Madame Pamplemousse and Her Incredible Edibles Rupert Kingfisher, 2010-10-01 Madame Pamplemousse is the story of Madeleine, forced to work in her unpleasant uncle's horrible restaurant, The Squealing Pig. By chance she comes across the most marvellous shop, run by Madame Pamplemousse, which is quiet, discreet, yet full of delicious and otherworldly 'edibles' - Pterodactyl Bacon, Scorpion Tails in Smoked Garlic Oil, and Great Squid Tentacle in Jasmine-Scented Jelly. A quiet comradeship develops between Madeleine, Madame Pamplemousse, and Madame's cat, Camembert. And together they create some wonderful culinary magic. Exquisite, beautifully formed prose that has echoes of Angela Carter belies a narrative that is full of pace. A wonderful fairy tale that will appeal to both adults and children.

Monsieur Pamplemousse on Probation Michael Bond, 2013 Monsieur Pamplemousse finds himself in deep water when an unfortunate collision with a Mother Superior is caught on camera. To avoid media attention, he is sent to report on Chef André Dulac, currently in line for Le Guide's top award, and opens a can of worms which threatens the very sanctity of France's premier gastronomic bible. Being on the verge of haute cuisine takes on a whole new meaning,

and his attempt to get at the truth by harnessing a state-of-the-art TV camera to his ever-faithful hound Pommes Frites, ensures that outside broadcasting will never be quite the same again. Beloved worldwide for Paddington Bear, Bond has been busy this past year with the release of Paddington Races Ahead as well as the official Paddington app. Rejacketed into a fresh new style, Michael Bond's culinary crime capers are a joy to read.

It provides state - of - the - art intelligent methods and techniques for solving real world problems along with a vision of the future research.

Grapefruit Diet Pamela Stevens,2016-07-29 There is one fruit, which, in as far as my opinion is concerned is a legit wonder fruit. Yes, by that I am referring to the grapefruit! This is the wonder fruit. In fact, most countries produce them as juices, packed, processed and are still useful to boost one's health. Now, if a packed version of it is that effective, think about taking it raw... in the natural state without any additive or processing.... I am talking about a fruit which is not readily available in most countries but really effective when used for any condition it is applicable. But, thanks to research and study, this wonder fruit have been uncovered and many people from around the world today are benefiting from its healthy and nutritious value to our generations well-being. Indeed, the grapefruit is more known for its sour semi-sweet taste and the fact that it is mostly grown in tropical and sub-tropical areas. Though, it looks good on the outside, but it cannot really be at par with the famous orange fruit. Yes the taste may not be that sweet as the famous citrus, however, it is bearable, and the best part is that, this fruit is packed with a lot of nutrients that can help you cope up with the demands of a healthy lifestyle. As a matter of fact, with the rate of health failures in today's world... where various heart-related deaths are recorded yearly, this fruit is a must on your diet book list if you get my drift! Besides, it is well known that grapefruit, just like any other citrus fruit, is rich in vitamin C. However, there are a lot of other additional nutrients and elements which makes this fruit far more superior from the rest of its citrus family. Now before I go ahead of myself, I want to let you know that you can get your copy of the book right now by clicking on the buy button or add to cart.... Yes and start delving into the nutritious goodness of the wonder fruit that we all call grapefruit today.
