*Weird Sports and Wacky Games around the World* Victoria R. Williams, 2015-04-28 With hundreds of books dedicated to conventional sports and activities, this encyclopedia on the weirdest and wackiest games offers a fresh and entertaining read for any audience. *Weird Sports and Wacky Games around the World: From Buzkashi to Zorbing* focuses on what many would consider abnormal activities from across the globe. Spanning subjects that include individual games, team sports, games for men and women, and contests involving animal competitors, there is something for every reader. Whether researching a particular country or region's traditions or wanting an interesting read for pleasure, this book offers an array of uses and benefits. *The Strange* Monte Cook Games, Bruce R. Cordell, Monte Cook, 2014-08-13 *The Strange*. It is an RPG set on Earth, in the modern day. But a few people a very few people have discovered how to travel to other places. They call them recursions, and they are like limited pocket dimensions with their own laws of reality, connected to Earth via a dark energy network beneath the normal matter of the universe. A dangerous, chaotic network they call the Strange.

*Indoor Games For Awkward Moments* Ruth Blakely, 2016-12-09 PREFACE THE object of this volume is to try and lessen the number of dreadful pauses which so many hostesses have experienced with their guests when no one had courage enough to propose a new game, or had foresight enough to come prepared with a mental list of games that have a right good swing to them. This collection will suffice as a background for working purposes, and while many of them may be familiar, at the same time one does not always think of them readily, and will welcome these as a friend in need. The games under the heading Competitions need preparing in advance, as they cannot be rushed at the last

minute. It is as well to decide before sending out the invitations what is to be the principal game of the evening, and then write it on the invitation card. An Evening with Kate will arouse the curiosity of those who do not know the games, and make them all the more anxious to come and find out.....

The league's policy decisions and its ability to remain economically viable, despite its short-sighted governance decisions, are discussed.

Taking an unbiased view of the myth and mystery surrounding the origins of the yuletide season, this book introduces mindbending facts about the holiday season and shatters the myths surrounding some of Christmas' most treasured and well-known facets: When exactly was Jesus born? Why is Santa's outfit red and white? Where do we get Christmas trees from? What's the snow in a snowglobe made of? What's Boxing Day all about? 'Christmas: A Very Peculiar History' takes a sideways look at bizarre yuletide customs and stories from around the world, such as Santa's evil sidekick, the terrifying Krampus, and the Scandinavian celebration of Saint Lucy. So leave the mince pies on the mantelpiece if you've been good and block up your chimneys if you've been bad, because 'Christmas: A Very Peculiar History' is here.

**Weird Little Games** Ewen Cluney, 2016-10-31 Weird Little Games is a collection of, you know, weird little games. Specifically role-playing games, ranging from more or less traditional to weird story games to freeform. It includes six complete games, plus some bonus stuff. Schoolgirl RPG An intensely random comedy RPG based on the rules of Maid: The Role-Playing Game. Be a (randomly-generated) Japanese schoolgirl RPG, and let random stuff happen, randomly. AnimeCon A freeform RPG about going to an anime convention and what you find there. It turns out anime fans are people too, good and bad. Fullmetal President Be the President (or a member of the cabinet), get in your power suit, and save America from tyranny! Or to put it another way, roll a bunch of dice and narrate how stuff explodes! Melancholy Kaiju This is a storytelling game about giant monsters who feel kinda sad. No, really. Take turns playing cards and narrate your kaiju dealing with the little triumphs and failures of everyday life. Raspberry Heaven A heartwarming game about the lives of high school girls, in the style of manga like Azumanga Daioh and Hidamari Sketch. Saving Throw A satirical mini-RPG based on Chick Tracts, those tiny evangelical Christian comics you may have seen virtually anywhere. Bonus #1: Entanglements A system for building relationship maps to give a long-term campaign a rich starting point that you create collaboratively. Bonus #2: Ewen's Tables Sampler A selection of 12 different random generator tables from the Ewen's Tables series of PDFs. Not the absolute silliest thing you could do with six-sided dice, but up there.
