From Bourassa to Bourassa L. Ian MacDonald, 2002 The story of the Quebec Liberal Party during its wilderness years between the 1976 election of the Parti Québécois and its return to power in 1985.

Claire L'Heureux-Dubé Constance Backhouse, 2017-11-06 Both lionized and vilified, Claire L'Heureux-Dubé has shaped the Canadian legal landscape – and in particular its highest court. Only the second woman on the Supreme Court of Canada, L'Heureux-Dubé anchored her approach to cases in their social, economic, and political context. This compelling biography takes a similar tack, tracing the experience of a francophone woman within the male-dominated Quebec legal profession – and within the primarily anglophone world of the Supreme Court. In the process, Constance Backhouse enhances our understanding of the Canadian judiciary, the creation of law, the Quebec socio-legal environment, and the nation's top court.

The Jesuits' Estate Question, 1760-1888 Roy C. Dalton, 1968-12-15 More than a hundred years of trouble followed the land grant of half a million acres along the St. Lawrence River to the Jesuits. The history of this land is a turbulent one that involved every area of colonial settlement and finally threatened Confederation. In 1888 the Quebec legislature passed an Act Respecting the Settlement of the Jesuits' Estates: the result was a storm of protest that came close to shattering the union of the provinces. At the time of this Act there was no balanced historical account of the Jesuits' estates. nor until this one has there been any subsequent study that has ever begun to explore their tangled history. Professor Dalton provides a badly needed investigation into this area of Canadian history: his work is unbiased and thorough and offers new material for a reappraisal of this century of our past. (Canadian Studies in History and Government, No. 11.)

René Lévesque and the Parti Québécois in Power Graham Fraser, 2001-11-21 Nominated for the Governor-General's Award for Non-Fiction, René Lévesque and the Parti Québécois in Power has been described as the classic work on one of the most important periods in recent Quebec history. Graham Fraser paints a vivid portrait of one of

Imperial Irish Mark G. McGowan, 2017-05-29 Between 1914 and 1918, many Irish Catholics in Canada found themselves in a vulnerable position. Not only was the Great War slaughtering millions, but tension and violence was mounting in Ireland over the question of independence from Britain and Home Rule. For Canada's Irish Catholics, thwarting Prussian militarism was a way to prove that small nations, like Ireland, could be free from larger occupying countries. Yet, even as tens of thousands of Irish Catholic men and women rallied to the call to arms and supported government efforts to win the war, many Canadians still doubted their loyalty to the Empire. Retracing the struggles of Irish Catholics as they fought Canada's enemies in Europe while defending themselves against charges of disloyalty at home, *The Imperial Irish* explores the development and fraying of interfaith and intercultural relationships between Irish Catholics, French Canadian Catholics, and non-Catholics throughout the course of the Great War. Mark McGowan contrasts Irish Canadian Catholics' beliefs with the neutrality of Pope Benedict XV, the supposed pro-Austrian sympathies of many immigrants from central Europe, Irish republicans inciting rebellion in Ireland, and the perceived indifference to the war by French Canadian Catholics, and argues that, for the most part, Irish Catholics in Canada demonstrated strong support for the imperial war effort by recruiting in large numbers. He further investigates their religious lives within the Canadian Expeditionary Force, the spiritual resources available to them, and church and lay leaders' negotiation of the sensitive political developments in Ireland that coincided with the war effort. Grounded in research from dozens of archives as well as census data and personnel records, *The Imperial Irish* explores stirring conflicts that threatened to irreparably divide Canada along religious and linguistic lines.

Some Descendants of François Demers Dit Chedville (1773-1861) and Charlotte Davignon Dit Beauregard (1781-1832), 1997 Andre Dumay/Dumetz/DeMers (1628-1711), son of Jean Dumay and Barbe Mauger of St. Jacques, Dieppe, Rouen, France, immigrated to Quebec where he married Marie Cheville/Chedville in Montreal in 1654. One descendant, Francois DeMers (1773-1861), was born in Chambly, Quebec. He married Marie Charlotte Davignon dit Beauregard in 1797 in St. Antoine de Longueuil, Quebec. Descendants lived in Canada, Minnesota, Illinois, New York, California, Nebraska, and elsewhere.

Constructions identitaires et pratiques sociales Pierre Savard, University of Ottawa. Centre de recherche en civilisation canadienne-française, 2002 L'identité, a toujours semblé dire Pierre Savard, ne doit pas être cherchée dans ce qui isole, ce qui sépare. Elle est une construction spécifique dont la dynamique, riche de la quantité ainsi que de la diversité des relations et des pratiques dont elle s'est nourrie, finit par exercer sur ces dernières une grande influence. C'est à ce dialogue entre les constructions identitaires et les pratiques sociales qu'a été consacré ce colloque, tenu à l'Université d'Ottawa et dédié à la mémoire de Pierre Savard. Les textes réunis en ces pages sont le fruit de cette rencontre pluridisciplinaire, qui, en plus de rendre hommage à un collègue trop tôt disparu, a présenté une vingtaine de communications tournant autour d'un thème très présent dans les débats actuels en sciences humaines, celui des constructions identitaires. Le colloque a voulu notamment mettre en évidence comment les acteurs, collectifs aussi bien qu'individuels, font et refont leur identité, et s'en servent, le plus souvent inconsciemment, pour orienter leurs activités; et comment, en retour, ils laissent aux pratiques le soin de donner une coloration particulière à leur identité. Puissent tous les articles issus de cette rencontre perpétuer le souvenir de Pierre Savard, l'homme et le scientifique, le professeur et l'éternel voyageur, celui qui, partout où il se trouvait, éveillait sympathie et enthousiasme.

Numerical Ecology P. Legendre, Loïc J J Legendre, 1998-11-25 The book describes and discusses the numerical methods which are successfully being used for analysing ecological data, using a clear and comprehensive approach. These methods are derived from the fields of mathematical physics, parametric and nonparametric statistics, information theory, numerical taxonomy, archaeology, psychometry, sociometry, econometry and others. Compared to the first edition of *Numerical Ecology*, this second edition includes three new chapters, dealing with the analysis of semiquantitative data, canonical analysis and spatial analysis. New sections have been added to almost all other chapters. There are sections listing available computer programs and packages at the end of several chapters. As in the previous English and French editions, there are numerous examples from the ecological literature, and the choice of methods is facilitated by several synoptic tables.

Rhythms in Fishes M.A. Ali, 2012-12-06 Tush, my good lord, this superficial tale is but a preface of her worthy praise; King Henry the Sixth: Part I, Act V, Sc. 5 This volume is the direct result of a NATO. Advanced Study Institute (ASI) of the same title, held at Bishop's University, Lennoxville, Quebec, Canada in August 1991. All the major presentations had been commissioned, so to speak, during the organisational phase. This was done with the view of not only having a structured ASI, which is expected to be a high-level tutorial activity, but also the ensuing volume. As will be indicated in the general introduction, there have been a couple of meetings and publications dealing with rhythms in fishes in the past twenty years. However, as in other disciplines, there has been substantial progress in this field also. Further, I wished to cover almost all aspects and come out with a volume which will be as complete as possible. Of course, this failed to materialise. In spite of starting the arrangements two years before the event, several lecturers were not able to attend due to a number of reasons. Some could be replaced while others could not. Taking into account their individual specialties, I asked about twenty active workers in the field to provide provoking overviews, not simply reviews of their own work. Also, this being a NATO.

Cheated Bill Waiser, Jennie Hansen, 2023-10-03 "Canadians and politicians have a common responsibility: to learn from the mistakes inherited from a colonialist legacy; and to not repeat the wrongs, corruption, and injustices our people suffered in the hands of government officials, politicians, and their oppressive laws. Reading and learning from *Cheated* would be a good place to start reconciliation and reparation." — Ovide Mercredi, former

National Chief of the Assembly of First Nations The story of how Laurier Liberals took hold of the Department of Indian Affairs in 1896 and transformed it into a machine for expropriating Indigenous land. You won't find the Ocean Man and Pheasant Rump reserves on a map of southeastern Saskatchewan. In 1901, the two Nakoda bands reluctantly surrendered the 70 square miles granted to them under treaty. It's just one of more than two dozen surrenders aggressively pursued by the Laurier Liberal government over a fifteen-year period. One in five acres was taken from First Nations. This confiscation was justified on the grounds that prairie bands had too much land and that it would be better used by white settlers. In reality, the surrendered land was largely scooped up by Liberal speculators — including three senior civil servants and a Liberal cabinet minister —and flipped for a tidy profit. None were held to account. Cheated is a gripping story of single-minded politicians, uncompromising Indian Affairs officials, grasping government appointees, and well-connected Liberal speculators, set against a backdrop of politics, power, patronage, and profit. The Laurier government's settlement of western Canada can never be looked at the same way again.

Loyal Service Bernd Horn,Roch Legault,2007-02-28 French Canadians have a long, proud history of serving their nation. From the earliest beginnings, French Canadians assisted in carving out and defending the nascent country. They were critical as defenders and as allies against hostile Natives and competing European powers. In the aftermath of the conquest, they continued, albeit under a different flag, to defend Canada. Loyal Service examines the service of a number of French-Canadian leaders and their contributions to the nation during times of peace, crisis, and conflict spanning the entire historical spectrum from New France to the end of the twentieth century.

A Generation of Excellence Robert Craig Brown,2007-01-01 The Canadian Institute for Advanced Research originated at the University of Toronto in the early 1980s. Since that time, it has gone from a small, independent centre to an important and revered institution with a significant role in the study of sciences, social sciences, and humanities in Canada. A Generation of Excellence is a detailed history of the CIAR from its humble beginnings to its ascension as one of the most important research organizations in the country. Beginning in the summer of 1982, with the CIAR merely a conception in the minds of senior scholars at the University of Toronto, Craig Brown takes us through the process of realization, detailing the early years of the Institute under the presidency of Dr. Fraser Mustard. From early struggles to eventual triumphs, Brown examines the CIAR's pursuit of an ethos - to explore fundamental issues in the social sciences and humanities by funding teams of researchers - showing how success was painstakingly achieved. The rise of the CIAR is deftly illustrated by pairing its earliest projects with the twentieth anniversary Congress held in 2002 in honour of the Institute and two decades of research. A Generation of Excellence tells the story of one of the country's most remarkable institutions.

Law, history, colonialism Diane Kirkby,Catharine Coleborne,2017-03-01 Drawing on the latest contemporary research from an internationally acclaimed group of scholars, Law, history, colonialism brings together the disciplines of law, history and post-colonial studies in a singular exploration of imperialism. In fresh, innovative essays from a range of disciplinary backgrounds, this collection offers exciting new perspectives on the length and breadth of empire. As issues of native title, truth and reconciliation commissions, and access to land and natural resources are contested in courtrooms and legislation of former colonies, the disciplines of law and history afford new ways of seeing, hearing and creating knowledge. Issues explored include the judicial construction of racial categories, the gendered definitions of nation-states, the historical construction of citizenship, sovereignty and land rights, the limits to legality and the charting of empire, constructions of madness among colonised peoples, reforming property rights of married women, questions of legal and historical evidence, and the rule of law. This collection will be an indispensable reference work to scholars, students and teachers.
