Outsourcing is fairly new to me. I read a blog post basically saying you can send out small tasks that are nothing but time consuming to a third party for fraction of the cost. This really had me going ahead at work. Delegating small time hogging tasks to a third party so that I could focus on the more important tasks that were time sensitive. This book put me in the direction to do just that! - Arvind Chary I used to focus on all the minor details. Thanks to outsourcing I now delegate the smaller tasks and empower my employees. This book gives direction to do just that. I have cheap employees and nothing but free time on my hand. I did take a pay cut because I had to pay the employees but it is nothing compared to the amount of time I have saved. Time is money! - Tim Rogan
