*Art and Design Pedagogy in Higher Education* Susan Orr, Alison Shreeve, 2017-08-07 Art and Design Pedagogy in Higher Education provides a contemporary volume that offers a scholarly perspective on tertiary level art and design education. Providing a theoretical lens to examine studio education, the authors suggest a student-centred model of curriculum that supports the development of creativity. The text offers readers analytical frameworks with which to challenge assumptions about the art and design curriculum in higher education. In this volume, Orr and Shreeve critically interrogate the landscape of art and design higher education, offering illuminating viewpoints on pedagogy and assessment. New scholarship is introduced in three key areas: curriculum: the nature and purpose of the creative curriculum and the concept of a 'sticky curriculum' that is actively shaped by lecturers, technicians and students; ambiguity, which the authors claim is at the heart of a creative education; value, asking what and whose ideas, practices and approaches are given value and create value within the curriculum. These insights from the perspective of a creative university subject area also offer new ways of viewing other disciplines, and provide a response to a growing educational interest in cross-curricular creativity. This book offers a coherent theory of art and design teaching and learning that will be of great interest to those working in and studying higher education practice and policy, as well as academics and researchers interested in creative education.

**Dance Works** Allison Orr, 2023-03-01 In 2001, Allison Orr made a dance with 13 City of Austin firefighters. Over the next 20 years, her unique practice of collaborating with city employees flowered into civic storytelling through movement at public pools, tableaux of power line workers shimmying up 40' poles in front of 5000 people, and intricate choreography of trash trucks on a misty tarmac. Part memoir, part guide, the artist reflects on her major collaborations and shares interviews with people she's made dances with over the past two decades. Power line workers, sanitation workers, and firefighters reflect on their memories of performing with Forklift and the lasting impact those dances made. Alongside larger conversations in the arts, Orr offers a look at how to create community-based art projects, how the creative process can bring people together to address civic issues, and the beauty of choreographing the day to day. An appendix and online companion include budget information, full cast and crew lists, participant survey results, and more.

*Loop Tracks* Sue Orr, 2022-03-01 It's 1978: the Auckland abortion clinic has been forced to close and sixteen-year-old Charlie has to fly to Sydney, but the plane is delayed on the tarmac. It's 2019: Charlie's tightly contained Wellington life with her grandson Tommy is interrupted by the unexpected intrusions of Tommy's first girlfriend, Jenna, and the father he has never known, Jim. The year turns, and everything changes again. Loop Tracks is a major New Zealand novel, written in real time against the progress of the Covid-19 pandemic and the New Zealand General Election and euthanasia referendum in 2020.

**The Palgrave Handbook of Creativity at Work** Lee Martin, Nick Wilson, 2018-07-20 This Handbook provides authoritative up-to-date scholarship and debate concerning creativity at work, and offers a timely opportunity to re-evaluate our understanding of creativity, work, and the pivotal relationship between them. Far from being a new arrival on the scene, the context of work has always been a place shaped and sharpened by creativity, as well as a site that determines, where, when, how, and for whom creativity emerges. Structured in four parts - Working with Creativity (the present); Putting Creativity to Work (in an organizational context); Working in the Creative Industries (creative labour); and Making Creativity Work (the future) - the Handbook is an inspirational learning resource, helping us to work with creativity in innovative ways. Providing a cutting edge, interdisciplinary, diverse, and critical collection of academic and practitioner insights, this Handbook ultimately conveys a message of hope: if we take better care of creativity, our creativity will better care for us.

**Swimming Between Worlds** Elaine Neil Orr, 2018-04-03 From the critically acclaimed writer of A Different Sun, a Southern coming-of-age novel that sets three very different young people against the tumultuous years of the American civil rights movement... Tacker Hart left his home in North Carolina as a local high school football hero, but returns in disgrace after being fired from a prestigious architectural assignment in West Africa. Yet the culture and people he grew to admire have left their mark on him. Adrift, he manages his father's grocery store and becomes reacquainted with a girl he barely knew growing up. Kate Monroe's parents have died, leaving her the family home and the right connections in her Southern town. But a trove of disturbing letters sends her searching for the truth behind the comfortable life she's been bequeathed. On the same morning but at different moments, Tacker and Kate encounter a young African-American, Gaines Townson, and their stories converge with his. As Winston-Salem is pulled into the tumultuous 1960s, these three Americans find themselves at the center of the civil rights struggle, coming to terms with the legacies of their pasts as they search for an ennobling future.

*English Pastoral Music* Eric Saylor, 2017-05-30 Covering works by popular figures like Ralph Vaughan Williams and Gustav Holst as well as less familiar English composers, Eric Saylor's pioneering book examines pastoral music's critical, theoretical, and stylistic foundations alongside its creative manifestations in the contexts of Arcadia, war, landscape, and the Utopian imagination. As Saylor shows, pastoral music adapted and transformed established musical and aesthetic conventions that reflected the experiences of British composers and audiences during the early twentieth century. By approaching pastoral music as a cultural phenomenon dependent on time and place, Saylor forcefully challenges the body of critical opinion that has long dismissed it as antiquated, insular, and reactionary.

Togetherness Redefined Celeste Orr,2020-06-27 In this book, author and divergent thinker Celeste Orr shares 52 of her popular togetherness tips to help families build big family togetherness on good days and bad days, in big ways and small ways, with everything from playing board games to having one-on-ones, talking about tough issues, reframing frozen pizza nights, and going after big family dreams, long-term travel, and adventure too.As a mom of teenagers who often feels like there aren't enough hours in the day or ideas in her head, and as someone who has shared these tips with families around the world in her email group and online platform, Celeste knows no effort is too small and it's never too late to build togetherness with your family - no matter what.With real-life stories and simple, honest examples, this book gives parents, grandparents, and families of all kinds a go-to list of ideas to break the disconnect that is so often a by-product of the modern-day trappings that keep us from having the kind of family life we truly want. It's great as a one-time read and also designed for those who want to keep it at their fingertips for on-the-fly togetherness suggestions when things get sticky at home.

The Party Line Sue Orr,2015-08-26 An enthralling novel of individual bravery versus silent, collective complicity, set in a vividly drawn farming community in 1970s New Zealand. The Baxters do not know their place. On the first of June every year, sharemilkers load their trucks with their families, pets and possessions and crawl along the highways towards new farms, new lives. They’re inching towards that ultimate dream — buying their own land. Fenward’s always been lucky with its sharemilkers: grateful, grafting folk who understand what’s expected of them. Until now, when grief-stricken Ian Baxter and his precocious daughter, Gabrielle, arrive. Nickie Walker is enchanted by the glamour and worldliness of Gabrielle. Nickie's mother finds herself in the crossfire of a moral battle she dreads to confront. Each has a story to share. This is a coming-of-age story for two young girls who hold a mirror up to the place and people they love. It’s a coming-of-age story, too, for a community forced to stare back at the image of a damaged soul. The question is: who will blink first?

**A Different Sun** Elaine Neil Orr,2013-04-02 A “lush, evocative, breathtaking”\* debut novel from Elaine Neil Orr, “reminiscent of Barbara Kingsolver's magnum opus, *The Poisonwood Bible*, with elements of Joseph Conrad and Louise Erdrich.”\* Also I heard the voice of the Lord, saying, Whom shall I send, and who will go for us? Then said I, Here am I; send me. When Emma Davis reads the words of Isaiah 6:8 in her room at a Georgia women’s college, she understands her true calling: to become a missionary. It is a leap of faith that sweeps her away to Africa in an odyssey of personal discovery, tremendous hardship, and profound transformation. For the earnest, headstrong daughter of a prosperous slave owner, living among the Yoruba people is utterly unlike Emma’s sheltered childhood—as is her new husband, Henry Bowman. Twenty years her senior, the mercurial Henry is the object of Emma’s mad first love, intensifying the sensations of all they see and share together. Each day brings new tragedy and heartbreak, and each day, Emma somehow finds the hope, passion, and strength of will to press onward. Through it all, Henry’s first gift to Emma, a simple writing box—with its red leather-bound diary and space for a few cherished keepsakes—becomes her closest confidant, Emma’s last connection to a life that seems, in this strange new world, like a passing memory. A tale of social and spiritual awakening; a dispatch from a difficult era at home and abroad; and a meditation on faith, freedom, and desire, *A Different Sun* is a captivating fiction debut. \*Library Journal (starred review)

*From Under the Overcoat* Sue Orr,2011-02-18 A prize-winning collection of vivid, accessible stories. These fresh, contemporary stories can be read purely for the immense pleasure they offer. However, the stories can also be read for the way they explore elements from earlier works: from Maori myth and fairy tale to masterpieces by writers such as Katherine Mansfield, James Joyce and Anton Chekov. As the award-winning author says, those stories 'touched me deeply and I can recall their substance without hesitation'. Using them for inspiration, she also explores their concerns of dignity, honesty, bravery, weakness and passion. 'Sue Orr's stories have that riveting mesmerizing quality that makes the reader race on, hoping they will never end, yet desperate to find out what happens next. Their stylishness marks a new departure in contemporary short story writing, her weaving of new and vibrant stories on to concepts that began with the great masters of old is high-wire risk taking that succeeds magnificently. I admire these stories immensely: by turn tender, sly, comic, and always deeply informed about the ways of the human heart.' - Fiona Kidman

Design Education in the Anthropocene Paul A. Rodgers,2024-05-01 This volume examines emerging practice and research in design education rooted in the context of significant global issues. A diverse set of international contributors present novel design education research that seeks to make significant social, economic, cultural and environmental change. Topics covered include fashion, sustainability, creativity, social justice, museum education, climate change, environmentalism, and empathy.
