The Anorexia Workbook Michelle Heffner, Georg H. Eifert, 2004-05-01 Statistics suggests that as many as 2.5 percent of American women suffer from anorexia; of these, further research indicates that one in ten of these will die from the disorder. This is the only book available that

addresses the particular needs of anorexics with the techniques of acceptance and commitment therapy (ACT), a revolutionary new psychotherapy. The authors of this book are pioneering researchers in the field of ACT, with numerous research articles to their credit. Despite ever-widening media attention and public awareness of the problem, American women continue to suffer from anorexia nervosa in greater numbers than ever before. This severe psychophysiological condition—characterized by an abnormal fear of becoming obese, a persistent unwillingness to eat, and severe compulsion to lose weight—is particularly difficult to treat, often because the victims are unwilling to seek help. The Anorexia Workbook demonstrates that efforts to control and stop anorexia may do more harm than good. Instead of focusing efforts on judging impulses associated with the disorder as 'bad' or 'negative,' this approach encourages sufferers to mindfully observe these feelings without reacting to them in a self-destructive way. Guided by this more compassionate, more receptive frame of mind, the book coaches you to employ various acceptance-based coping strategies. Structured in a logical, step-by-step progression of exercises, the workbook first focuses on providing you with a new understanding of anorexia and the ways you might have already tried to control the problem. Then the book progresses through techniques that teach how to use mindfulness to deal with out-of-control thoughts and feelings, how to identify choices that lead to better health and quality of life, and how to redirect the energy formerly spent on weight loss into actions that will heal the body and mind. Although this book is written specifically as self-help for anorexia sufferers, it includes a clear and informative chapter on when you need to seek professional treatment as well as advice on what to look for in a therapist.

Robert Ludlum's (TM) The Janus Reprisal Jamie Freveletti,2012-09-11 With U.S. intelligence agencies wracked by internal power struggles and paralyzed by bureaucracy, the president was forced to establish his own clandestine group--Covert-One. It is activated only as a last resort, when the threat is on a global scale and time is running out. THE JANUS REPRISAL It begins with a terrorist attack. Covert-One operative Colonel Jon Smith is attending a conference in The Hague on infectious diseases, together with leading scientists and political figures from around the world. Without warning, the conference hotel is consumed in a bloodbath. Smith is caught in the crossfire and barely escapes . . . but not before discovering a picture of himself and two other targets in the pocket of one of the shooters. But the hotel is not the only location under attack in The Hague. Bombs are going off at the train station, the airport, and the International Criminal Court, where Pakistani warlord Omar Dattar is being held while he's tried for crimes against humanity. In the resulting chaos, the prisoner escapes. Dattar nurses a special hatred for the United States and its allies. With his freedom, and access to a mysterious new weapon, Dattar puts in motion a murderous, ambitious plot to exact his revenge and bring down the West once and for all--unless Covert-One can stop him.

The Red Republic Robert William Chambers,1896
Ride a Painted Pony Kathleen Eagle,2016-09-21 Eagle delivers. Publishers Weekly A woman on the run . . . The terrified eyes in the middle of the highway belonged to a woman--battered, bruised, and barely conscious. Nick Red Shield swerved his pickup and empty horse trailer to avoid her, but neither he nor the mysterious Lauren Davis could avoid the collision of their lives . . . though Nick's loner instincts kick into high gear, Lauren's vulnerability tugs at

him in ways he'd thought long since shut down. More comfortable with horses than people, he's drawn to the secretive runaway. But even in the safe haven of his South Dakota ranch, among the magnificent painted horses of Western legend, the danger shadowing Lauren's life will compel her to new acts of desperation to save her young son and force Nick to confront demons bent on destroying them both. Kathleen Eagle is a mother, grandmother, teacher, chief cook and bottle washer, and best-selling writer. She has published over fifty books during the course of her long career. She lives in Minnesota with her husband of over 40 years, the Lakota cowboy who continues to inspire the stories readers treasure.

The Red Republic Robert W. Chambers, 2007-09-01
William Chambers (May 26, 1865 - December 16, 1933) was an American artist and writer. According to some estimates, Chambers was one of the most successful literary careers of his period, his later novels selling well and a handful achieving best-seller status. Many of his works were also serialized in magazines. About *The Red Republic*, the New York Press wrote: With all its rush and excitement there is a solid basis of painstaking and thoughtfulness in 'The Red Republic.' Mr. Chambers is wholly free from self-consciousness; indeed his gifts seem to be little short of genius. Wonderfully vivid and graphic. The New York Times wrote: Mr. Chambers shows great familiarity with the many dreadful days of 1871 and Mr. Thiers's policy is critically examined. 'The Red Republic' abounds with action.

Daughter of the Twin Moons Holly Bargo, 2016-12-23
Cancer. The terminal diagnosis paralyzes Catriona. Both saved and imperiled, she must navigate a new, immortal life as mate to the Captain of the Seelie Palace Guard. In obedience to the oracle's command, Thelan abducts a human woman and takes her to the Deepwood where she is

unmade and remade by ancient magic. Thus given his mate, he quickly finds himself enamored of her spirit, intelligence, and uncommon beauty. She arouses his passion and challenges both his control and authority at every turn. Thelan needs to win the heart and trust of this untraditional female whom he's determined to keep and protect from those who covet control over the moon-born's legendary influence. Catriona resents the lack of choice. She also resents not knowing the rules that now govern her life in this realm of myth and impossibility. Forging her own path and upsetting ancient tradition, she befriends the mysterious archivist, learns to live in a sentient palace, talks to dragons, and discovers a puzzling attraction to cats. And she must come to terms with the handsome and powerful fae male who claims her as his own and stirs her blood like none other.
