Opera 101 Fred Plotkin,2013-07-16 Opera is the fastest growing of all the performing arts, attracting audiences of all ages who are enthralled by the gorgeous music, vivid drama, and magnificent production values. If you've decided that the time has finally come to learn about opera and discover for yourself what it is about opera that sends your normally reserved friends into states of ecstatic abandon, this is the book for you. Opera 101 is recognized as the standard text in English for anyone who wants to become an opera lover--a clear, friendly, and truly complete handbook to learning how to listen to opera, whether on the radio, on recordings, or live at the opera house. Fred Plotkin, an internationally respected writer and teacher about opera who for many years was performance manager of the Metropolitan Opera, introduces the reader (whatever his or her level of musical knowledge) to all the elements that make up opera, including: A brief, entertaining history of opera; An explanation of key operatic concepts, from vocal types to musical conventions; Hints on the best way to approach the first opera you attend and how to best understand what is happening both offstage and on; Lists of recommended books and recordings, and the most complete traveler's guide to opera houses around the world. The major part of Opera 101 is devoted to an almost minute-by-minute analysis of eleven key operas, ranging from Verdi's thunderous masterpiece Rigoletto and Puccini's electrifying Tosca through works by Mozart, Donizetti, Rossini, Offenbach, Tchaikovsky, and Wagner, to the psychological complexities of Richard Strauss's Elektra. Once you have completed Opera 101, you will be prepared to see and hear any opera you encounter, thanks to this book's unprecedentedly detailed and enjoyable method of revealing the riches of opera.

Advances in Longitudinal Data Methods in Applied Economic Research Nicholas Tsounis,Aspasia Vlachvei,2021-03-31 This volume presents new methods and applications in longitudinal data estimation methodology in applied economic. Featuring selected papers from the 2020 the International Conference on Applied Economics (ICOAE 2020) held virtually due to the corona virus pandemic, this book examines interdisciplinary topics such as financial economics, international economics, agricultural economics, marketing and management. Country specific case studies are also featured.

Annual Report National Endowment for the Arts,1994 Reports for 1980-19 also include the Annual report of the National Council on the Arts.

Virginia Off the Beaten Path® Judy Colbert,2011-10-04 Virginia Off the Beaten Path features the things travelers and locals want to see and experience--if only they knew about them. From the best in local dining to quirky cultural tidbits to hidden attractions, unique finds, and unusual locales, Virginia Off the Beaten Path takes the reader down the road less traveled and reveals a side of Virginia that other guidebooks just don't offer.

  Places Rated Almanac David Savageau,2007 In this unique reference, every one of America's 379 metropolitan areas is rated by factors that are important to anyone considering a move. Divided into nine thoroughly researched main topics, this guide derives its information as much from private sources as government sources, providing a well-rounded description of all that each metro area has to offer: ambience, housing, jobs, crime, transportation, education, health care, recreation, and climate. With a personalized quiz to help determine the most important factors of an area, this ratings sourcebook provides a wealth of information for those looking to move and the armchair traveler alike.

  Musical America ,2004 Includes Directory: Foreign.
