Contributions of Muslims to Indian Subcontinents Abul Hasan Ali Nadwi,2017-06-03 In 1951, on my return from an extensive tour of the Middle East, I was invited by the All India Radio to broadcast a series of talks in Arabic on Indian Muslims. These talks, luckily, were received favorably by some of the Indian missions lodged in that part of the world, and they suggested their publication in the form of a booklet. The All India Radio also broadcast them subsequently in some other languages and an international Arabic Journal, Muslims, of Damascus was good enough to bring them out in its columns in a number of installments. In the present compilation five new essays have, in all, been included which were not broadcast over the radio. These are: -Influence of Muslims on Indian Civilization -Role of Muslims in the Struggle for Freedom -Indo-Islamic Culture -Sufi-Saints of India and their Impact on Society -Current Difficulties and Problems It is hoped that the book, with these additions, will be read with interest among the educated circles of the various communities that go to make our people and prove of some value in reducing the ignorance and the attitude of indifference which exist in the sister-communities to wards the Muslims. It may, further, be helpful in promoting the growth of a broad, realistic, national perspective in the country it so badly needs today. It will also, perhaps, not be too much to expect that, apart from non- Muslim friends, many educated Muslims, too, will find in the.se pages something which will be new to them and will add to their knowledge about themselves and go some way, however little, towards ridding them of the inferior1ty complex they have developed lately, but for which there can be no justification. The Muslim are not only citizens of an equal status with anybody in India; they are also among its chief builders and architects, and hold position second to none among the peoples of the world for selfless service to the motherland. They gave to India and to the Indian civilization a new Jibe and a new dimension and awakened its people to a new set of moral and spiritual values. Every patch of its land and every particle of its soil bears the imprint of their greatness and is a monument to their industry, earnestness and creative genius. In every aspect of Indian life and civilizations can be seen evidences of their noble aestheticism and cultural richness.

Endurance Rick Broadbent,2016-04-21 Shortlisted for the William Hill Sports Book of the Year A runner must run with dreams in his heart. Emil Zatopek. In the summer of 1952 Emil Zatopek became the king of the running world with an unprecedented distance treble at the Olympic Games in Helsinki. Together with his wife Dana, who won another gold medal in the javelin, they were the embodiment of sporting romance. Born on the same day, they were champions on the same day too. Yet in 1968 this affable but eccentric Czech solider was betrayed by his Communist paymasters and cast out into wilderness. Hidden from world view, monitored by the secret police and forced to live in a caravan in mining country, he became the invisible hero. 'Endurance' is the first biography to document the remarkable rise, fall and rehabilitation of a man voted the 'greatest runner of all time' by 'Runner's World' in 2013. It is also the story of a golden age of sport played out against a backdrop of Cold War politics and paranoia. From the London Olympics of 1948 to Czech concentration camps, this is an uplifting and harrowing story of survival. As Emil rises to global fame, his old coach is locked up and tortured by StB henchmen. Their diverging paths expose the fickleness of popularity and eventually cross again when Zatopek's world is torn asunder. All both men can do is endure. The running world of this era is brought to life by dramatic accounts of Zatopek's great triumphs, manifold records and a rich collection of characters vying to dethrone him. In Britain the sharp-tongued Gordon Pirie falls foul of the media as he becomes obsessed with Zatopek and adopts increasingly-masochistic methods; mild-mannered marathon champion Jim Peters begins a quest that would make “women weep and grown men lose their lunch”. In France Alain Mimoun crawls from the bloody carnage of his war-time exploits to overcome racial snubs and become known as Zatopek's Shadow; and in the Soviet Union, the tragic figure of Vladimir Kuts is moulded into a brutal running machine at huge cost. Only Zatopek manages to bridge this East-West divide as a savage power struggle is fought in both the Olympic arena and in the corridors of power. Due to extensive access to those involved, including Dana herself, award-winning Times author Rick Broadbent has written a vivid history involving blood and guns and a love that sustained the cruellest twists of fate. From heady nights at White City to the brave resistance during the Prague Spring, this is a book that plants the son of a carpenter at the very centre of a revolution. Whether talking to his rivals on the track or Red Army troops as tanks roll into Prague, Zatopek's humanity shines through and carries all. With traces of 'Chariots of Fire' and Laura Hillenbrand's 'Unbroken', Endurance is both a wonderful love story and a landmark tale of hope and strength in the face of crushing opposition. It's at the borders of pain and suffering that the men are separated from the boys. Emil Zatopek
