Words Their Way Donald R. Bear, Marcia Invernizzi, Shane Templeton, Francine R. Johnston, 2012 *Words Their Way* is a hands-on, developmentally driven approach to word study that illustrates how to integrate and teach children phonics, vocabulary, and spelling skills. This fifth edition features updated activities, expanded coverage of English learners, and emphasis on progress monitoring.

Never Work Harder Than Your Students and Other Principles of Great Teaching Robyn R. Jackson, 2018-08-29 Some great teachers are born, but most are self-made. And the way to make yourself a great teacher is to learn to think and act like one. In this updated second edition of the best-selling *Never Work Harder Than Your Students*, Robyn R. Jackson reaffirms that every teacher can become a master teacher. The secret is not a specific strategy or technique, nor it is endless hours of prep time. It's developing a master teacher mindset—rigorously applying seven principles to your teaching until they become your automatic response: Start where you students are. Know where your students are going. Expect to get your students there. Support your students along the way. Use feedback to help you and your students get better. Focus on quality rather than quantity. Never work harder than your students. In her conversational and candid style, Jackson explains the mastery principles and how to start using them to guide planning, instruction, assessment, and classroom management. She answers questions, shares stories from her own practice and work with other teachers, and provides all-new, empowering advice on navigating external evaluation. There's even a self-assessment to help you identify your current levels of mastery and take control of your own practice. Teaching is hard work, and great teaching means doing the right kind of hard work: the kind that pays off. Join tens of thousands of teachers around the world who have embarked on their journeys toward mastery. Discover for yourself the difference that Jackson's principles will make in your classroom and for your students.

Introduction to Teaching Don P. Kauchak, Paul D. Eggen, 2014 While this renowned, case-based text continues to contextualize the fundamentals of education with real world settings and applications, the Fifth Edition's clear focus on issues brings relevance to every discussion. Issues in reform, in diversity, and in day to day teaching situations bring foundational and introductory topics to life and help prospective teachers see themselves in the real world of their future profession.--Publisher's website.

Content-based Second Language Teaching and Learning Marjorie Hall Haley, Theresa Y. Austin, 2013-02 Teachers get the opportunity to put practical, how-to second language teaching methods to work in their classrooms with English Learners or world language students. Here are practical suggestions and ideas culled from the psycholinguistics and socio-cultural fields of study, offering today's teachers an engaging perspective on interactive, content-based language teaching and learning. Offering more methodological approaches to teaching English Learners than virtually any other book on the market, it's the ideal resource for undergraduate, pre-service, and mainstream general educator teachers who are learning how to teach English Learners or world language students in their classrooms. Novice teachers get the chance to interact with the text, reflect and consult with colleagues, partners, and classmates by reflecting and responding, revisiting their responses, and completing activities related to the content.

College Study Sally A. Lipsky, 2013-08-06 ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering

products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Uses an active learning approach that focuses on the reader choosing, applying, and assessing practical strategies, with the goal of creating an effective, efficient, and individualized system of study. College Study exposes readers to how to make informed choices about learning content that is often new, complex, and changing rapidly, especially given the increasing link between technology and learning. Included is the inter-relationship of students' learning behaviors and attitudes, with an emphasis on applying multi-modal strategies into daily course work. The text covers the major learning skills topics: academic planning and goal-setting, time management and procrastination, productivity, active listening and note taking, reading and studying, preparing for and taking tests, enhancing learning and memory, reducing worry/anxiety, and online and web-based strategies. The text is written in a streamlined format; with an informal, personal writing style; and engaging activities that maintain the reader's attention and appeal to today's college students. 0321944038 / 9780321944030 College Study: The Essential Ingredients Plus NEW MyStudentSuccessLab 2013 Update -- Access Card Package, 3/e Package consists of: 0321943252 / 9780321943255 NEW MyStudentSuccessLab 2013 Update -- Value Pack Access Card 0132180898 / 9780132180894 College Study: The Essential Ingredients

Educational Psychology Robert E. Slavin, 2013-07-26 From renowned educational psychologist, Robert Slavin, the Tenth Edition of this popular text translates theory into practices that teachers can use in their classrooms with deeper inquiry into the concept of intentionality and a thorough integration of standards. This new edition highlights the most current issues and emerging trends in the field of educational psychology, while continuing to have in-depth, practical coverage with a focus on the intentional teacher. An intentional teacher, according to Slavin, is one who constantly reflects on his or her practice and makes instructional decisions based on a clear conception of how these practices affect students. To help readers become intentional teachers, the author offers a set of questions to guide them and models best practices through classroom examples.
