Polar Opposites Aliyah Burke,2014-08-08 Despite differences and difficulties, love is always capable of finding a way to take root and bloom. Ivan Vinokourov wasn't sure he'd ever get over losing the love of his life to another man. However, after he's kidnapped, the woman sent to rescue him stirs emotions he'd believed were gone forever. Bailey Hyde is an assassin for Theta Corps—that's what she does, so she doesn't understand why she's being sent in for a retrieval. The man she's tasked with rescuing is different, and she finds herself attracted to him. He's a scientist, not the type she usually goes after. Still, he intrigues her. Despite her misgivings about being involved with someone she's rescued, they begin a relationship. He's amazing yet they continue to butt heads over her work. When her past is revealed, Bailey isn't sure of anything anymore, even Ivan. Can what they have withstand the fact that they are polar opposites? Or are they destined to go back to being alone?

Polar Volume 4: The Kaiser Falls Victor Santos,2019-04-02 This is the final installment in the Polar quadrilogy. Victor Santos (Mice Templar, Filthy Rich) delivers an epic finale to his espionage action adventure! Part one is now a major motion picture! An indomitable, yet aging spy assimilates to retirement in Miami, until a rookie assassin locates him and challenges him to his crown. Living a simple life down in the Miami sunshine gets complicated when Black Kaiser's housemaid has some problems involving a local

gang. However, resurfacing to maintain the peace, puts him right in the new adversary's crosshairs. Buckle up because Black Kaiser's last ride is going to get rough!

Reborn as a Polar Bear, Vol. 2 Chihiro Mishima, 2020-01-21 Kumakichi Kumada, once human, has been reincarnated in another world as a polar bear. After rescuing six animal-eared sisters from some human knights, he now watches over them. Cave dwelling isn't easy when food is scarce, so what's a bear to do? Why, build a log cabin, of course! But when Kumakichi encounters a band of adventurers in pursuit of a giant snake, things get more than a little out of paw...

Greenland by the Polar Sea Knud Rasmussen, Koch Lauge 1892-1964, 2015-08-13 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains

A Polar Bear in Love, Vol. 2 Koromo, 2018-02-27
IS LOVE MORE THAN FUR DEEP?! Polar Bear and Seal are headed toward their first date! But will their bond last after Seal falls head over fins for an older lady...?

Polar Bear Cubs Ruth Owen, 2011-01-01 The North Pole is home to few mammals—it is far too cold for most to survive. Luckily, polar bears have a thick layer of fat and a heavy fur to keep them warm in this climate. In this unforgiving world, the bears dig dens in the snow to survive each winter. Inside, where they stay until spring, the mother bear's cubs are born. When the weather has warmed up enough for the bears to come outside, the mother takes her cubs along as she hunts for food. Readers will see how the cubs learn to wait by holes in the ice for seals to pop up, or swim through the icy water to find their prey—and eventually learn to live and hunt on their own. Combining colorful photos and clear, simple text, this coming-of-age introduction to polar bear cubs is sure to delight emergent readers.

A Polar Bear in Love, Vol. 1 Koromo, 2017-11-21 A polar bear falls in love with a seal, but the seal thinks the polar bear is trying to eat it!

Polar Bear Math Ann Whitehead Nagda, Cindy Bickel, 2007-12-26 Children learn about fractions with the Denver Zoo's baby polar bears, Klondike and Snow.

The Loneliest Polar Bear Kale

Williams, 2021-03-23 "A moving story of abandonment, love, and survival against the odds."—Dr. Jane Goodall The heartbreaking and ultimately hopeful story of an abandoned polar bear cub named Nora and the humans working tirelessly to save her and her species, whose uncertain future in the accelerating climate crisis is closely tied to our own Six days after giving birth, a polar bear named Aurora got up and walked away from her den at the Columbus Zoo, leaving her tiny squealing cub to fend for herself. Hours later, Aurora still hadn't returned. The cub was furless and blind, and with her temperature dropping dangerously, the zookeepers entrusted with her care felt they had no choice: They would have to raise one of the most dangerous predators in the world by hand. Over the next few weeks, a group of veterinarians and zookeepers worked around the clock to save the cub, whom they called Nora. Humans rarely get as close to a polar bear as Nora's keepers got to their fuzzy charge. But the two species have long been intertwined. Three decades before Nora's birth, her father, Nanuq, was orphaned when an Inupiat hunter killed his mother, leaving Nanuq to be sent to a zoo. That hunter, Gene Agnaboogok, now faces some of the same threats as the wild bears near his Alaskan village of Wales, on the westernmost tip of the North American continent. As sea ice diminishes and temperatures creep up year after year, Agnaboogok and the polar bears—and everyone and everything else living in the far north—are being forced to adapt. Not all

of them will succeed. Sweeping and tender, The Loneliest Polar Bear explores the fraught relationship humans have with the natural world, the exploitative and sinister causes of the environmental mess we find ourselves in, and how the fate of polar bears is not theirs alone.

Chromatography ,

Polar Bear, Polar Bear, What Do You Hear? Bill Martin, 2007-10 What will you hear when you read this book to a preschool child? Lots of noise! Children will chant the rhythmic words. They'll make the sounds the animals make. And they'll pretend to be the zoo animals featured in the book-- look at the last page! Bill Martin Jr. and Eric Carle are two of the most respected names in children's education and children's illustrations. This collaboration, their first since the classic *Brown Bear, Brown Bear, What Do You See?* (published more than thirty years ago and still a best-seller) shows two masters at their best.
