

Obvious Idea

Edgar Allan Poe

In Search of the Obvious Jack Trout, 2008-12-22 This is the first book that states the obvious: Marketing is a mess. Marketing guru Jack Trout intends to make a lot of people, who made the mess, very uncomfortable: Advertisers are criticized as people who look for the creative and edgy, not the obvious. They will not be happy. Marketing people are criticized for getting hopelessly entangled in corporate egos and complicated projects. They will not be happy. Research people are criticized for generating more confusion than clarity. They will not be happy. Some big companies are criticized for their ill-fated marketing programs or lack of proper strategy. They will not be happy. Wall Street is criticized for putting too much emphasis on growth that is unnecessary and can be destructive to a brand. They will just ignore this criticism and continue trying to make as much money as they can. But this is a book not written to make people happy but to explain to marketers what their real problem is. Only then will they begin to look for the obvious solutions that will separate their products from their competitors -- in a way that is equally obvious to customers. All this comes with no jargon, no numbers, no complexity, and a great deal of common sense.

Thinking Beyond the Obvious Robert Mano, 2011-05-03 Business consultant Robert Mano has given many business owners hope. Formally a president of a multi-million dollar company but more importantly a small business owner, he has revitalized businesses with an easily understood concept. Successful businesses use it; most do not realize they are doing it. Once you read, "Thinking Beyond the Obvious," you will immediately grasp the simplicity of the concept and quickly recognize the driving factors of a successful business like never before. You will have an epiphany. Simply said, you will have that, "Wow! Why didn't I think about that?" moment. You will see each business, including your own, through a completely different and savvy pair of eyes. It will be like taking off the blinders. Simple yes. Exciting, absolutely. Thinking Beyond the Obvious will: Differentiate your business from every other business in the marketplace, Position your business for success, Transform your attitude from one of blank to one of "Wow, I can do this, Provide simple, proven ideas that you can immediately use to more effectively and efficiently compete in the marketplace. If you are looking for real world illustrations and practical insights on how to supercharge your business, and you are looking for that million-dollar idea to position your business for success, your search is over.

Beyond the Obvious Phil McKinney, 2012-02-07 The Killer Questions Your Company Should Be Asking Generating and executing great ideas is the key to staying ahead in a rapidly changing world. It seems so basic. Why is it so hard to actually get right? According to innovation expert Phil McKinney, the real problem is that we're teaching people to ask the wrong questions about their businesses--or none at all. There has to be a better way. In Beyond the Obvious, McKinney will help you use his proven FIRE (Focus, Ideation, Rank, Execution) Method to dig deeper and get back to asking the right questions--the ones all companies must ask to survive. Full of real-world examples, this book will change the way you operate, innovate, and create, and it all begins with battle-tested questions Phil has gathered on note cards throughout his career. Shared for the first time here, these Killer Questions include: What are the rules and assumptions my industry operates under? What if the opposite were true? What will be the buying criteria used by my customer in 5 years? What are my unshakable beliefs about what my customers want? Who uses my product in ways I never anticipated? These questions will reframe the way you see your products, your customers, and the way the two interact. Whether you're a company of thousands or a lean startup, Beyond the Obvious will give you the skills and easy-to-follow plan you need to make both the revolutionary changes and nuanced tweaks required for success. Praise for Beyond the Obvious Human beings are creatures of habit, so

getting ourselves and our teams to think beyond the obvious is a challenge we face all the time. Phil McKinney is an innovation expert, and his killer questions and hit-the-spot anecdotes provide a great way to get out in front of opportunities we otherwise won't see. -- Geoffrey Moore, author of *Crossing the Chasm* and *Escape Velocity* I've always believed that asking the right questions is the essence of design. Phil McKinney proves that point with this wonderful set of killer questions that will jumpstart-or greatly enhance- your innovation efforts. --B. Joseph Pine II, co-author, *The Experience Economy & Infinite Possibility*. Product Innovation is a prerequisite to building great brands. Phil's questions are a prerequisite to building innovative products. --Satjiv S. Chahil, former global marketing chief, Apple

The Obvious Diet Ed Victor, 2011-06-01 At last, a diet so obvious, it works! Literary agents are famous for lunching, and there is no more famous agent than Ed Victor. If Ed can lose twenty pounds in three months without changing his lifestyle, so can everyone! The Obvious Diet recognizes that the rules you make yourself are the rules you are most likely to stick to. It shows you how to devise an eating regimen that is based on avoiding your own particular weakness, whether that is carbohydrates, animal fats, or sugar. It works because, rather than imposing a rigid plan from on high, it allows you to mix and match elements from different diets to suit your own lifestyle. If you have tried many diets over the years but found they didn't work, then this is the book for you. With ideas and advice from Ed Victor's celebrity friends and clients, the book provides anecdotes and inspirational tips to help you stick to your plan. Mel Brooks, Anne Bancroft, Tina Brown, Sidney Sheldon, Andrew Lloyd Webber, and many more contribute their recipes and words of wisdom. Dieting has never been this interesting! Millions of Americans are overweight and want to do something about it. If a gourmand like Ed Victor can do it, so can you!

The Mysterious and Obvious in American Diplomacy Insur Farkhutdinov, 2020-07-09 The book analyses the origins of the idea of interference in the internal affairs of other states and preventive strike in international law, beginning with the Monroe Doctrine (1823). American diplomacy has not changed in principle in the last two centuries, and is still based on the Monroe doctrine. This is proven here through the study of the foreign policy of the vast majority of US presidents, from Monroe to Trump. As the book shows, one of the main tools of American domination throughout the world in the second half of the 20th century and the beginning of the 21st is the doctrine of the preventive strike and interference in the affairs of other states.

Designing the Obvious Robert Hoekman, 2011 *Designing the Obvious* belongs in the toolbox of every person charged with the design and development of Web-based software, from the CEO to the programming team. *Designing the Obvious* explores the character traits of great Web applications and uses them as guiding principles of application design so the end result of every project instills customer satisfaction and loyalty. These principles include building only what's necessary, getting users up to speed quickly, preventing and handling errors, and designing for the activity. *Designing the Obvious* does not offer a one-size-fits-all development process--in fact, it lets you use whatever process you like. Instead, it offers practical advice about how to achieve the qualities of great Web-based applications and consistently and successfully reproduce them. This latest edition updates examples to show the guiding principles of application design in action on today's web, plus adds new chapters on strategy and persuasion. It offers practical advice about how to achieve the qualities of great Web-based applications and consistently and successfully reproduce them.

Reports of Patent, Design, and Trade Mark Cases, 1921

Non-Obvious Rohit Bhargava, 2015 What do Disney, Bollywood, and The Batkid teach us about how to create celebrity experiences for our audience? How can a vending machine inspire world peace? Can being imperfect make your business more marketable? Can a

selfie improve one's confidence? When can addiction be a good thing? The answers to these questions may not be all that obvious. And that's exactly the point. For the past four years, marketing expert and Georgetown University Professor Rohit Bhargava has curated his best-selling list of non-obvious trends by asking the questions that most trend predictors miss. In this all-new fifth edition, discover what more than half a million other readers already have: how to use the power of non-obvious thinking to grow your business and make a bigger impact in the world. Non-Obvious also delves into the curation process the author has used for years to build his trend reports and takes readers behind the scenes of trend curation -- the art of adding meaning to isolated beautiful things. In the end Non-Obvious is a book that will show you how to think different, curate your ideas and get better at predicting what will be important tomorrow based on learning to observe patterns in the world today. -- From publisher's description.

A History of the Mishnaic Law of Appointed Times, Part 5 Jacob Neusner, 2007-04-01

Beyond the Obvious James B. De Young, Sarah L. Hurty, 2004-03-18 ...Bible students who have felt that earlier methods of interpreting the Bible, while orthodox and secure, result in rather unfruitful 'abstract meaning' will find exciting and challenging ideas in 'Beyond the Obvious'. Stephen A. Hayner, Peachtree Associate Professor of Evangelism and Church Growth, Columbia Theological Seminary Here is a stimulating, thoroughly evangelical, and orthodox challenge to the dominant evangelical paradigm of biblical interpretation known as the single meaning, authorial intent approach.... I believe the book is an impressive and convincing corrective to the one-sided emphasis of some evangelicals on single meaning authorial intent hermeneutics. Alan F. Johnson, Professor of New Testament and Christian Ethics, Wheaton College The authors offer a timely and vigorous challenge to the hermeneutical status quo among evangelicals.... The book will greatly clarify the issues in the current hermeneutical debate. David Fisher, Senior Minister of Colonial Church, Edina, MN This is a noteworthy and valuable effort for recognizing the implications of culture in hermeneutics. By making the Kingdom of God central, a whole Bible view of mission develops from this hermeneutic, deepening and broadening our understanding of God at work in the world. Donald K. Smith, Division of Intercultural Studies, Western Seminary

While this might not be the Obvious Idea full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Obvious Idea eBooks, including some popular titles.

FAQs About Obvious Idea Books

What is a Obvious Idea PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the

layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it.

How do I create a Obvious Idea PDF?

There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Obvious Idea PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Obvious Idea PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Obvious Idea PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" ->

"Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
