*Addiction by Design* Natasha Dow Schüll,2014-05-11 Recent decades have seen a dramatic shift away from social forms of gambling played around roulette wheels and card tables to solitary gambling at electronic terminals. Slot machines, revamped by ever more compelling digital and video technology, have unseated traditional casino games as the gambling industry's revenue mainstay. *Addiction by Design* takes readers into the intriguing world of machine gambling, an increasingly popular and absorbing form of play that blurs the line between human and machine, compulsion and control, risk and reward. Drawing on fifteen years of field research in Las Vegas, anthropologist Natasha Dow Schüll shows how the mechanical rhythm of electronic gambling pulls players into a trancelike state they call the machine zone, in which daily worries, social demands, and even bodily awareness fade away. Once in the zone, gambling addicts play not to win but simply to keep playing, for as long as possible—even at the cost of physical and economic exhaustion. In continuous machine play, gamblers seek to lose themselves while the gambling industry seeks profit. Schüll describes the strategic calculations behind game algorithms and machine ergonomics, casino architecture and ambience management, player tracking and cash access systems—all designed to meet the market's desire for maximum time on device. Her account moves from casino floors into gamblers' everyday lives, from gambling industry conventions and Gamblers Anonymous meetings to regulatory debates over whether addiction to gambling machines stems from the consumer, the product, or the interplay between the two. *Addiction by Design* is a compelling inquiry into the intensifying traffic between people and machines of chance, offering clues to some of the broader anxieties and predicaments of contemporary life. At stake in Schüll's account of the intensifying traffic between people and machines of chance is a blurring of the line between design and experience, profit and loss, control and compulsion.

*Digital Gambling* César Albarrán-Torres,2018-03-28 This book develops the concept of gamble-play media, describing how some gambling and gambling-like practices are increasingly mediated by digital technologies. Digital gambling brings gambling closer to the practices and features of videogames, as audio-visual simulations structure users' experiences. By studying digital gambling from media studies, videogame and cultural studies approaches, this book offers a new critical perspective on the issues raised by computer-mediated gambling, while expanding our perspective on what media and gambling are. In particular, it critically analyses terrestrial, mobile and online slot machines, online poker and stock trading apps through a selection of case studies.

*Stolen* Elizabeth Gilpin,2021-07-20 A gripping chronicle of psychological manipulation and abuse at a “therapeutic” boarding school for troubled teens, and how one young woman fought to heal in the aftermath. At fifteen, Elizabeth Gilpin was an honor student, a state-ranked swimmer and a rising soccer star, but behind closed doors her undiagnosed depression was wreaking havoc on her life. Growing angrier by the day, she began skipping practices and drinking to excess. At a loss, her parents turned to an educational consultant who suggested Elizabeth be enrolled in a behavioral modification program. That recommendation would change her life forever. The nightmare began when she was abducted from her bed in the middle of the night by hired professionals and dropped off deep in the woods of Appalachia. Living with no real shelter was only the beginning of her ordeal: she was strip-searched, force-fed, her name was changed to a number and every moment was a test of physical survival. After three brutal months, Elizabeth was transferred to a boarding school in Southern Virginia that in reality functioned more like a prison. Its curriculum revolved around a perverse form of group therapy where students were psychologically abused and humiliated. Finally, at seventeen, Elizabeth convinced them she was rehabilitated enough to “graduate” and was released. In this eye-opening and unflinching book, Elizabeth recalls the horrors she endured, the friends she lost to suicide and addiction, and—years later—how she was finally able to pick up the pieces of her life and reclaim her identity.

**Intimacies** Karen Kreps,2007-10 How to enjoy successful, stimulating romantic relationships is the subject of a new book by Karen Kreps, *Intimacies: Secrets of Love, Sex & Romance*. It features selected columns from *The Good Life* magazine and is illustrated with photographs of nude figurative art by Arye Shapiro. This 196-page book includes personal essays, how-to advice, reports on trends, explorations of human behavior, and the accounts of many people who shared their real stories of love, sex and romance. Each article is categorized by subject matter (love and romance, sex and sexuality, commitment, and money) and for whom it may be relevant (singles or couples). Since 2002, Karen's insights about love and lovers have opened minds. She shares these insights in her monthly column for *The Good Life* magazine and in public discussion groups. The magazine sponsors these meetings at BookPeople, Texas's leading independent bookstore (named by *Publisher's Weekly* as Bookstore of the Year in 2005). Recently, Karen has started an online discussion forum on

relationships at [www.trueintimacies.com](http://www.trueintimacies.com). Karen wrote the bestselling 60-Day Diet Diary (Dell, 1982), and her work has been published by national magazines, newspapers and online services. Here's what the experts are saying about what lies between the covers of the book: The secrets of love, sex and romance must come from those who do not guard them selfishly, and Karen Kreps's collection of articles is a remarkably open-hearted series of revelations. It is reassuring that the positive aspects of connubial life are as fascinating as the downsides of our mating experiments, at least with this author as articulate guide. She makes true love seem as elementary as basic arithmetic, though she knows, too, that love is a complex and infinite miracle. We may discover how to embrace it if we have the right wisdom, and Karen Kreps generously inspires us with her vision. - Avodah K. Offit, MD, author of *The Sexual Self*, *Night Thoughts: Confessions of a Sex Therapist*, and *Virtual Love*. Karen beckons the many muses at her disposal-ordinary people and experts-to guide us through inner vulnerability to a loving place where we connect with others. Woven through her verbal tapestries are sentimental stories of families, insights about sexuality and resources to take courting to the next level. Relationships are the essence of our humanity, and Karen invites us to enjoy them in ways we might never have imagined. -Larry Bugen, PhD, therapist and author of *Love and Renewal: A Couple's Guide to Commitment*. Her writing entices readers along paths of erotic fantasy and desire to find fulfilling relationships. -David A. Crump, the Essential Experience workshop, [ee.org](http://ee.org) Intelligent, candid and informative; a valuable service in a complex area of concern. -Drs. Marshall and Marguerite Shearer, [www.docshearer.com](http://www.docshearer.com). For more information, please visit [www.TrueIntimacies.com](http://www.TrueIntimacies.com).
