than six non-European languages, this volume provides a groundbreaking research tool and one-of-a-kind reference source for theatre, performance and dance studies worldwide. The Companion features in-depth explorations of and expert introductions to a select number of performance-related key concepts in Arabic, Chinese, Japanese, Korean, Yorùbá as well as the Indian languages Sanskrit, Hindi and Tamil. Key concepts—such as *Furğa* فرجة in Arabic, for example, or *Jiadingxing* 加定兴 in Chinese, *Gei* 芸 in Japanese, *Ìparadà* in Yorùbá and *Imyeon* 임연 in Korean—that defy easy translation from one language to another (and especially into English as the world's lingua franca) and that reflect culturally specific ways of thinking and talking about the performing arts are thoroughly examined in in-depth articles. Written by more than 60 distinguished scholars from around the globe, the articles describe in detail each concept's dynamic history, its flexible scope of meaning and current range of usage. The Companion also includes extensive introductions to each language section, in which internationally renowned experts explain how the presented key concepts are situated within, and are constitutive of, distinct and dynamic epistemic systems that have different yet always interlinked

Joseph and Doran's husband, the late Antony Sher, as well as seminal practitioners such as Cicely Berry, John Barton and Terry Hands. The book also includes 16 striking pages with stills from some of the RSC plays. Through Doran's account of this extraordinary journey, we see how Henry VIII, initially regarded as a poisoned chalice, became his lucky break; how the tragedy of 9/11 unfolded during a matinee of King John and how the language of the play went some way in helping to articulate the unfathomable; how a RSC supporter bequeathed their skull to the company to be used as Yorick in Hamlet; how meeting Nelson Mandela inspired the production of Julius Caesar; how Falstaff was introduced to China for the very first time; and how arachnophobia informed the production of Macbeth. This book uniquely captures the excitement, energy, surprises, joys and agonies of working on these greatest of plays; sheds new light on these plays through Doran's own research and discoveries made in the rehearsal room; and gives unprecedented access into the craft, life and loves of this exceptional director.

*For Whom the Horn Doth Honk* Bic Nibson, 2014-12-04 A ludicrous story about a farcical place. Yoxford University came to the attention of the press some years ago and was dubbed the home of the strange, the deranged and a small fortune. The university was only in the public eye for a few days then all returned to normal and no more was thought of the press reports, no more that is until the recent death of Professor Richard Chaleskins. The professor died a very bizarre death and apparently by suicide. This was shocking enough for all on campus but they were shocked further the next morning when many received a package in the post that Professor Charleskins had apparently posted just before he took his own life. The packages contained copies of a book he had written and had had privately and secretly printed. The book contained cloaked warnings that the historical press reports of Yoxfords small fortune had attracted the interest of organised crime and that they were now about to pounce. To add emphasis to his warning the copy he sent the universitys dean he renamed for whom the horn doth honk, it honks for thee Basil Friggwynt-Witt.

Artificial Life After Frankenstein Eileen Hunt Botting, 2020-12-18 Artificial Life After Frankenstein brings the insights born of Mary Shelley's legacy to bear upon the ethics and politics of making artificial life and intelligence in the twenty-first century. What are the obligations of humanity to the artificial creatures we make? And what are the corresponding rights of those creatures, whether they are learning machines or genetically modified organisms? In seeking ways to respond to these questions, so vital for our age of genetic engineering and artificial intelligence, we would do well to turn to the capacious mind and imaginative genius of Mary Wollstonecraft Shelley (1797-1851). Shelley's novels Frankenstein; or, The Modern Prometheus (1818) and The Last Man (1826) precipitated a modern political strain of science fiction concerned with the ethical dilemmas that arise when we make artificial life—and make life artificial—through science, technology, and other forms of cultural change. In Artificial Life After Frankenstein, Eileen Hunt Botting puts Shelley and several classics of modern political science fiction into dialogue with contemporary political science and philosophy, in order to challenge some of the apocalyptic fears at the fore of twenty-first-century political thought on AI and genetic engineering. Focusing on the prevailing myths that artificial forms of life will end the world, destroy nature, and extinguish love, Botting shows how Shelley modeled

ways to break down and transform the meanings of apocalypse, nature, and love in the face of widespread and deep-seated fear about the power of technology and artifice to undermine the possibility of humanity, community, and life itself. Through their explorations of these themes, Mary Shelley and authors of modern political science fiction from H. G. Wells to Nnedi Okorafor have paved the way for a techno-political philosophy of living with the artifice of humanity in all of its complexity. In *Artificial Life After Frankenstein*, Botting brings the insights born of Shelley's legacy to bear upon the ethics and politics of making artificial life and intelligence in the twenty-first century.

**Eileen Chang** Kam Louie, 2012-03-01 Eileen Chang (1920–1995) is arguably the most perceptive writer in modern Chinese literature. She was one of the most popular writers in 1940s Shanghai, but her insistence on writing about individual human relationships and mundane matters rather than revolutionary and political movements meant that in mainland China, she was neglected until very recently. Outside the mainland, her life and writings never ceased to fascinate Chinese readers. There are hundreds of works about her in the Chinese language but very few in other languages. This is the first work in English to explore her earliest short stories as well as novels that were published posthumously. It discusses the translation of her stories for film and stage presentation, as well as nonliterary aspects of her life that are essential for a more comprehensive understanding of her writings, including her intense concern for privacy and enduring sensitivity to her public image. The thirteen essays examine the fidelity and betrayals that dominate her alter ego's relationships with parents and lovers, informed by theories and methodologies from a range of disciplines including literary, historical, gender, and film studies. These relationships are frequently dramatized in plays and filmic translations of her work.

*Negotiating Shakespeare's Language in Romeo and Juliet* Lynette Hunter, Peter Lichtenfels, 2016-09-17 Through exciting and unconventional approaches, including critical/historical, printing/publishing and performance studies, this study mines Shakespeare's *Romeo and Juliet* to produce new insights into the early modern family, the individual, and society in the context of early modern capitalism. Inspired by recent work in cultural materialism and the material book, it also foregrounds the ways in which the contexts and the text itself become available to the reader today. The opening material on critical/historical approaches focuses on the way that readers have frequently read and played the text to explore issues that cluster around the family, marriage, gender and sexuality. Chapter two, on the ways that actors today inhabit character and create behaviour, provides intertextual comment on acting in the early modern period, and the connections between acting and social behaviour that inform self-image and the performance of identity both then and now. The third chapter on printing/publishing approaches to the text offers a detective story about the differences between Quarto One and Quarto Two, that focuses on the curious appearance in Quarto Two of material related to the law at word, phrase, line and scene level. The next three chapters integrate a close study of the language of the play to negotiate its potential significance for the present in the areas of: Family, Marriage, Gender and Sexuality; Identity, Individualism and Humanism; and the Law, Religion and Medicine. Among the startling aspects of this book are that it:  
- takes the part of Juliet far more seriously than other criticism has tended

to do, attributing to her agency and aspects of character that develop the part suddenly from girl to woman; - recognizes the way the play explores early modern identity, becoming a handbook for individualism and humanism in the private domestic setting of early capitalism; and - brings to light the least recognized element in the play at the moment, its demonstration of the emerging structures of state power, governance by law, the introduction of surveillance, detection and witness, and the formation of what we now call the 'subject'. The volume includes on DVD a scholarly edition with commentary of the text of *Romeo & Juliet*, which re-instates many of the original early modern versions of the play.

*Worlds Elsewhere* Andrew Dickson, 2016-04-05 There are 83 copies of the First Folio in a vault beneath Capitol Hill, the world's largest collection. Well over 150 Indian movies are based on Shakespeare's plays-more than in any other nation. If current trends continue, there will soon be more high-school students reading *The Merchant of Venice* in Mandarin Chinese than in early-modern English. Why did this happen-and how? Ranging ambitiously across four continents and 400 years, *Worlds Elsewhere* is an eye-opening account of how Shakespeare went global. Seizing inspiration from the playwright's own fascination with travel, foreignness and distant worlds, Dickson takes us on an extraordinary journey-from *Hamlet* performed by English actors tramping through Poland in the early 1600s to twenty-first century Shanghai, where Shashibiya survived Mao's Cultural Revolution to become an honored Chinese author. En route we visit Nazi Germany, where Shakespeare became an unlikely favorite, and delve into the history of Bollywood, where Shakespearian stories helped give birth to Indian cinema. In Johannesburg, we discover how Shakespeare was enlisted into the fight to end apartheid. In California, we encounter him as the most popular playwright of the American frontier. Both a cultural history and a literary travelogue, the first of its kind, *Worlds Elsewhere* explores how Shakespeare became the world's writer, and how his works have changed beyond all recognition during the journey--

*The Global and Local Appeal of Kneehigh Theatre Company* Catherine Trenchfield, 2022-07-25 This book explores Kneehigh Theatre Company's notions of "Brand Kneehigh", discussing how their theatrical style enjoyed local and global appeal, in relation to theories of globalisation, localisation and cultural exchange. It defines Kneehigh's theatrical brand, indicating Cornish cultural identity as a core component in conjunction with international influences. By looking at the history of this company, the book's analysis of key productions reflects on qualities attributed to "Brand Kneehigh" and considers the 'local' and 'global' nature of their work. The selection and review of productions examined here reveals the changes and reinventions Kneehigh have undergone to incorporate shifting interests and socioeconomic engagements. This book explores Kneehigh's ambitions to establish themselves as a company delivering material that is 'popular' in appeal, meeting the needs of a Cornish (local) community and an international (global) audience. However, tensions working between local and global interests are also

exposed, with an investigation into Kneehigh's own cited solution: their self-created performance space, the Asylum.
