Baron Von Ungern-Sternberg Nick Middleton,2001 Out of the wreckage of post-revolutionary Russia Baron von Ungern-Sternberg planned to conquer the largest empire the world has ever known. When he failed to get his hands on Russia, he set his sights on Mongolia, where he established a bizarre and brutal regime.

The Bloody Baron Nick Middleton,2001 It is 1921 and post-revolutionary Russia is being torn apart by civil war. Out of the wreckage rises a crazy, eagle-eyed Baron, who plans to conquer the largest empire the world has ever known. When he fails to get his hands on Russia, the Bloody Baron sets his sights on Mongolia. There, ably assisted by his two demented bodyguards, 'Teapot' and Colonel 'Dead Fish' Sepailoff, he establishes a bizarre and brutal regime, which promises success - only to backfire spectacularly in his face.

The Bloody White Baron James Palmer,2011-06-13 In the history of the modern world, there have been few characters more sinister, sadistic, and deeply demented than Baron Ungern-Sternberg. An anti-Semitic fanatic whose penchant for Eastern mysticism and hatred of communists foreshadowed the Nazi scourge that would soon overtake Europe, Ungern- Sternberg conquered Mongolia in 1919 with a ragtag force of White Russians, Siberians, Japanese, and native Mongolians. In the Bloody White Baron, historian and travel writer James Palmer vividly re-creates Ungern-Sternberg's spiral into ever-darker obsessions, while also providing a rare look at the religion and culture of the unfortunate Mongolians he briefly ruled.

Histoire Intime de la Russie Sous Les Empereurs Alexandre Et Nicolas Jean-Henri Schnitzler,1854

The Baron's Cloak Willard Sunderland,2014-05-08 Baron Roman Fedorovich von Ungern-Sternberg (1885–1921) was a Baltic German aristocrat and tsarist military officer who fought against the Bolsheviks in Eastern Siberia during the Russian Civil War. From there he established himself as the de facto warlord of Outer Mongolia, the base for a fantastical plan to restore the Russian and Chinese empires, which then ended with his capture and execution by the Red Army as the war drew to a close. In *The Baron's Cloak*, Willard Sunderland tells the epic story of the Russian Empire's final decades through the arc of the Baron's life, which spanned the vast reaches of Eurasia. Tracking Ungern's movements, he transits through the Empire's multinational borderlands, where the country bumped up against three other doomed empires, the Habsburg, Ottoman, and Qing, and where the violence unleashed by war, revolution, and imperial collapse was particularly vicious. In compulsively readable prose that draws on wide-ranging research in multiple languages, Sunderland re-creates Ungern's far-flung life and uses it to tell a compelling and original tale of imperial success and failure in a momentous time. Sunderland visited the many sites that shaped Ungern's experience, from Austria and Estonia to Mongolia and China, and these travels help give the book its arresting geographical feel. In the early chapters, where direct evidence of Ungern's activities is sparse, he evokes peoples and places as Ungern would have experienced them, carefully tracing the accumulation of influences that ultimately came together to propel the better documented, more notorious phase of his career. Recurring throughout Sunderland's magisterial account is a specific artifact: the Baron's cloak, an essential part of the cross-cultural uniform Ungern chose for himself by the time of his Mongolian campaign: an orangey-gold Mongolian kaftan embroidered in the Khalkha fashion yet outfitted with tsarist-style epaulettes on the shoulders. Like his cloak, Ungern was an imperial product. He lived across the Russian Empire, combined its contrasting cultures, fought its wars, and was molded by its greatest institutions and most volatile frontiers. By the time of his trial and execution mere months before the decree that created the USSR, he had become a profoundly contradictory figure, reflecting both the empire's potential as a multinational society and its ultimately irresolvable limitations.

A New Rival State? Alexander Massov,Marina Pollard,Kevin Windle,2018-10-18 *A New Rival State?* is a unique collection of dispatches written in 1857–1917 by the Russian consuls in Melbourne to the Imperial Russian Embassy in London and the Russian Foreign Ministry in St Petersburg. Written by eight consuls, they offer a Russian view of the development of the settler colonies in the late nineteenth century and the first years of the federated Commonwealth of Australia. They cover the federalist movement, the changing domestic political situation, labour politics, the treatment of the Indigenous population, the 'White Australia' policy, Australia's defensive capacity and foreign policy as part of the British Empire. The bulk of the material is drawn from the Russian-language collection *The Russian Consular Service in Australia 1857–1917*, edited by Alexander Massov and Marina Pollard (2014), using documents from the archive of the Russian Foreign Ministry.

The Correspondence of Victoria Ocampo, Count Keyserling and C. G. Jung Craig E. Stephenson,2022-12-06 *The Correspondence of Victoria Ocampo, Count Keyserling and C. G. Jung* centres on two pivotal meetings: Victoria Ocampo and Hermann von Keyserling's in 1929, and Ocampo and Carl Gustav Jung's in 1934. The first section of the book chronicles these encounters, which proved to be key moments in the lives of the players and had repercussions both private and public. The later sections consist of the correspondence and other writings that preceded and followed these meetings, translated from French, German, and Spanish, much of it for the first time. Jung framed Keyserling's account of the encounter with Ocampo as one of the most beautiful animus-anima stories I have ever heard. But that story, told here from the three points of view of the pioneering Argentine intellectual, the Baltic German philosopher, and the Swiss founder of analytical psychology, can also be read in the contexts of early-twentieth-century feminism and of gender and sexual politics, of the colonizing European gaze on the Americas, of Argentina and its cultural complexes, of typological impasses, and of Eros and the power of words. The fraught relationships and power dynamics among three influential figures will be of interest to analytical psychologists, historians of psychological disciplines and of South America, as well as general readers.

Warriors of the Rising Sun Robert B. Edgerton,1997 Throughout the Pacific theater of World War II, Allied prisoners were often starved, tortured, beheaded, even cannibalized by Japanese soldiers. Yet, during the Boxer Rebellion in China and the savage Russo-Japanese War of 1904-5, the Western press lauded the Japanese for their kindness to the enemy wounded and imprisoned. *Warriors of the Rising Sun* chronicles the Japanese military's transformation from honorable knights of Bushido into men of historic cruelty. At Home in Many Worlds Raoul David Findeisen,2009 This volume is dedicated to one of the founding figures of Israeli Chinese studies, Professor Irene Eber of The Hebrew University of Jerusalem. It assembles more than two dozen essays by colleagues from all over the world that reflect not only the wide range of her scholarly interests, but above all the fields of research which would not have been established without her and where her contributions will remain. Accordingly, the section *Philosophy in China and Intellectual History* discusses the thorny and complex

process of 'organizing the heritage', from the earliest constructed traditions in Han times around the beginning of our era, up to the debates on modernization in present-day China. After an excursion in Chinese Literature, much space is devoted to Translating the Bible in China, a topic on which her numerous studies have proved seminal and that deals with Chinese perceptions. As its complement, perceptions of China in systematic and historical perspective are at the core of the section devoted to Jewish Life and Letters in the World. The contributions share their approach of paying particular attention to the translation processes strictly speaking and to the hermeneutical process of understanding across time and space more generally. A comprehensive list of publications by Irene Eber concludes the volume.

Poésium Nicolas Ungern-sternberg,2024-02-14 La poésie touche l'âme et l'esprit de manière unique et profonde. Ce recueil se distingue par sa rareté et son originalité, invitant à un voyage à travers les émotions que nous éprouvons tout au long de notre vie. Les thèmes abordés sont profondément personnels. Mon aspiration est de résonner au cœur même de votre être. Ces poèmes sont une vibrante ode à l'existence. Une autre facette remarquable, et non des moindres, est que toutes les poésies ainsi que toutes les illustrations ont été générées par une intelligence artificielle. Vous découvrirez comment l'IA manipule les mots et les sens avec art. Sous ma direction, elle a réussi à transcrire avec une plume magnifique les émotions que je souhaite partager avec vous. Quel enchantement de voir des machines capter et illustrer les émotions humaines avec une telle finesse. Néanmoins, il est important de se rappeler que l'intelligence artificielle ne pourra jamais posséder l'Amour que nous ressentons, l'Amour que nous sommes.

Beasts, Men and Gods Ferdinand Ossendowski,2023-01-15 Baron Roman Nikolai Maximilian von Ungern-Sternberg was an anti-Bolshevik Lieutenant General in the Russian Civil War and then an independent warlord whose Asiatic Cavalry Division wrested control of Outer Mongolia from occupying Chinese forces in 1921.Ungern-Sternberg's attraction to esoteric Buddhism and his eccentric, often violent treatment of enemies as well as his own troops earned him the sobriquet the Mad Baron during the Russian Civil War. He was also an arch-Fascist pan-monarchist who aspired to restore the Russian monarchy under Michael Alexandrovich Romanov and revive the Great Mongol Empire under the rule of the Bogd Khan. During his short five month occupation of Outer Mongolia, Ungern-Sternberg imposed order on the capital Ikh Khüree through fear, intimidation, and brutal violence against opponents, particularly Bolshevik supporters.He is a living inspiration to those who still fight the same and eternal threat.

The Dew of Heaven Angelo Paratico,2016-11-01 An historical novel based on true events set in Hong Kong and Macau. The story unfolds with the sudden reappearance of a mysterious Holy Grail charged with an irresistible magic power.In Mongolia during the '20's, Stalin's henchmen razed lamaseries, burned libraries, and shot thousands of harmless lamas, smashing their precious artworks and sacred relics. They were seeking Genghis Khan's spiritual banner - the Khara Sulde. A steel trident with silver rings carrying the black mane of his warhorse, a relic that disappeared from the Shankh lamasery of Ovorkhangai Aimag, in Western Mongolia.The Japanese learned of Stalin's failure to find the relic and unsuccessfully searched during their botched attempt to invade Mongolia prior to WWII.Adolf Hitler consulted Swedish explorer, Sven Hedin, in an effort to locate it. Despite Hitler's success locating other ancient relics - such as Longinus' spear that pierced the heart of Jesus - he was unable to locate the Khara Sulde.Why then, has the Khara Sulde surprisingly resurfaced today in contemporary Hong Kong, and right into the hands of a strange Italian mogul? A very mysterious man known to the few who have met him as half godfather and half mystic?

A Generation of Revolutionaries Ben Eklof,Tatiana Saburova,2017-10-19 “Anyone interested in digging deeper into some of the less-examined facets of late imperial and early Soviet Russia will be well rewarded.” —American Historical Review Nikolai Charushin’s memoirs of his experience as a member of the revolutionary populist movement in Russia are familiar to historians, but A Generation of Revolutionaries provides a broader and more engaging look at the lives and relationships beyond these memoirs. It shows how, after years of incarceration, Charushin and friends thrived in Siberian exile, raising children and contributing to science and culture there. While Charushin’s memoirs end with his return to European Russia, this sweeping biography follows this group as they engaged in Russia’s fin de siècle society, took part in the 1917 revolution, and struggled in its aftermath. A Generation of Revolutionaries provides vibrant and deeply personal insights into the turbulent history of Russia from the Great Reforms to the era of Stalinism and beyond. In doing so, it tells the story of a remarkable circle of friends whose lives balanced love, family, and career with exile, imprisonment, and revolution.

Fred Barton and the Warlords' Horses of China Larry Weirather,2015-11-11 In the years before World War I, Montana cowboy Fred Barton was employed by Czar Nicholas II to help establish a horse ranch--the largest in the world--in Siberia to supply the Russian military. Barton later assembled a group of American rodeo stars and drove horses across Mongolia for the war-lords of northern China, creating a 250,000 acre ranch in Shanxi Province. Along the way, Barton became part of an unofficial U.S. intelligence network in the Far East, bred a new type of horse from Russian, Mongolian and American stock and promoted the lifestyle of the open range cowboy. Returning to America, he married one of the wealthiest widows in the Southwest and hobnobbed with Western film stars at a time when Hollywood was constructing the modern myth of the Old West, just as open range cowboy life was disappearing.

Genghis Khan and the Quest for God Jack Weatherford,2017-10-03 A landmark biography by the New York Times bestselling author of Genghis Khan and the Making of the Modern World that reveals how Genghis harnessed the power of religion to rule the largest empire the world has ever known. Throughout history the world's greatest conquerors have made their mark not just on the battlefield, but in the societies they have transformed. Genghis Khan conquered by arms and bravery, but he ruled by commerce and religion. He created the world's greatest trading network and drastically lowered taxes for merchants, but he knew that if his empire was going to last, he would need something stronger and more binding than trade. He needed religion. And so, unlike the Christian, Taoist and Muslim conquerors who came before him, he gave his subjects freedom of religion. Genghis lived in the 13th century, but he struggled with many of the same problems we face today: How should one balance religious freedom with the need to reign in fanatics? Can one compel rival religions - driven by deep seated hatred--to live together in peace? A celebrated anthropologist whose bestselling Genghis Khan and the Making of the Modern World radically transformed our understanding of the Mongols and their legacy, Jack Weatherford has spent eighteen years exploring areas of Mongolia closed until the fall of the Soviet Union and researching The Secret History of the Mongols, an astonishing document written in code that was only recently discovered. He pored through archives and found groundbreaking evidence of Genghis's influence on the founding fathers and his essential impact on Thomas Jefferson. Genghis Khan and the Quest for God is a masterpiece of erudition and insight, his most personal and resonant work.

European Elites and Ideas of Empire, 1917-1957 Dina Gusejnova,2016-06-16 Explores European civilisation as a concept of twentieth-century political practice and the project of a transnational network of European elites. This title is available as Open Access.

Horsemen of the Sands Leonid Yuzefovich,2018-10-30 Two novellas from one of the most exciting writers in contemporary Russia. Horsemen of the Sands gathers two novellas by Leonid Yuzefovich: Horsemen of the Sands and The Storm. The former tells the true story of R.F. Ungern-Shternberg, also known as the Mad Baltic Baron, a military adventurer whose intense fascination with the East drove him to seize control of Mongolia during the chaos of the Russian Civil War. The Storm centers on an unexpected emotional crisis that grips a Russian elementary school on an

otherwise regular day, unveiling the vexed emotional bonds and shared history that knit together its community of students, teachers, parents, and staff.
