Vintage Tattoo Flash Jonathan Shaw, 2016-04-12 Vintage Tattoo Flash is a one-of-a-kind visual exploration of the history and evolution of tattooing in America. A luscious, offset-printed, hardcover tome—a beautiful and serious addition to the understanding of one of the world's oldest and most popular art forms. Electric tattooing as we know it today was invented in New York City at the turn of the 19th century. In the first days of American tattooing, tattoos were primarily worn by sailors and soldiers, outlaws and outsiders. The visual language of what came to be known as traditional tattooing was developed in those early days on the Bowery and catered to the interests of the clientele. Common imagery that soon became canon included sailing ships, women, hearts, roses, daggers, eagles, dragons, wolves, panthers, skulls, crosses, and popular cartoon characters of the era. The first tattooists also figured out that using bold outlines, complimented by solid color and smooth shading, was the proper technique for creating art on a body that would stand the test of time. In the over 100 years since then, techniques and styles have evolved, and the customer base has expanded, but the core subject matter and philosophy developed at the dawn of electric tattooing has persisted as perennial favorites through the modern era. While most tattoos are inherently ephemeral, transported on skin until the death of the collector, a visual record exists in the form of tattoo flash: the hand-painted sheets of designs posted in tattoo shops for customers to select from. Painted and repainted, stolen, traded, bought and sold, these sheets are passed between artists through one channel or another, often having multiple useful lives in a variety of shops scattered across time and geography. The utility of these original pieces of painted art has made it so that original examples can still be found in use or up for grabs if you know where to look. Vintage Tattoo Flash draws from the personal collection of Jonathan Shaw—renowned outlaw tattooist and author—and represents a selection of over 300 pieces of flash from one of the largest private collections in existence. Vintage Tattoo Flash spans the first roughly 75 years of American tattooing from the 1900s Bowery, to 50s Texas, through the Pike in the 60s and the development of the first black and grey, single-needle tattooing in LA in the 70s. The book lovingly reproduces entirely unpublished sheets of original flash from the likes of Bob Shaw, Zeke Owen, Tex Rowe, Ted Inman, Ace Harlyn, Ed Smith, Paul Rogers, the Moskowitz brothers, and many, many others relatively known and unknown.

Traditional American Tattoo Design Jerry Swallow, 2008 The evolution of tattoo art in America is spread before you in 265 impressive original tattoo flash sheets and insightful text written by a tattoo artist who has designed on his own since 1960. Military, religious, figural, animal, and nature themes are displayed among the many hundred designs. Changes in tattoo art over the years is shown as well as the trend today to return to earlier designs. Individual artists are listed, along with others who altered designs. This book will be an endless source of inspiration, for those who are passionate about tattoo art.

Vintage Tattoos Carol Clerk, 2009-02-17 Tattoos have gone from badges of rebellion to fashion statements fully absorbed into mainstream culture. They are enjoying a renaissance, with graphic designers and artists creating specialty tattoos for a growing audience, unleashing a revival of interest in the bawdy vintage tattoo. Old school tattoos are being rediscovered (sometimes ironically, sometimes not) by a new generation. Originally embraced by rebels, sailors, and gangsters, these tattoos—broken hearts, naked girls, floral motifs, and maritime emblems—are now showing up on the fashion runway and in music videos. This book chronicles vintage motifs in thematic chapters interspersed with profiles of influential tattoo artists and their distinctive designs: Sailor Jerry Collins, Don Ed Hardy (the Godfather of Tattoos), Mike Rollo Banks Malone, Bert Grimm, Japan's Horiyoshi III, and Shanghai's Pinky Yun.

Vintage Tattoos Carol Clerk, 2022-07-21 Princes and prisoners, sailors and criminals, showgirls and soldiers – all have submitted to

the tattooist's art. Vintage Tattoos features over 500 retro designs of every style and subject matter, including nautical, patriotic, hearts and banners, circus, girls, animals, roses, daggers and symbols. Legendary rock journalist Carol Clerk's curation of the most iconic traditional ink designs also includes profiles of history's illustrious tattoo artists, as well as interviews with contemporary practitioners.

Paul Dobleman. My Traditional Vision. Ediz. Illustrata Paul Dobleman,2021

The New Old School Jakob Schultz,2015 This book focuses on the traditional (old school) style of tattooing and its ongoing impact on today's tattoo art. More than 300 stunning colour photos are combined with tattoo artists' personal explanations of why they love to work in the traditional style, and the artistic challenges that it poses today. For the fifteen tattoo artists in this book, the essence of real and true tattooing is the traditional one: bold lines, simple motifs, black and red colours tattoos built to last on the skin. From the early beginnings in the late 19th century among sailors, traditional tattoos have been developed further by today's tattoo artists. Neo-traditional, Americana, new school, old school the names are many, but all have that single common heritage: they are based on the simple lines created on the sailors' skins many years ago.

Vintage Tattoos Carol Clerk,2008 With its nautical symbolism, hearts and daggers, ribbon banners and scantily clad women, old-school tattoo designs reveal the history of an art form as well as a fascinating subculture. Showcasing the artistry inherent in authentic and historical 'flash' art, Vintage Tattoos explores the bold, colourful and enduringly popular designs that were perfected across two World Wars, delving into the colourful lives of the era's most famous practitioners. Each chapter focuses on a particular group of tattoos, beginning with the circus displays that kickstarted the golden age of vintage design, through maritime and patriotic emblems, and culminating in the current revival of this genre of tattoo art.--BOOK JACKET.

Vintage Tattoo Flash Volume 2 Jonathan Shaw, 2017-10-17 More of what people loved about the first volume! In Vintage Tattoo Flash: Volume 2, Jonathan Shaw unearths more gems from his extensive and world-renowned collection of traditional American tattoo art. Comprised entirely of previously unseen and unpublished work, Volume 2 picks up where the first volume left off-contributing a new and important body of work to the historical record of this outsider art form. Flash from the Bowery Cliff White,2011 Between these pages are images of the original acetate rubbings from Charlie Wagner's turn of the 20th century tattoo shop, The Black Eye Barbershop, in the Bowery at Chatham Square in New York. This is the only known art that has survived from this shop, where Samuel J. O'Reilley's modern-day electric tattoo machine was born and patented. The imagery of this classic flash preserves the origins of American tattoos, when tattoo art was transferred to the client from these templates via an acetate stencil. Everything was done by hand until O'Reilley's electrified tattoo machine changed history. This rich heritage of folk art has more than 900 individual pieces of flash that provide commentary on the shop's clientele and reveal some of the social, economic, and political ideas of the time. Including nautical themes, Asian imagery, flowers, boxers, circus characters, and plenty of girls, this is an exciting collection of early American flash and a necessary book for the tattoo artist, aficionado, and student.
