It allows you to play with your child and assess his/her object constancy and visual discrimination skills, along with fine-ground perception. You can also tell if your child is patient and relaxed enough to learn in school and at home. Secure a copy now!

The Hidden Game of Baseball John Thorn,Pete Palmer,2015-03-20 The acclaimed classic on the statistical analysis of baseball records in order to evaluate players and win more games. Long before Moneyball became a sensation or Nate Silver turned the knowledge he'd honed on baseball into electoral gold, John Thorn and Pete Palmer were using statistics to shake the foundations of the game. First published in 1984, *The Hidden Game of Baseball* ushered in the sabermetric revolution by demonstrating that we were thinking about baseball stats—and thus the game itself—all wrong. Instead of praising sluggers for gaudy RBI totals or pitchers for wins, Thorn and Palmer argued in favor of more subtle measurements that correlated much more closely to the ultimate goal: winning baseball games. The new gospel promulgated by Thorn and Palmer opened the door for a flood of new questions, such as how a ballpark's layout helps or hinders offense or whether a strikeout really is worse than another kind of out. Taking questions like these seriously—and backing up the answers with data—launched a new era, showing fans, journalists, scouts, executives, and even players themselves a new, better way to look at the game. This brand-new edition retains the body of the original, with its rich, accessible analysis rooted in a deep love of baseball, while adding a new introduction by the authors tracing the book's influence over the years. A foreword by ESPN's lead baseball analyst, Keith Law, details *The Hidden Game's* central role in the transformation of baseball coverage and team management and shows how teams continue to reap the benefits of Thorn and Palmer's insights today. Thirty years after its original publication, *The Hidden Game* is still bringing the high heat—a true classic of baseball literature. Praise for *The Hidden Game* "As grateful as I was for the publication of *The Hidden Game of Baseball* when it first showed up on my bookshelf, I'm even more grateful now. It's as insightful today as it was then. And it's a reminder that we haven't applauded Thorn and Palmer nearly loudly enough for their incredible contributions to the use and understanding of the awesome numbers of baseball." —Jayson Stark, senior baseball writer, ESPN.com "Just as one cannot know the great American novel without Twain and Hemingway, one cannot know modern baseball analysis without Thorn and Palmer." —Rob Neyer, FOX Sports

In This Picture Elle Simms,2017-10-29 Do you like puzzles? Do you have a keen eye? *In This Picture* is a photographic hidden pictures book for children. Filled with large, full color photos, with DOZENS of objects hidden in each picture, this book is sure to delight children of all ages. Jane Jensen Anastasia Salter,2017-04-06 In the 1990s, the Personal Computer (or PC) was on the rise in homes, and with it came new genres of play. Yet most of the games in these new genres featured fantasylands or humorous science fiction landscapes with low stakes and little to suggest the potential of the PC as a serious space for art and play. Jane Jensen's work and landmark Gabriel Knight series brought a new darkness and personality to PC

gaming, offering a first powerful glimpse of what games could be as they came of age. As an author and designer, Jensen brought her approach as a designer-writer hybrid to the forefront of game design, with an approach to developing environments through detailed research to make game settings come to life, an attention to mature dilemmas and complex character development, and an audience-driven vision for genres reaching beyond the typical market approaches of the gaming industry. With a brand new interview with Jensen herself, Anastasia Salter provides the first ever look Jensen's impact and role in advancing interactive narrative and writing in the game design process.

Best Hidden Pictures Puzzles EVER Highlights,2021-08-03 Calling all junior detectives and super seekers!
