Creating Safe, Equitable, Engaging Schools David Osher, Deborah Moroney, Sandra L. Williamson, 2018 *Creating Safe, Equitable, Engaging Schools* brings together the collective wisdom of more than thirty experts from a variety of fields to show how school leaders can create communities that support the social, emotional, and academic needs of all students. It offers an essential guide for making sense of the myriad frameworks, resources, and tools available to create a continuous improvement system. Filled with recommendations gleaned from research and ongoing work in every US state and territory, this book is a critical resource for understanding and adopting evidence-based practices and making programmatic decisions to ensure the ideal conditions for learning, growth, and development. *Creating Safe, Equitable, Engaging Schools* is an essential read for teachers, principals, district leaders, and organizations that work with schools to create challenging and supportive environments for all students. --Paul Cruz, superintendent, Austin Independent School District Osher and colleagues not only connect the dots between big ideas--deeper learning, trauma, social and emotional learning, evidence-based programs, comprehensive community planning--but they model the continuous improvement approach in the way ideas are ordered across and within the chapters. This is a masterful volume: comprehensive, accessible, and way overdue. --Karen J. Pittman, cofounder, president and CEO, The Forum for Youth Investment This book provides a very usable road map for creating safe, healthy, equitable, and caring schools. The editors and contributors successfully integrate research, practice, and policy to help educators develop and implement effective and sustainable models to nurture caring schools that all children and educators deserve. --Mark T. Greenberg, Bennett Chair of Prevention Research, Pennsylvania State University David Osher is vice president and an institute fellow at American Institutes for Research. Deborah Moroney is a managing director at American Institutes for Research and is director of the youth development and supportive learning environments practice area. Sandra Williamson is a vice president for policy, practice, and systems change at American Institutes for Research.

SHIFTERS OF DUNDAIRE Books 1-5 Angelique Armae, 2018-01-06 Books 1-5 in National Bestselling Author Angelique Armae's Bestselling Shifters of Dundaire Series. Welcome to Dundaire, Scotland, a magical city that doesn't appear on any map, where kilt-wearing, immortal Highlanders are plentiful, and where romance and danger brew daily... DARK WOLF 1 - When Highland wolf Callen MacHendrie catches intern Miranda Kendrick stealing his prized sword, the term wild romp takes on a whole new meaning. CHRISTMAS WOLF 2 - When Highland wolf Rhys MacGregor goes in search of the perfect tree-topper for Wolfsden Keep's eighteen-foot-tall tree for the pack's Christmas Eve ball, he ends up rescuing a cat who turns out to be more than he ever imagined. VIKING WOLF 3 - A beautiful sin-eater falls for an immortal Viking cursed with a beastly wolf entombed in his heart... Leila MacHendrie has always dreamt of finding the perfect fairytale hero. Which in her case means a guy who doesn't attract curses, dark auras or the worst the full moon has to offer. Then she met the immortal Vidar von Hess. A man who is everything Leila doesn't want. For starters, he's a Viking, not a Scot. He doesn't wear a kilt, detests them to the point of calling them skirts. And he's an immortal wolf, when all she desires is your very-mortal-guy-next-door type. Plus, there's that little matter of the aura that keeps

pulling from Vidar's body, tempting the sin-eater in her soul. Being a living, breathing Pandora's box isn't easy. Especially when that box contains the key to thawing Vidar's frozen heart. But breaking the man's curse means unleashing a centuries-old evil capable of killing them both. And being the untrained sin-eater that she is, Leila knows this is one love match that just might spell disaster for all involved. Too bad she finds the tempting Vidar so irresistibly sexy. **HIGHLAND WOLF 4 - Bane MacHendrie** is Scotland's most powerful alpha. He's also the Highland's most selfless wolf, having spent a thousand years sacrificing his own needs for the sake of his pack, his sons, and the goddess who owns his heart. But when an old enemy rises from the dead and challenges Bane for the woman they once both fought over, Bane must choose between love and honor. And being the noble beast that he is, his heart might just lose out for all eternity... **RETURN OF THE WOLF 5 -** For 500 years, Conall MacHendrie has lived as a ghost. To regain his body, all he has to do is forgive a witch of the debt she owes him. Too bad time hasn't lessened his desire to collect that one night of passion with her. **Warning:** Contains a happy-go-lucky castle, a sexy Highland immortal who can't keep his kilt on, and a feisty witch who's the perfect match for Dundaire's scorching hot Scot.

Dark Wolf (Shifters of Dundaire 1) Angelique Armae, 2016-09-06 When Highland wolf Callen MacHendrie catches intern Miranda Kendrick stealing his prized sword, the term wild romp takes on a whole new meaning.

Silver Edge Ciara Knight, 2017-02-20 All I've ever wanted is to fit in. But no one can ever see past how weird I am. Bright lights? Can't stand them. Loud noises? Definitely sends me over the edge. And touching? Forget about it. At least, until I met Drake. From the moment I walked into that nightclub, I finally felt like I belonged somewhere. And when Drake touched me, it didn't send me into a tailspin of sensations that I couldn't stand. It actually felt...nice. Like something I could get used to. And it doesn't hurt that he's probably the hottest guy I've ever seen. But now someone wants to close the club down. And since I promised Drake that I'd help him keep it open, I'm going to have to find a way to tap into whatever that inner strength thing is that everyone always talks about. And fast. But what happens if I can't?

Breaking the STEM Stereotype Amanda Alzena Sullivan, 2019-10-21 Men continue to outnumber women in numerous technical STEM (Science, Technology, Engineering, and Math) fields such as, engineering and computer science. Prior work demonstrates the importance of introducing girls to STEM content early on, before gender stereotypes are ingrained. However, many parents and teachers are not sure how to do this in a developmentally appropriate and playful way. *Breaking the STEM Stereotype: Reaching Girls in Childhood* by Dr. Amanda Sullivan, Ph.D. explores the various social, cultural, and psychological reasons behind the persistent gender disparity between men and women in STEM fields. By explaining the powerful role of stereotypes, the media, and experiences with peers and adults during the foundational early childhood years, this book builds the case of early childhood being a critical time in development to reach girls. *Breaking the STEM Stereotype* is set up in three parts. Part 1 provides the current state of the gender divide in each aspect of STEM and explores why early childhood is a critical time to address this divide. Part 2 explores gender identity development and gender stereotypes as well as the influences of the media, advertising, and adult and peer role models on young children. Finally, Part 3 arms readers with the knowledge they need to dispel gender stereotypes in STEM. It provides suggestions on tools, technologies, and kits that can be used with young girls beginning in pre-kindergarten. It provides materials needed to design effective curricula and activities to engage girls with STEM in playful ways that build on their personal interests.

The Final Choice D L Carollo, 2006-02 D. L. Carollo transports us beyond today, cautions us about tomorrow and leads us to the brink of eternity, where faith leads to hope, hope to love, and love to God.

Ava's Man Rick Bragg, 2010-01-20 NATIONAL BESTSELLER • With the same emotional generosity and effortlessly compelling storytelling that made *All Over But the Shoutin'* a beloved bestseller, Rick Bragg continues his personal history of the Deep South. This time he's writing about his grandfather Charlie Bundrum, a man who died before Bragg was born but left an indelible imprint on the people who loved him. Drawing on their memories, Bragg reconstructs the life of an unlettered roofer who kept food on his family's table through the worst of the Great Depression; a moonshiner who drank exactly one pint for every gallon he sold; an unregenerate brawler, who could sit for hours with a baby in the crook of his arm. In telling Charlie's story, Bragg conjures up the backwoods hamlets of Georgia and Alabama in the years when the roads were still dirt and real men never cussed in front of ladies. A masterly family chronicle and a human portrait so vivid you can smell the cornbread and whiskey, *Ava's Man* is unforgettable.

Subjective Well-Being and Life Satisfaction James E. Maddux, 2017-12-15 The quality of people's relationships with and interactions with other people are major influences on their feelings of well-being and their evaluations of life satisfaction. The goal of this volume is to offer scholarly summaries of theory and research on topics at the frontier of the study of these social psychological influences—both interpersonal and intrapersonal—on subjective well-being and life satisfaction. The chapters cover a variety of types of relationships (e.g., romantic relationships, friendships, online relationships) as well as a variety of types of interactions with others (e.g., forgiveness, gratitude, helping behavior, self-presentation). Also included are chapters on broader social issues such as materialism, sexual identity and orientation, aging, spirituality, and meaning in life. *Subjective Well-Being and Life Satisfaction* provides a rich and focused resource for graduate students, upper-level undergraduate students, and researchers in positive psychology and social psychology, as well as social neuroscientists, mental health researchers, clinical and counselling psychologists, and anyone interested in the science of well-being.

The War Film Robert T. Eberwein, 2005 War has had a powerful impact on the film

Hyperfocus Chris Bailey, 2018-08-28 A practical guide to managing your attention--the most powerful resource you have to get stuff done, become more creative, and live a meaningful life Our attention has never been as overwhelmed as it is today. Many of us recognize that our brains struggle to multitask. Despite this, we feel compelled to do so anyway while we fill each moment of our lives to the brim with mindless distraction. Hyperfocus provides profound insights into how you can best take charge of your attention to achieve a greater sense of purpose and productivity throughout the day. The most recent neuroscientific research reveals that our brain has two powerful modes that can be unlocked when we use our attention effectively: a focused mode (hyperfocus), which is the foundation for being highly productive, and a creative mode (scatterfocus), which enables us to connect ideas in novel ways. Hyperfocus helps you access each of the two mental modes so you can concentrate more deeply, think more clearly, and work and live more deliberately every day. Chris Bailey examines such topics such as: • identifying and dealing with the four key types of distraction and interruption; • establishing a clear physical and mental environment in which to work; • controlling motivation and working fewer hours to become more productive; • taking time-outs with intention; • multitasking strategically; and • learning when to pay attention and when to let your mind wander wherever it wants to. By transforming how you think about your attention, Hyperfocus reveals that the more effectively you learn to take charge of it, the better you'll be able to manage every aspect of your life.

Implementing Campus Greening Initiatives: Approaches, Methods and Perspectives is an attempt to promote and disseminate the work being done in this field by universities around the world. The need to integrate the principles and concepts of green campuses and sustainability into the core of students' educational experiences, from high school to college or university, has now been broadly recognized. By doing so, we can ensure that the students of today and tomorrow will acquire the knowledge, skills, attitudes and values needed to create a more sustainable economy and social environment.
