The Long Walk Home A.M. Keen,2017-11-08 In one single day the entire UK changed, and could never revert back to normality. Bombs detonated in every major city across England, releasing the little known 'Non Compos Mentis Virus,' and with it destroying seventy-five percent of the population. However, the virus didn't kill those who contracted it, but instead infected their minds and senses, turning them in to violent psychopaths that can feel no pain and also gave them a new goal in life; to destroy anyone who does not carry the same virus. Bucky Jackson awakes from a minibus crash that killed most of his school cricket team. Rescued by his friend Johnny, the remaining kids and teachers seek sanctuary inside a hardware shop in a small, Northamptonshire town. As the days pass, they decide to try for a safe zone at a football stadium a few towns away. With every step danger lurks, not only from the zombies that swarm the area in their thousands, but more so from the handful of people who survived the virus outbreak. As their journey continues, Bucky is looked to as a leader to help them reach their destination. They encounter killer clowns, hordes of the undead and an organised crime outfit as well as dealing with treachery within their own group. Bucky must learn to unite his team and teach them to rely on each other, as their journey may be longer than anticipated....

In this not so farfetched rendition of the future, we follow three characters as they are unsuspectingly pulled into a journey that spans the universe. All this will be yours and more when you peek inside this book. Read as science fiction, adventure, romance, and most of all, humor are seamlessly woven together in a dazzling tapestry that is Rose Star Runners. So join Ky, Will and Jina as they set forth on a quest to save the universe. Ky, Will, and Jina decide to get temporary jobs to deal with their mounting bills. That is when little Will catches a glimpse of a huge diamond. After much persuasion, Will convinces his comrades to steal the jewel. They are not the only ones with their eyes on the diamond. The Galactic Federal Bureau, an alien race called Arlians, an insane religious cult, and a whacked out cyborg named Locharp also has hopes of taking it. Our heroes must contend with them to successfully retrieve it, but as their efforts begin to pay off they find that there is much more to the diamond than meets the eye. Help Ky, Will and Jina along their galaxy spanning rat race to secure the diamond before all hope is lost and catch your first peek into the world of Rose Star.
