**The Organized Songwriter** Simon Hawkins, 2020-11-06 Time is short. Ridiculously short. As songwriters, there are a million things that try to take us away from our precious time doing what we love doing - the beautiful craft of songwriting. *The Organized Songwriter - How to Create Space to Write Your Best Songs* offers fresh insights to help you be more productive. Just like a pro. Whether we realize it or not, many songwriters have this problem: Not enough time and space. Do any of these scenarios sound familiar? - You try to sit down to write a cool song but there are a million other things happening around you - family, friends, the dog, and a million other important things that need doing. Somehow you never seem to have the chance to do your best work as a songwriter. - You are an incredibly creative person, awash in a sea of paperwork filled with great songs. But you're drowning. And when you need your best ideas, they are lost. - You want to be a prolific songwriter but, just when you get the inspiration to write, there's not enough time to finish anything. - You have plenty of ideas, but you're lost when it comes to picking the right tools to write like a pro. - You have lots of material to take into a co-write, but when you look for a specific idea or lyric in your hook book you just can't find it. The opportunity to write your best ideas is lost. - You worry that life is moving way too fast for you to make an impact as a songwriter. If any of these describe you, you're in good company! Virtually every songwriter I've ever

worked with has struggled with at least one of these issues, and every successful songwriter has overcome these obstacles. If you're looking to step up your songwriting by beating these problems, there is one thing you'll need to do: get organized! In The Organized Songwriter - How to Create Space to Write Your Best Songs, I give you a series of solutions to these issues and more. This book is filled with well-developed professional processes to keep track of your precious ideas that develop into completed songs. I also provide options for organizing professional tools of the trade as a songwriter as well as ways to prepare yourself to be the best co-writer you can be. Plus I will reveal a second secret weapon for songwriters, and more. I enjoyed building a foundation of knowledge about the craft from songwriting programs at Berklee College of Music and other sources, but I actually discovered the material for this book afterwards, from my experience as a professional songwriter, writing both on my own and in the writing rooms of Nashville. I actually became a songwriter after several years of working the corporate world, and I learned firsthand that there are many tricks to organizing yourself as a songwriter that are not just helpful, but essential to get signed. I've compiled those tricks into this book so other songwriters can get a jump-start on what I only learned after years of struggle and guesswork. Whether you've only just discovered the craft of songwriting or you're an experienced songwriter, this book contains insights into how you can become a more productive songwriter. By the end of the book, you'll be able to write like a pro, even if you don't call yourself a pro. Your craft as a songwriter deserves to be taken to the next level. Let this book help you transform your songwriting by applying the methods here as part of your workflow to take your songs to their ultimate potential. Learn the benefits of being organized and how to manage your songwriting workflow like a pro. Discover these techniques and help grow as a songwriter so you can pursue your ultimate calling. Be productive. You'll be surprised how much more

you will be able to achieve.
