**Judy** John Fricke,2011-08-23 Through her incomparable work on screen, stage, record, radio, and television, Judy Garland earned renown as “The World’s Greatest Entertainer.” It was as a motion picture star though, that she first rose to international fame. From her feature film debut in 1936 through the aptly titled *I Could Go on Singing* in 1963, she lit up the screen with a magic uniquely hers—and dazzled world-wide audiences of all ages. Judy Garland starred in two dozen of the all-time classic movie musicals, among them *A Star is Born*, *Meet Me in St. Louis*, *Babes in Arms*, *Easter Parade*, *For Me and My Gal*, and *The Harvey Girls*. Her dramatic turns in *Judgment at Nuremberg*, *The Clock*, and *A Child is Waiting* won added acclaim. And perhaps most unforgettably, she starred as Dorothy Gale in the best-loved motion picture of all time: *The Wizard of Oz*. *Judy: A Legendary Film Career* tells the story of Garland’s movie work in unprecedented detail. Hundreds of never-before-published photos, newly-assembled contemporary reviews, insight from her costars and coworkers, and production histories are provided for each film in which she appeared. Highlighting and complimenting the feature films is a definitive biography; an examination of Judy’s short subjects; details of the movies she did not complete; and an enthralling compendium of film projects for which she was considered or rumored. The text is illustrated by more than five hundred photos, encompassing poster art; costume tests; behind-the-scenes candid; onstage and backstage glimpses of her theatrical successes; and personal snapshots. *Judy* is the exhaustively researched work of historian John Fricke. He celebrates as never before the heart, humor, and incandescent motion picture achievement of the one-and-only Judy Garland.

**Mad as Hell** Dave Itzkoff,2014-02-18 The behind-the-scenes story of the making of the iconic movie *Network*, which transformed the way we think about television and the way television thinks about us. “I’m mad as hell, and I’m not going to take this anymore!” Those words, spoken by an unhinged anchorman named Howard Beale, the mad prophet of the airwaves, took America by storm in 1976, when *Network* became a sensation. With a superb cast (including Faye Dunaway, William Holden, Peter Finch, and Robert Duvall) directed by Sidney Lumet, the film won four Academy Awards and indelibly shaped how we think about corporate and media power. In *Mad As Hell*, Dave Itzkoff of *The New York Times* recounts the surprising and dramatic story of how *Network* made it to the screen. Such a movie rarely gets made any more—one man’s vision of the world, independent of studio testing or market research. And that man was Paddy Chayefsky, the tough, driven, Oscar-winning screenwriter whose vision—outlandish for its time—is all too real today. Itzkoff uses interviews with the cast and crew, as well as Chayefsky’s notes, letters, and drafts to re-create the action in front of and behind the camera at a time of swirling cultural turmoil. The result is a riveting account that enriches our appreciation of this prophetic and still-startling film. Itzkoff also speaks with today’s leading broadcasters and filmmakers to assess *Network*’s lasting impact on television and popular culture. They testify to the enduring genius of Paddy Chayefsky, who foresaw the future and whose life offers an unforgettable lesson about the true cost of self-expression.

**Women Watching Television** Andrea L. Press,1991-03 Women’s inclinations to identify with television characters varies with their assessment of the realism of these characters and their social world.

**Son of Forgotten Hollywood Forgotten History** Manny Pacheco,2012 *Son of Forgotten Hollywood Forgotten History* is the long anticipated sequel to the award-winning *Forgotten Hollywood Forgotten History*, and it tells more rarely shared American stories through the eyes of 21 character actors of Hollywood’s Golden Age, including Frank Morgan, Peter Lorre, Cesar Romero, Majorie Main, Andy Devine, Alan Hale Sr., Leo Gorcey, Jack Carson, and Lon Chaney Jr. *Son of Forgotten Hollywood Forgotten History* is part of the *Forgotten Hollywood Book-Series*, and it’s officially in gift stores, bookshops, and iconic

locations, such as the Hollywood Heritage Museum. For further insight, visit [www.forgottenhollywood.com](http://www.forgottenhollywood.com).

**In All His Glory** Sally Bedell Smith, 2012-02-29 “He is to American broadcasting as Carnegie was to steel, Ford to automobiles, Luce to publishing, and Ruth to baseball,” wrote The New York Times of William S. Paley—the man who built CBS, the “Tiffany Network.” Sally Bedell Smith’s *In All His Glory* takes a hard look at Paley and the perfect world he created for himself, revealing the extraordinary complexity of the man who let nothing get in the way of his vast ambitions. Tracing his life from Chicago, where Paley was born to a family of cigar makers, to the glamorous haunts of Manhattan, Smith shows us the shrewd, demanding egoist, the hedonist pursuing every form of pleasure, the corporate strongman famous for his energy and ruthlessness. Drawing on highly placed CBS sources and hundreds of interviews, and with a supporting cast of such glittering figures as Truman Capote, Slim Keith, Jock Whitney, Ted Turner, David Sarnoff, Brooke Astor and a parade of Paley’s humiliated heirs, *In All His Glory* is a richly textured story of business, power and social ambition. Praise for *In All His Glory* “A sweeping study of the emergence of broadcasting, the American immigrant experience, and the ravenous personal and professional tastes of Paley as he charmed and clawed his way to the top of society.”—Los Angeles Times “Riveting...packed with revelations, rich in radio and TV lore, sprinkled with intrigues, glitz, and wheeling and dealing at the highest levels of media and government.”—Publishers Weekly “An impressive, meticulously researched work of broadcast history as well as a piquant glimpse inside CBS’s corporate culture.”—Time

**The Tanning of America** Steve Stoute, 2012-08-07 Traces how the tanning phenomenon raised a generation of black, Hispanic, white, and Asian consumers who have the same mental complexion based on shared experiences and values. This consumer is a mindset—not a race or age—that responds to shared values and experiences, rather than the increasingly irrelevant demographic boxes that have been used to a fault by corporate America.--

**Spider Bones** Kathy Reichs, 2014-10-14 A complex and riveting tale of deceit and murder unfolds in this repackaged of the thirteenth thrilling novel in Reichs’s cleverly plotted and expertly maintained series (The New York Times Book Review). John Lowery was declared dead in 1968—the victim of a Huey crash in Vietnam, his body buried long ago in North Carolina. Four decades later, Temperance Brennan is called to the scene of a drowning in Hemmingford, Quebec. The victim appears to have died while in the midst of a bizarre sexual practice. The corpse is later identified as John Lowery. But how could Lowery have died twice, and how did an American soldier end up in Canada? Tempe sets off for the answer, exhuming Lowery’s grave in North Carolina and taking the remains to Hawaii for reanalysis—to the headquarters of JPAC, the U.S. military’s Joint POW/ MIA Accounting Command, which strives to recover Americans who have died in past conflicts. In Hawaii, Tempe is joined by her colleague and ex-lover Detective Andrew Ryan (how ex is he?) and by her daughter, who is recovering from her own tragic loss. Soon another set of remains is located, with Lowery’s dog tags tangled among them. Three bodies—all identified as Lowery. And then Tempe is contacted by Hadley Perry, Honolulu’s flamboyant medical examiner, who needs help identifying the remains of an adolescent boy found offshore. Was he the victim of a shark attack? Or something much more sinister?

**America Again** Stephen Colbert, 2012-10-02 Book store nation, in the history of mankind there has never been a greater country than America. You could say we’re the #1 nation at being the best at greatness. But as perfect as America is in every single way, America is broken! And we can’t exchange it because we’re 236 years past the 30-day return window. Look around--we don’t make anything anymore,

we've mortgaged our future to China, and the Apologist-in-Chief goes on world tours just to bow before foreign leaders. Worse, the L.A. Four Seasons Hotel doesn't even have a dedicated phone button for the Spa. You have to dial an extension! Where did we lose our way?! It's high time we restored America to the greatness it never lost! Luckily, America Again will singlebookedly pull this country back from the brink. It features everything from chapters, to page numbers, to fonts. Covering subject's ranging from healthcare (I shudder to think where we'd be without the wide variety of prescription drugs to treat our maladies, such as think-shuddering) to the economy (Life is giving us lemons, and we're shipping them to the Chinese to make our lemon-flavored leadonade) to food (Feel free to deep fry this book-it's a rich source of fiber), Stephen gives America the dose of truth it needs to get back on track.

**Principles of Deformity Correction** Dror Paley,2014-01-10 Written in an accessible and instructive format, this richly illustrated text covers the analysis, planning, and treatment of lower limb deformities, with a view to teaching deformity correction. A foundation of understanding normal alignment is presented, using new nomenclature that is easy to remember and can even be derived without memorization. The work offers detailed information on deformities and malalignment, radiographic assessment, mechanical and anatomic axis planning, osteotomies, and hardware considerations. The part dealing with planning is further facilitated via an exercise workbook and an animated CD-ROM which is available separately. The methods taught are simple and intuitive.

**TV Noir** Allen Glover, 2019-09-24 The pioneering, incisive, lavishly illustrated survey of noir on television—the first of its kind Noir—as a style, movement, or sensibility—has its roots in hardboiled detective fiction by writers like Chandler and Hammett, and films adapted from their novels were among the first called “film noir” by French cineastes. But film isn't the only medium with a taste for a dark story. Hundreds of noir dramas have been produced for television, featuring detectives and femmes fatales, gangsters, and dark deeds, continuing week after week, with a new disruption of the social order. In TV Noir, television historian Allen Glover presents the first complete study of the subject. Deconstructing its key elements with astute analysis, from NBC's adaptation of Woolrich's *The Black Angel* to the anthology programs of the '40s and '50s, from the classic period of *Dragnet*, *M Squad*, and *77 Sunset Strip* to neo-noirs of the '60s and '70s including *The Fugitive*, *Kolchak*, and *Harry O.*, this is the essential volume on TV noir.

**Beyond the Red Carpet** Francine Brokaw, 2013-05-28 Ever wonder what really goes on behind the scenes of the Oscars? Want to know which actors are funny and which ones are just plain boring? What is it like to interview Madonna, Robin Williams, and Pierce Brosnan? All of these questions (and many more) are answered by veteran entertainment journalist Francine Brokaw. With a delightful mixture of wit and honesty, Francine gives readers an uncensored view of life as an entertainment journalist. In addition to her own perspective, Francine's colleagues across the country weigh in on questions like . . . • What is the best swag you've ever received? • What is the most memorable interview you've ever conducted? • Have you ever had to interview someone rude? Perfect for a weekend read or as a companion text to an introductory course in mass media, *Beyond the Red Carpet* is an informative and entertaining book that covers every aspect of the business of entertainment journalism. Francine Brokaw has been a professional writer for over twenty years, focusing on entertainment and political journalism. Her work has appeared in numerous national and international magazines. She frequently interviews A-list celebrities such as Tom Hanks, Blake Lively, Julie Andrews, and Johnny Depp, but her favorite time period to write about is the studio days of Old Hollywood.

**As It Happened** William S. Paley, 2014-06-24 *As It Happened* is a landmark memoir, the first of its kind by a giant of the communications media. It is the intimate and straightforward story of an original, the life and growth of an extraordinary man and the company he built, CBS. In the book, William S. Paley reminisced about his personal life and his life with CBS—from the celebrities of the entertainment world to the business and political leaders of America to the journalistic controversies still in the news. Paley bought CBS when it was a small struggling company called United Independent Broadcasting and when he was a young man still in his twenties. Within months he had begun a transformation which shaped CBS into one of the world's greatest communications empires. And still he found time to enjoy the Roaring Twenties in Paris, Philadelphia, Los Angeles, and New York. A brilliant and creative businessman dealing for high stakes, Paley foresaw the cultural and informational impact of radio, and later, television. With an uncanny eye for spotting entertainment talent, he discovered for radio Bing Crosby, Kate Smith, Will Rogers, Frank Sinatra, and Paul Whiteman; and those he did not discover, he lured to CBS: Jack Benny, Amos and Andy,

George Burns, Red Skelton, and a host of others. But this book covers more than radio and television—it is about the tastes and trends of American culture, written by the man who helped to create and refine many of them. William S. Paley was CBS. His life touched virtually every major event of the twentieth century. This is a fascinating and revealing work about a man who perhaps more than any other, brought the great events of our times to us.

**Chronic Youth** Julie Passanante Elman, 2014-10-20 The teenager has often appeared in culture as an anxious figure, the repository for American dreams and worst nightmares, at once on the brink of success and imminent failure. Spotting the “troubled teen” as a site of pop cultural, medical, and governmental intervention, Chronic Youth traces the teenager as a figure through which broad threats to the normative order have been negotiated and contained. Examining television, popular novels, science journalism, new media, and public policy, Julie Passanante Elman shows how the teenager became a cultural touchstone for shifting notions of able-bodiedness, heteronormativity, and neoliberalism in the late twentieth century. By the late 1970s, media industries as well as policymakers began developing new problem-driven ‘edutainment’ prominently featuring narratives of disability—from the immunocompromised The Boy in the Plastic Bubble to ABC’s After School Specials and teen sick-lit. Although this conjoining of disability and adolescence began as a storytelling convention, disability became much more than a metaphor as the process of medicalizing adolescence intensified by the 1990s, with parenting books containing neuro-scientific warnings about the incomplete and volatile “teen brain.” Undertaking a cultural history of youth that combines disability, queer, feminist, and comparative media studies, Elman offers a provocative new account of how American cultural producers, policymakers, and medical professionals have mobilized discourses of disability to cast adolescence as a treatable “condition.” By tracing the teen’s uneven passage from postwar rebel to 21st century patient, Chronic Youth shows how teenagers became a lynchpin for a culture of perpetual rehabilitation and neoliberal governmentality.
