Indian Modernities Nishat Zaidi, 2023-06-30 This volume studies the ways in which modernity has been conceived, practiced, and performed in Indian literatures from the 18th to 20th century. It brings together essays on writings in Hindi, Urdu, Punjabi, Bengali, Odia, Gujarati, Marathi, Tamil, Telugu, Kannada, Malayalam, and languages from Northeast India, which form a dialogical relationship with each other in this volume. The concurrence and contradictions emerging through these studies problematize the idea of modernity afresh. The book challenges the dominance of colonial modernity through socio-historical and cultural analysis of how modernity surfaces as a multifaceted phenomenon when contextualized in the multilingual ethos of India. It further tracks the complex ways in which modernism in India is tied to the harvests of modernity. It argues for the need to shift focus on the specific conditions that gave shape to multiple modernities within literatures produced from India. A versatile collection, the book incorporates engagements with not just long prose fiction but also lesser-known essays, research works, and short stories published in popular magazines. This unique work will be of interest to students and teachers of Indian writing in English, Indian literatures, and comparative literatures. It will be indispensable to scholars of South Asian studies, literary historians, linguists, and scholars of cultural studies across the globe.

It's Our Planet Too Priya Paul,2023-12-12 How often do we notice birds sitting inside a cage and feel that something is deeply wrong with such a scene? For an animal who is usually considered a symbol of freedom, humans ironically steal that very freedom from them and cage them for several vain reasons. Perhaps we never question the plight of birds, but Kavya does. An animal lover and nature enthusiast, little Kavya empathises with the Scarlet Macaw who is brought into her school one day and kept inside a

cage in the name of education. She realises the injustice behind stealing an innocent life's freedom and decides to raise her voice against it. Flip through some intriguing anecdotes set against the nostalgic backdrop of Kerala and find out if Kavya and her friends manage to tell the world that birds are sentient beings too.

It's Hard To Run In A Sari Priya Mary Sebastian, 2021-11-15
He was a Muslim boy. She was a Hindu girl. Both were raised in traditional, conservative families. Separated by centuries of cultural and religious animosities, they might as well have been living on two different planets. When their worlds collided, it was the beginning of a journey that took them to the brink of despair yet, they found within themselves new meaning and a will to survive. Set in rural Kerala, India, in the 1950s, the novel strives to present a realistic picture of the socioeconomic and religious climate prevalent at that time. Soon after gaining independence from Britain in 1947, the Indian economy was in shambles: jobs were scarce, money was tight, and goods and services were hard to come by. Faced with such hardships, people withdrew into the familiar cocoons of their differences; that is, they erected fences—both religious and social—around themselves. The Hindu caste system reigned supreme; even inter caste marriages were unacceptable. In such a culture, one can only imagine the hellfire that would rain down if by chance two people from different religions fell in love. In those days, parents asserted what they believed to be their God-given right to make marriage alliances for their children. The foundation of this social structure is threatened, when a young Muslim boy and a Hindu girl fall in love. To prevent their union, society came down hard on them. It wished to teach everyone that those who defied the norms would be banished from their homes and society. As a result, very few dared to challenge this structure. This new novel from the author of *Organic Tales* from Indian Kitchens is both a peek into village life in Kerala, India,

and a celebration of how far women have come in their collective struggle towards gaining social and economic equality. Progress comes in small steps, and even in the 1950s in India, women were endeavoring to break the chains of limitations society had placed on them. Today we stand on the shoulders of many who came before us—those who valiantly fought to make the world a better place for everyone.

Untold Nightmare Priya Garg, 2020-11-15 Untold Nightmare is the story of a girl's journey through life. In a series of diary entries written by her whenever she is moved by happy or sad emotions, the book makes one realise the trials and tribulations faced by a girl in a society of traditionalists who believe women should abide by all the rules, rather than look for their own happiness. Not all that different from what the other women face, the book dares to tell it like it is; to tell the truth without boundaries.

The Lost Dreams Priya Indra, 2022-06-26 “Mooshaka, which household is next on your list?” Gannu Bhaiya had to close the new case file within 3 years. Singh household kept HIM working for too long – more than 5 years! “Right away, My Lord!” Mooshaka searched hurriedly through his pothies and ended up tying their red threads with each other. Picking up the last stock of the day, the last 20 laddoos, Gannu Bhaiya instructed Mooshaka to come into HIS chambers as soon as it was found. This time HE and Mooshaka won't be floating on the clouds to go from one place to another. Narada had got HIM a laptop, with a video app installed and clouds everywhere for free and unlimited connection. Thus, HE would be sitting in the comfort of HIS chamber. Gannu Bhaiya found it very interesting to swipe the screen and watch over the happenings of different families. Sometimes HE would pin a video and watch for hours the small children playing, fighting, crying, and making up. Involuntarily, HIS hand would rise to bless the children and their families. After fifteen minutes, Mooshaka

entered Gannu Bhaiya's chambers; head held high with music in his voice, "My Lord, the next case is assigned to Kanha Bhai. Both of us are supposed to watch over the earthlings and identify our next case within one year's time."
