Life in the Wrong Lane Greg Dobbs, 2009-08-20 The book is called Life in the Wrong Lane because that's where journalists live: in the one lane heading toward a catastrophe. Everyone who's normal is in the other lane, any other lane, going the other way. They're getting out. Although Dobbs's travels, first for ABC News and now for HDNet Television, have taken him to many troubled corners of the country and the world, Life in the Wrong Lane isn't a travel guide about exotic places or a contemporary history of the events he covered. Rather, it's about all the funny, bizarre, scary, stupid, dangerous, distasteful, unwise, and unbelievable things that journalists experience just getting to the point of reporting a story, experiences that possibly are even more interesting than the stories being covered, but which never become part of the stories they finally report to their audiences.

**Sentenced to Death** David Guest, 1996

**Towards Human Trafficking Prevention** Nicole Barrett, 2011

*The Spectacle of Death* Kristin Boudreau, 2006-04-04 In 1787, Benjamin Rush cautioned that public punishments were dangerous to the social and legal authority of the new nation. For Rush, irrepressible human sentiments all but guaranteed that public punishments would turn spectators against the institutions responsible for the punishments. Although public executions of criminals ended early in the 19th century, debate over the morality of capital punishment has continued to this day. In this unique and fascinating glimpse into public reactions to prominent executions, from colonial times to the 1990s, Kristin Boudreau focuses on the central role of populist, often ephemeral literary forms in shaping attitudes toward capital punishment. Surveying popular poems, ballads, plays, and novels, she shows that, at key times of social unrest in American history, many Americans have felt excluded by the political and legal processes, and have turned instead to inexpensive literary forms of expression in an attempt to change the course of history. Among the significant capital cases that the author discusses are: the Haymarket anarchist trial of 1886; the lynching of Leo Frank in 1914; the murder of Emmett Till in 1955 and its effects on the Civil Rights movement; Norman Mailer's treatment of the Gary Gilmore case in the 1979 novel, *The Executioner's Song*; and the 1998 execution of Karla Faye Tucker, a convicted murderer who became a born-again Christian on death row. In the concluding chapter, Boudreau examines contemporary writers, musicians, actors, and other artists who are using their artistic media to influence official policies of states that permit capital punishment. By examining these neglected texts, Boudreau brings to light a compelling story about ordinary Americans fighting an entrenched legal system at times of great national crisis.

**The Executioner's Song** Norman Mailer, 2012-05-08 Norman Mailer's Pulitzer Prize-winning and unforgettable classic about convicted killer Gary Gilmore now in a brand-new edition. Arguably the greatest book from America's most heroically ambitious writer, *THE EXECUTIONER'S SONG* follows the short, blighted life of Gary Gilmore who became famous after he robbed two men in 1976 and killed them in cold blood. After being tried and convicted, he immediately insisted on being executed for his crime. To do so, he fought a system that seemed intent on keeping him alive long after it had sentenced him to death. And that fight for the right to die is what made him famous. Mailer tells not only Gilmore's story, but those of the men and women caught in the web of his life and drawn into his procession toward the firing squad. All with implacable authority, steely compassion, and a restraint that evokes the parched landscape and stern theology of Gilmore's Utah. *THE EXECUTIONER'S SONG* is a trip down the wrong side of the tracks to the deepest source of American loneliness and violence. It is a towering achievement-impossible to put down, impossible to forget. (280,000 words)
