**The PETA Practical Guide to Animal Rights** Ingrid Newkirk,2009-05-26 With more than two million members and supporters, People for the Ethical Treatment of Animals (PETA) is the world's largest animal-rights organization, and its founder and president, Ingrid Newkirk, is one of the most well-known and most effective activists in America. She has spearheaded worldwide efforts to improve the treatment of animals in manufacturing, entertainment, and elsewhere. Every day, in laboratories, food factories, and other industries, animals by the millions are subjected to inhumane cruelty. In this accessible guide, Newkirk teaches readers hundreds of simple ways to stop thoughtless animal cruelty and make positive choices. For each topic, Newkirk provides hard facts, personal insight, inspiration, ideas, and resources, including: • How to eat healthfully and compassionately • How to adopt animals rather than support puppy mills • How to make their vote count and change public opinion • How to switch to cruelty-free cosmetics and clothing • How to choose amusements that protect rather than exploit animals. With public concern for the well-being of animals greater than ever—particularly among young people—this timely, practical book offers exciting and easy ways to make a difference.

*Earth is Hiring* Peta Kelly,2018-01-31 Is ‘hustle and grind’ really the message of The New Way? Is financial freedom really what it’s about? Is ‘living life on our terms’ really the summit of this mission? Is The New Way about becoming more successful than our generations before us? This book is a conversation about The New Way to Live, Lead, Earn, and Give. It is a collection of insights and ideas about how we can, and how we are, changing the world. It’s an invitation to the New Superheroes—the people all over the world who give a sh\*t about each other and our earth—to lighten up in our work as Game Changers. It’s a time stamp so that our kids and their kids can read it and say, “oh, so that’s what you were growing through back then...” The New Way is not just about having more money at the end of the month. Success as we’d been taught isn’t sufficient. Success to our generation looked and felt completely different to what it looked and felt like to generations before us. We millennials do not thrive off gains in a capitalist society. The religious separation that our parents’ generation know is torturing our hearts. Our planet isn’t a place for us to holiday, but a place of permanent residence with the requirement that we nurture and love our Mother Earth as our one collective mother. There is no ‘top’ when it comes to leadership, but instead we’re all about the power of tribe. We don’t care to move forward at lightning speed, but would rather to stop and go back to our indigenous roots and ensure that ancient wisdoms are never forgotten. Taking care of our brothers and sisters who are without basic necessities is the only way we all win. Play is everything. We’re here to change the world, but we’ve gotta stop taking it so seriously. We’re here to use our talents and abilities to create epic sh\*t, but we’ve gotta stop missing the point along the way. It’s time for us to thrive like no generation before us ever has. It’s time for us to show the world how good it’s really meant to be. This book is for the millennial conscious leaders and entrepreneurs- those ushering in the new paradigm through their work, art, businesses, leadership.

**The Longest Struggle** Norm Phelps,2007 Tells the story of animal exploitation. Follows the development of animal protection from the ancient world through the Enlightenment, the anti-vivisection battles of the Victorian Era, and the birth of the modern animal rights movement with the publication of Peter Singer's Animal Liberation.

**Animalkind** Ingrid Newkirk,Gene Stone,2021-01-19 The founder and president of PETA, Ingrid Newkirk, and bestselling author Gene Stone explore the wonders of animal life with “admiration and empathy” (The New York Times Book Review) and offer tools for living more kindly toward them. In the last few decades, a wealth of new information has emerged about who animals are: astounding beings with intelligence, emotions, intricate communications networks, and myriad abilities. In Animalkind, Ingrid Newkirk and Gene Stone present these findings in a concise and awe-inspiring way, detailing a range of surprising discoveries, like that geese fall in love and stay with a partner for life, that fish “sing” underwater, and that elephants use their trunks to send subsonic signals, alerting other herds to danger miles away. Newkirk and Stone pair their tour through the astounding lives of animals with a guide to the exciting new tools that allow humans to avoid using or abusing animals as we once did. Whether it’s medicine, product testing, entertainment, clothing, or food, there are now better options to all the uses animals once served in human life. We can substitute warmer, lighter faux fleece for wool, choose vegan versions of everything from shrimp to marshmallows, reap the benefits of animal-free medical research, and scrap captive orca exhibits and elephant rides for virtual reality and animatronics. Animalkind provides a fascinating look at why our fellow living beings deserve our respect, and lays out the steps everyone can take to put this new understanding into action.

**Ingrid Newkirk** Jon Hochschartner,2019-02-08 Ingrid Newkirk (born 1949) is best known for her activism regarding animal rights. She is a British citizen who founded the organization People for the Ethical Treatment of Animals (PETA). Newkirk has spent her adult life advocating for the rights of earth's nonhuman inhabitants, sometimes in very provocative ways. Jon Hochschartner has compiled this chronicle of Newkirk's life and activism through research of the media related to her as well as through interviews with those close to her. The book provides a thorough recap of a career dedicated to action.

**Midsummer Night** Freda Warrington,2020-01-23 One of the the American Library Association’s Top Ten Fantasy and SF Novels of 2010. A sensuous, suspenseful modern fantasy of love, betrayal, and redemption. An

“Aetherial Tales” novel that can be read as a standalone, Freda Warrington’s *Midsummer Night* is a powerful contemporary fantasy, beginning with a prank that turns lethal when supernatural forces are unwittingly set loose. A century may not be enough to undo the terrible consequences of one fateful night’s mischief. Decades ago, at the remote Cairndonan estate on a storm-lashed coastline where the veil between our world and the Aetherial realm is thin, Juliana Flagg’s uncle – a young man called Adam – vanished in mysterious circumstances. Now Dame Juliana, a visionary artist, has inherited Cairndonan where she sculpts and runs a summer art school. However, all is not well, as she is plagued by ghosts, money troubles and her sinister ex-husband. A young athlete named Gill arrives to rent a cottage on the estate, in order to escape her own problems; a monstrous betrayal and an accident have destroyed her Olympic hopes. Now all Gill wants is solitude, but soon she’s entangled with the mischievous, flamboyant artist Peta, the creepy manservant Ned Badger and other residents of the great house – not least Juliana herself. One day Gill wanders into a strange village called Boundry that appears on no map. There she meets the seductive Rufus and his equally attractive but silent, brooding companion, Leith. The encounter leaves her unsettled. Soon after, during a violent storm, Leith comes through the portal in a state of distress and begs shelter at Gill’s cottage. Though he can explain nothing of his past, his innocence and charm capture her heart. But Leith becomes the focus of increasingly vicious arguments among the estate’s residents. Who is he – and who is the charismatic, cruel Rufus who claims to be his brother? Are these two young men as innocent as they seem – or are they poised to visit vengeance, death and heartbreak upon the human world? Gill, aided by Peta, stumbles into ever-greater danger as she tries to untangle the mysteries of Cairndonan’s past. But only when Dame Juliana finally dares to reveal *Midsummer Night* – the sinister, haunted sculpture to which she’s devoted years of her life – will the full storm break loose at last. A magical, romantic and suspenseful story filled with intrigue and adventure, *Midsummer Night* is a “moody and spine-shivering” (Publishers Weekly) follow up to *Elfland*, which won the Romantic Times Reviewers’ Choice Award for “Best Fantasy Novel of 2009.” This standalone novel will appeal to readers of urban and modern fantasy and grab the attention of fans who love dark and sinister tales. Praise for *Midsummer Night* “Warrington doesn’t miss a beat with this sinister, ghostly tale of some of the darker aspects of the Aetherial world and its denizens’ dealings with humanity.” –Publishers Weekly “Each book is a stand-alone volume and an absolute delight.” –Charles de Lint, *The Magazine of Fantasy & Science Fiction* “With its elegant but not over-the-top flowery prose, immersive setting, well-developed characters, natural dialogue and mystery-filled plot, it has left me eager for more Aetherial Tales.” –Fantasy Café “A powerful sense of wild landscape and strong characterization, plus a resonance of ancient magic, make *Midsummer Night* a truly compelling read.” –Liz Williams, author of *The Ghost Sister* “Delicate as gossamer, rich as darkest chocolate, *Midsummer Night* is a delicious, delectable, ravishing concoction of a book that fills the senses and satisfies the dreaming mind.” –Kari Sperring, author of *Living With Ghosts* “A sumptuous contemporary fantasy, rich with mysterious characters, romance and intrigue. Beautifully written, a delight to read.” –Justina Robson, author of *Glorious Angels* “One of the things that defines great fantasy is a Mythos that ‘speaks’ to the reader... In *Midsummer Night*, and the book in the series before it, *Elfland*, Freda Warrington shapes a rich Mythos. But *Midsummer Night* is not just a fantasy set in another world; it's also a contemporary mystery, thriller and romance. I thoroughly enjoyed it, lost myself in Freda's world quite happily for hours at a time and look forward to more.” –Storm Constantine, author of the *Wraeththu Chronicles* “Now let’s see why I found *Midsummer Night* so impressive... The plotting of the novel is superb with all the aforementioned secrets slowly revealed... This seamless integration of character back story and forward action is another major strength and *Midsummer Night* just flows with no narrative walls... all integrated in a tapestry.” –Fantasybookcritic.blogspot.com “Like so many British and Irish fantasy writers, Warrington writes beautiful prose with lush descriptions. She digs deep into her characters, and, as they develop, the readers learn surfaces are far different from the real people. The sculptures of Juliana form an apt metaphor for the complex personalities of both human and the Aetherials. They are different people by the end of the novel and she excels at weaving in tantalizing bits of past history to show why they act and react as they do.” –SF Revu

**Women and the Animal Rights Movement** Emily Gaarder, 2011 Animal rights is one of the fastest growing social movements today. Women greatly outnumber men as activists, yet surprisingly, little has been written about the importance and impact of gender on the movement. *Women and the Animal Rights Movement* combats stereotypes of women activists as mere sentimentalists by exploring the political and moral character of their advocacy on behalf of animals. Emily Gaarder analyzes the politics of gender in the movement, incorporating in-depth interviews with women and participant observation of animal rights organizations, conferences, and protests to describe struggles over divisions of labor and leadership. Controversies over PETA advertising campaigns that rely on women’s sexuality to sell animal rights illustrate how female crusaders are asked to prioritize the cause of animals above all else. Gaarder underscores the importance of a paradigm shift in the animal liberation movement, one that seeks a more integrated vision of animal rights that connects universally to other

issues--gender, race, economics, and the environment--highlighting that many women activists recognize and are motivated by the connection between the oppression of animals and other social injustices.

*The Multispecies Salon* Eben Kirksey,2014-09-22 A new approach to writing culture has arrived: multispecies ethnography. Plants, animals, fungi, and microbes appear alongside humans in this singular book about natural and cultural history. Anthropologists have collaborated with artists and biological scientists to illuminate how diverse organisms are entangled in political, economic, and cultural systems. Contributions from influential writers and scholars, such as Dorion Sagan, Karen Barad, Donna Haraway, and Anna Lowenhaupt Tsing, are featured along with essays by emergent artists and cultural anthropologists. Delectable mushrooms flourishing in the aftermath of ecological disaster, microbial cultures enlivening the politics and value of food, and nascent life forms running wild in the age of biotechnology all figure in this curated collection of essays and artifacts. Recipes provide instructions on how to cook acorn mush, make cheese out of human milk, and enliven forests after they have been clear-cut. The Multispecies Salon investigates messianic dreams, environmental nightmares, and modest sites of biocultural hope. Out of the New Spirituality of the Twentieth Century Svetoslava Toncheva,2015-04-30 The book is focused on the phenomenon of the new spirituality and the impact which it appear to have on the religious sphere and the contemporary culture. It refers to three particular European movements—the 'anthroposophy' of the Austrian philosopher Rudolf Steiner—a movement which has influenced many social spheres like pedagogic (the Waldorf education), medicine, art, etc.; the movement, created by the Bulgarian spiritual teacher Petăr Dănov, known as the 'White Brotherhood', turned into transnational spiritual community; and the 'Unified Teaching' of the young Russian spiritual writer and healer Zor Aleph, developing between Russia and Bulgaria. The work, based on the anthropological methods of fieldwork and analysis, aims to examine the significance of the three movements and their national and transnational specifics in the framework of the European spiritual sphere.

*One Can Make a Difference* Ingrid E Newkirk,Jane Ratcliffe,2009-08-18 “People say, ‘Oh, it’s easy for you to make an impact. But I’m no one of importance. No one would listen to me.’ If I have learned anything, it is that they are wrong. Dead wrong. The world is just waiting to hear from them, just as it is waiting to hear from you.” —Ingrid Newkirk When Ingrid Newkirk almost single-handedly set into motion the largest animal-rights organization in the world, she knew that one person can make a difference. In this book, Ingrid has collected the wisdom, stories, and insight of dozens of activists and world-changers who have proven that one person can make a movement. This engaging and enlightening collection is a call to action for readers everywhere.Because one can make a difference.

*Journey* Peta-Gaye McCalla,2020-11-04 As a little girl in Jamaica, Peta-Gaye McCalla's daydreams of America included streets paved with gold, the scent of Irish Spring soap wafting through the air, and a joyful reunion with her mother who had gone ahead of her to build a life for her and her brothers.She was a Dreamer before there was a name for children brought to the United States by immigrant parents. And she was a dreamer in the visionary sense, as well. Her dreams would be the driving force in becoming the woman she is today. Once in the States, Peta-Gaye learned quickly that faith, vision, and hard work would be her tools to get ahead. Though she had other plans, beauty school provided a means to a perfect life. But no one knew that as a hairstylist, Peta-Gaye often motivated the women who sat in her chair to push through their life traumas with faith while she herself was secretly facing the expensive nightmare and trauma of immigration red tape. Or that while she fed them words of inspiration from behind the chair, her own life was falling apart behind-the-scenes. Or that she was running from her calling and from ICE. Still her passion for all-things-fashion and beauty and her desires of love and major success were her motivation in pursuing the life she envisioned for herself. With faith, perseverance, and a vision, the journey to the live the American Dream became more real by the day. *Journey: My Life Behind the Chair* is the story of a young immigrant girl who grows into a woman while learning that faith and family are more important than any material possession. And that the most wonderful relationships and opportunities can come out of the places from which you most desperately want to run.

Why PETA Kills Nathan Winograd, Jennifer Winograd, 2017-11-26 Why? Why does PETA kill thousands of dogs and cats every year? Why are PETA employees instructed to acquire animals by any means necessary - which has included lying and theft - in order to kill those animals? Why do they encourage others to kill them? And why do they embrace and defend even abusive animal shelters? Former PETA employees say it is the result of the deeply perverse version of animal activism promoted by PETA founder and President, Ingrid Newkirk. They can explain how employees are made to watch heart wrenching films about animal abuse to instill into them the belief that people are incapable of caring for animals and that PETA is doing what is best for animals by killing them. PETA also claims that animals cannot live without human care, which is why they round up animals living outdoors in order to put them to death. The animals are, in short, damned either way and thus killing them is a gift. Collected within are interviews with former PETA employees, documents from civil and criminal court cases against PETA, photos of animals killed by PETA, inspection reports by the State Veterinarian in Virginia where PETA is headquartered, as well as admissions of killing, and support for killing, by Ingrid Newkirk herself. Together, this information leads to a tragic and disturbing conclusion: PETA is letting loose upon the world individuals who not only believe that killing is a good thing and that the living want to die, but who are legally armed with lethal drugs which they have already proven - at least 32,744 times in the last 13 years - that they are not averse to using.

**You are a Target** John P. Hunter III, 2014-07-30 YOU ARE A TARGET Perhaps you may now realize that, you are a victim of information control. Mind-control is sometimes loosely defined as information-control. This being one of many accepted ways to define the term should immediately raise questions of distrust towards your information sources. Since what we think is based on what we learn, manipulation of a mind or a nation of minds can be accomplished through control of information. With thought-control being a result of information-control, many avid researchers of mind sciences simply label it 'soft' mind control. The Illuminati have refined the art of deception far beyond what the common man has imagined. The very life & liberty of humanity requires the unmasking of their deceptions. This is what this book is about. Honesty is a necessary ingredient for any society to function successfully. Deception has become a national pastime, starting with our business and political leaders and cascading down to the grass roots. The deceptions of the Illuminati's mind-control may be hidden but in their wake they are leaving tidal waves of distrust that are destroying America. While the CIA pretend to have our nation's best interest at heart, anyone who has seriously studied the consequences of deception on a society will tell you that deception will seriously damage any society until it collapses. Lies seriously damage a community because trust and honesty are essential to communication and productivity. I believe that there are a number of reasons for this. One is the creation of what has been called a 'sensual' society, satiated with sex, drugs and TV, the modern form of mind-control, creating a numbed electorate who will never mount a challenge to their controllers. Another reason for this is the decoupling of sex from procreation, thus making the institution of sterilization and birth control policies, including abortion, more easily introduced to the masses. An additional purpose is the destruction of the 'Christian' family, opening the door for greater social intervention and manipulation. It sounds like something out of a science fiction movie but I assure you, it is very real and must be stopped immediately by ALL countries.
