Técnicas de comunicación en restauración 2.ª edición PALOMO MARTÍNEZ,

MARÍA,2017-03-01 Este libro desarrolla los contenidos del módulo profesional de Técnicas de Comunicación en Restauración del Ciclo Formativo de grado medio de Servicios en Restauración, perteneciente a la familia profesional de Hostelería y Turismo. Por ello, se trata de un texto muy útil tanto para estudiantes y docentes como para profesionales de la restauración y todos aquellos que deseen conocer las técnicas básicas de comunicación o mejorar su conocimiento sobre ellas. Ante la cuestión de si el buen comunicador nace o se hace, se puede afirmar que la comunicación no solo es algo natural en el ser humano sino que se puede perfeccionar, pues tiene aplicaciones prácticas y eficaces tanto en el mundo laboral como en las relaciones personales. Por ello, los objetivos de esta obra pueden concretarse en los siguientes: en primer lugar, ofrecer algunos consejos que ayuden a mejorar nuestra comunicación; en segundo lugar, transmitir la importancia que en hoy día tiene el ser un buen comunicador. Además, en esta nueva edición se contemplan las novedades legislativas y normativas y se hace especial énfasis en el uso de las tecnologías de la información y la comunicación (TIC) en este ámbito, como las nuevas tecnologías aplicadas a la fidelización del cliente, el empleo de las redes sociales o el aprovechamiento de las tecnologías digitales para la organización de eventos. También se presta atención a los cambios por uso y costumbre en el orden de precedencias de las autoridades del Gobierno de España, entre otros. Asimismo, el manual ofrece numerosos recursos que favorecen el aprendizaje: útiles esquemas e imágenes, tablas, actividades resueltas y propuestas y cuadros de información importante y adicional. El mapa conceptual del final de cada unidad permite repasar y afianzar lo aprendido antes de ponerlo a prueba con las actividades finales de comprobación, de aplicación y de ampliación.

New Journalism Ecologies in East and Southern Africa Trust Matsilele,Shepherd Mpofo,Dumisani Moyo,2023-03-24 This volume presents case studies of news media employing and integrating social media into their news production practices. It links social media use to journalistic practices and news production processes in the digital age of the Global South. Critically, the chapters look at seminal cases of start-up news media whose content is informed by trends in social media, ethical considerations and participatory cultures spurred by the wide use of social media. There has been considerable research looking at the potential of new media technologies, traditional journalism and citizen reporting. The extent to which these new media technologies and ‘citizen journalism’ have morphed or reconfigured traditional journalism practice remains debatable. Currently, there are questions around the limits of social media in journalism practice as the ethical lines continue to become blurred. It is this conundrum of the role of social media in the reconfiguration of the media, news making, production and participatory cultures that requires more investigation. Social media has also turned the logic of the political economy of media production on its head as citizens can now produce, package and distribute news and information with shoestring budgets and in authoritarian regimes with no license of practice. This new political economy means the power that special interest groups used to enjoy is increasingly slipping from their hands as citizens take back the power to appropriate social media journalism to counter hegemonic narratives. Citizens can also perform journalistic roles of investigating and whistleblowing but with a lack off, or limited, regulation. This volume seeks to explore and untangle these issues, and provides an invaluable resource for researchers across the field of journalism, mass media, and communication studies.

Dando voz a la experiencia Belén Castaño Sánchez,2014-01-01 A estas alturas de la evolución socio-económica nadie duda que la riqueza de un país correlaciona muy directamente con la amplitud y calidad de su tejido empresarial. lo que sí ha cambiado, y lo va a seguir haciendo a velocidades crecientes, es el entorno general en el que se desenvuelven dichas empresas a través de los vectores disruptivos de la globalización y la tecnología. Aunque parezca que vivimos en [tiempos exponenciales], tal vez la filosofía de estos cambios no sea tan nueva como parece. ya confucio nos advertía que [Quién pretenda una felicidad y sabiduría constante, deberá acomodarse a frecuentes cambios] próLogo | 5

The Black and White "Smile" Cristian Marino, 2021-05-29 Special edition of the book - The Recipes of my Smile - totally in black and white . A strong story that tells one of the side effects of Covid-19 and how important it is to maintain an optimistic approach to life, always and in any case. 365 days of pandemic experienced by chef and traveler Cristian Marino. This book is not intended to be a cookbook, but rather a way to share my learning of this unusual year and confirming that optimistic life approach has helped me a lot and this could help you too. I am aware that we all faced difficult situations last year, but we have also learned a lot. Moreover, I am convinced that my story will also motivate or at least give you the clue to look at things from a different perspective and why not you will also have the chance to learn some of my culinary secrets. . In the first part of the book, I decided to tell about my misadventure locked up in a secret room-prison at the airport in Kuala Lumpur due to Covid-19 and of the longest 24 hours of my life. Next, I tell how my optimistic outlook on life reinforced by the recent work experience I had in Indonesia helped me stay fit. The 7 benefits I have had by totally eliminating alcohol from my diet. In the middle of the book, I describe 12 recipes, that I cooked during lockdown as you may have seen on the videos published last year on my social media channels. Where you will learn among other things: My secret to lemon and prawn risotto (on the cover) The recipe of my favorite whole wheat pizza Healthy version of eggplant parmigiana How to make homemade gnocchi How to cook (double fried) French fries like a professional The secret to prepare homemade mayonnaise in 3 minutes How to cook the perfect seafood spaghetti How to obtain a perfect poached egg. . As you can see dear reader friends, I did not miss almost anything and all the recipes in this book were done not in a professional kitchen but in a simple home kitchen during the quarantine time in Bucharest. Mine is pure personal testimony of the benefits I have had during the year thanks to three simple habits: A balanced diet No Alcoholic drinks A little of physical activity in my daily routine (No hard work) Which helped me stay calm, keep an optimistic outlook on life and then focus on reinventing myself once again in my work. You are now ready to enter my personal world through this book, let's go and find out together: The Recipes of my Smile in black and white !
