Owning the Olympics Monroe Price, Daniel Dayan, 2008-02-22 A major contribution to the study of global events in times of global media. *Owning the Olympics* tests the possibilities and limits of the concept of 'media events' by analyzing the mega-event of the information age: the Beijing Olympics. . . . A good read from cover to cover. —Guobin Yang, Associate Professor, Asian/Middle Eastern Cultures & Sociology, Barnard College, Columbia University From the moment they were announced, the Beijing Games were a major media event and the focus of intense scrutiny and speculation. In contrast to earlier such events, however, the Beijing Games are also unfolding in a newly volatile global media environment that is no longer monopolized by broadcast media. The dramatic expansion of media outlets and the growth of mobile communications technology have changed the nature of media events, making it significantly more difficult to regulate them or control their meaning. This volatility is reflected in the multiple, well-publicized controversies characterizing the run-up to Beijing 2008. According to many Western commentators, the People's Republic of China seized the Olympics as an opportunity to reinvent itself as the New China---a global leader in economics, technology, and environmental issues, with an improving human-rights record. But China's maneuverings have also been hotly contested by diverse global voices, including prominent human-rights advocates, all seeking to displace the official story of the Games. Bringing together a distinguished group of scholars from Chinese studies, human rights, media studies, law, and other fields, *Owning the Olympics* reveals how multiple entities---including the Chinese Communist Party itself---seek to influence and control the narratives through which the Beijing Games will be understood. *digitalculturebooks* is an imprint of the University of Michigan Press and the Scholarly Publishing Office of the University of Michigan Library dedicated to publishing innovative and accessible work exploring new media and

their impact on society, culture, and scholarly communication. Visit the website at [www.digitalculture.org](http://www.digitalculture.org).

*The Mobile Application Hacker's Handbook* Dominic Chell, Tyrone Erasmus, Shaun Colley, Ollie Whitehouse, 2015-06-11 See your app through a hacker's eyes to find the real sources of vulnerability. The Mobile Application Hacker's Handbook is a comprehensive guide to securing all mobile applications by approaching the issue from a hacker's point of view. Heavily practical, this book provides expert guidance toward discovering and exploiting flaws in mobile applications on the iOS, Android, Blackberry, and Windows Phone platforms. You will learn a proven methodology for approaching mobile application assessments, and the techniques used to prevent, disrupt, and remediate the various types of attacks. Coverage includes data storage, cryptography, transport layers, data leakage, injection attacks, runtime manipulation, security controls, and cross-platform apps, with vulnerabilities highlighted and detailed information on the methods hackers use to get around standard security. Mobile applications are widely used in the consumer and enterprise markets to process and/or store sensitive data. There is currently little published on the topic of mobile security, but with over a million apps in the Apple App Store alone, the attack surface is significant. This book helps you secure mobile apps by demonstrating the ways in which hackers exploit weak points and flaws to gain access to data. Understand the ways data can be stored, and how cryptography is defeated. Set up an environment for identifying insecurities and the data leakages that arise. Develop extensions to bypass security controls and perform injection attacks. Learn the different attacks that apply specifically to cross-platform apps. IT security breaches have made big headlines, with millions of consumers vulnerable as major corporations come under attack. Learning the tricks of the hacker's trade allows security professionals to lock the app up tight. For

better mobile security and less vulnerable data, The Mobile Application Hacker's Handbook is a practical, comprehensive guide.

**Buying & Owning Property in Central Florida** Garrett Kenny, 2015-01-06 Have you ever wanted to own a piece of the magic in Central Florida or wanted to invest in the growing hub that is Orlando but aren't quite sure what a title company is or what a short sale is? Well, local ex-pat and property expert Garret Kenny's new book Buying and Owning Property in Central Florida is the ultimate resource for anyone looking to buy property in this popular area. Written expressly for overseas buyers, Garrett's book takes you through the entire buying process in Florida—from selecting the right Orlando area, to property selection, to financing, and right through to contracting and renting, showing you what to watch out for each step of the way and how to get ahead. Buyers from overseas have spent \$50 billion-plus on more than 250,000 properties in Florida from 2009 to the summer of 2013, according to data from the National Association of Realtors, yet there is very little information out there specifically on the Florida market for the savvy buyer who wants to ensure that they do everything correctly and make the best choices. Garrett's book addresses that gap in an easily accessible all encompassing guide. This book has all you need to know for buying and owning property in Central Florida.

**Owning an Electric Car - 2010 Edition** Michael Boxwell, 2010 Owning an Electric Car is the essential book for anyone who is interested in owning an electric car and who wants to know more about them. The book has been written with input from hundreds of people from all around the world: interviews and surveys with owners of electric cars about their experiences - both good and bad, meetings with vehicle manufacturers and discussions with politicians, environmental campaigners and electricity providers have all contributed make this book an essential guide to help you make an

informed choice about electric cars.

**Owning Game-Changing Subcategories** David Aaker, 2020-02-04 Owning Game-Changing Subcategories is about creating organizational growth in the digital age by creating and owning game-changing subcategories fueled by digital. Owning Game-Changing Subcategories outlines the path to finding, managing, and leveraging new subcategories. In the digital age, the path has been made wider, shorter, and more frequently traveled. Throughout Owning Game-Changing Subcategories, David Aaker discusses certain aspects of the digital age that alter this path, such as E-commerce providing fast, inexpensive market access bypassing the cost of gaining distribution into storefront retailers or creating personal sales teams and social media and websites enabling communication on steroids in comparison with traditional use of advertising or events. Growth is not only a success measure but also creates energy and opportunity for customers and employees. And such growth almost never occurs with “my brand is better than your brand” marketing. Owning Game-Changing Subcategories explores the only ways to grow a business (with rare exceptions) which is to: develop new “must haves” that define a game-changing subcategory that provides a new or markedly superior buying or use experience or brand relationship to a core customer base; become the exemplar brand that represents the subcategory and drives its visibility, positioning, and success; and create barriers to competitors that could include “must-have” associations and a basis of relationships that go beyond functional benefits.

**Personal Cybersecurity** Marvin Waschke, 2017-01-12 Discover the most prevalent cyber threats against individual users of all kinds of computing devices. This book teaches you the defensive best practices and state-of-the-art tools available to you to repel each kind of threat. Personal Cybersecurity addresses the needs of individual users at work and at home. This book covers personal

cybersecurity for all modes of personal computing whether on consumer-acquired or company-issued devices: desktop PCs, laptops, mobile devices, smart TVs, WiFi and Bluetooth peripherals, and IoT objects embedded with network-connected sensors. In all these modes, the frequency, intensity, and sophistication of cyberattacks that put individual users at risk are increasing in step with accelerating mutation rates of malware and cybercriminal delivery systems. Traditional anti-virus software and personal firewalls no longer suffice to guarantee personal security. Users who neglect to learn and adopt the new ways of protecting themselves in their work and private environments put themselves, their associates, and their companies at risk of inconvenience, violation, reputational damage, data corruption, data theft, system degradation, system destruction, financial harm, and criminal disaster. This book shows what actions to take to limit the harm and recover from the damage. Instead of laying down a code of thou shalt not rules that admit of too many exceptions and contingencies to be of much practical use, cloud expert Marvin Waschke equips you with the battlefield intelligence, strategic understanding, survival training, and proven tools you need to intelligently assess the security threats in your environment and most effectively secure yourself from attacks. Through instructive examples and scenarios, the author shows you how to adapt and apply best practices to your own particular circumstances, how to automate and routinize your personal cybersecurity, how to recognize security breaches and act swiftly to seal them, and how to recover losses and restore functionality when attacks succeed. What You'll Learn Discover how computer security works and what it can protect us from See how a typical hacker attack works Evaluate computer security threats to the individual user and corporate systems Identify the critical vulnerabilities of a computer connected to the Internet Manage your computer to reduce vulnerabilities to yourself and your employer Discover how the adoption of newer forms of biometric authentication affects you Stop your

router and other online devices from being co-opted into disruptive denial of service attacks Who This Book Is For Proficient and technically knowledgeable computer users who are anxious about cybercrime and want to understand the technology behind both attack and defense but do not want to go so far as to become security experts. Some of this audience will be purely home users, but many will be executives, technical managers, developers, and members of IT departments who need to adopt personal practices for their own safety and the protection of corporate systems. Many will want to impart good cybersecurity practices to their colleagues. IT departments tasked with indoctrinating their users with good safety practices may use the book as training material.

The Complete Guide to Buying and Owning a Recreational Property in Canada Douglas Gray, 2009-06-11 Prime vacation property throughout Canada has doubled in value within the past five years. For the potential buyer of a vacation property, the cost of entry can be stiff. There is a high demand for many to own a vacation home or idyllic retreat for pleasure and lifestyle enjoyment, future retirement, rental revenue, or investment profit. But buying a recreational property can be a potential minefield for many reasons, as there can be complex tax, legal, estate planning, and investment issues to consider. When investing hundreds of thousands of dollars in a recreational property you will need to do your due diligence and seek solid advice. The Complete Guide to Buying and Owning Recreational Property in Canada, written by Canada's leading authority on matters related to real estate, offers valuable insights and tips, and will prove a trustworthy resource for many years to come. Topic areas include: Buying the right property, for the right reasons, in the right location How to set a purchase and financing strategy and how to negotiate your best deal How to exercise caution when buying with family or friends-and how to keep peace in the family when sharing use or ownership Getting the help of professionals, such as a tax accountant, lawyer, home

inspector, mortgage broker, insurance broker, and realtor. Obtaining tax and estate planning strategic advice to save tax on transfer, sale or bequeathing of the property, or inheriting a property What you need to know if you are buying recreational property as an investment. Money saving tips when renting your property yourself or using professional rental management Special cautions if buying a vacation home or cottage outside of Canada Creative ways of using your vacation home or cottage for exchange or barter Key strategies to follow and classic pitfalls to avoid And much, much more! Plus Sources of Further Information, Key Websites, Checklists, Glossary, and Index.

*... Interstate Commerce Corporations Owning Capital Stock of Other Transportation Corporations* United States. Interstate Commerce Commission,1908

**Wharfbuilding, handbook** United States. Bureau of Yards and Docks,1977

**Technology** N.S. Siddharthan,K. Narayanan,2016-09-01 This volume deals with the role and impact of technology on the economy and society. The papers on corporate dimensions address the impact of patents, determinants of innovative activities, differential behaviour of multinationals, industrial groups and other firms with regard to innovations and technology. In contrast, the papers on social dimensions chiefly deal with the role of technology in reducing inequality. The majority of the papers employ econometric techniques and other statistical methods, and many are based on primary data. The studies emphasise the importance of innovations (especially patents) and human capital in influencing productivity across Indian states, the significance of patenting in determining the efficiency of firms, the role of business groups in promoting innovations, differences in the technological characteristics of multinational and domestic firms, and how mergers and acquisitions can promote R&D. The papers on social dimensions analyse how innovative activities can shape employment, the impact of technology on poverty, the socioeconomic characteristics of mobile phone

ownerships, use of information and communications technologies at educational institutions, and the influence of Synchronous Technologies in reducing access to teaching programmes./div The studies show that those Indian states that have invested in human capital and technology experienced higher labour productivity. Further, the studies establish a positive correlation between R&D spending and employment. Lastly, they demonstrate that the adoption of agriculture-related technologies can have a significant impact on rural poverty and consumption expenditures.

The New Investor's Guide to Owning a Mobile Home Park Laura Cochran, 2013-08-15 The New Investor's Guide To Owning A Mobile Home Park: Why mobile home park ownership is the best investment in this economy and step by step instructions how to acquire and manage a profitable park Multi-park owner and manager of her own mobile home parks, Laura Cochran, believes that owning a mobile home park is the best investment and attainable for anyone who wants to add a mobile home park investment to his or her portfolio. Purchasing a mobile home park is in my opinion, and based on my own twenty-two years of real estate and mobile home park investing, the best alternative investment for the serious investor. I think every investor should own a mobile home park, and here is why: -Low to zero vacancy rate -Steady monthly income -Predictable monthly cash flow - Good return on investment -Investor has control over cash flow and vacancy rate -Additional opportunities to increase cash flow through rent raises and eliminating utility bills via pass-through billing -Mobile home parks hold their market value and appreciate in value -There is always a demand for affordable housing found in parks -You retain your initial nest egg that you purchased the park with - your investment dollars are in tact This purchase of The New Investor's Guide To Owning A Mobile Home Park takes you through 25-Chapters of step by step instruction, and includes SIX FREE MONTHS of unlimited park browsing on our exclusive mobile home park website

www.mobilehomeparkinfo.com as detailed in Chapter Three. Wishing you every success with your continued investing ventures as you research and discover the possibilities of adding a mobile home park to your investments. -author Laura Cochran This Mobile Home Park investor's guide contains the following 25 chapters: Chapter 1 W.O.W. WORKING FOR YOUR MONEY, OWN YOUR OWN BUSINESS, YOUR MONEY WORKING FOR YOU Chapter 2 TYPES OF PARKS Chapter 3 WHERE TO FIND PARKS FOR SALE Chapter 4 WHAT MAKES A PROFITABLE MOBILE HOME PARK: CAP RATES AND CASH FLOW Chapter 5 FINANCING: HOW CAN YOU AFFORD A MOBILE HOME PARK? HOW CAN ANYONE? Chapter 6 GETTING STARTED: INTERVIEWING BANKS Chapter 7 SETTING UP YOUR BUSINESS: THE VALUE OF A CORPORATE VEIL Chapter 8 YOUR PROFESSIONAL CIRCLE Chapter 9 BUYING VERSUS DEVELOPING Chapter 10 QUESTIONS TO ASK BEFORE BUYING A PARK Chapter 11 WHY ARE THEY SELLING? WHAT CAN YOU FIX THAT WILL MAKE THIS PARK PROFITABLE? Chapter 12 CONGRATULATIONS- YOU BOUGHT A PARK! Chapter 13 MANAGEMENT: WHO IS GOING TO MANAGE YOUR PARK FOR YOU? Chapter 14 TIME-SAVING SOFTWARE Chapter 15 GO AWAY... AND STILL MANAGE YOUR PARK Chapter 16 PAY YOUR OWN BILLS Chapter 17 UTILITIES Chapter 18 PARK RULES Chapter 19 BE STRICT Chapter 20 COLLECTING RENT Chapter 21 NOTICES: WHAT HAPPENS WHEN TENANTS FAIL TO PAY RENT Chapter 22 GOING TO COURT: FED'S AND TRIALS Chapter 23 PROBLEMS IN YOUR PARK Chapter 24 KEEPING YOUR PARK FULL AND PROFITABLE Chapter 25 STEP-BY-STEP INSTRUCTIONS: CHECKLIST FOR BUYING YOUR MOBILE HOME PARK

**Discourse of Twitter and Social Media** Michele Zappavigna, 2012-02-23 Social media such as microblogging services and social networking sites are changing the way people interact online and search for information and opinions. This book investigates linguistic patterns in electronic discourse, looking at online evaluative language, Internet slang, memes and ambient affiliation using a

large Twitter corpus (over 100 million tweets) alongside specialized case studies. The author argues that we are currently witnessing a cultural movement from online conversation to what can be termed 'searchable talk' - online talk where people affiliate by making their discourse findable (for example, via metadata such as Twitter hashtags) by others holding similar interests. This cutting edge text will be of interest to all scholars and students dealing with electronically mediated discourse.

**Wireless and Mobile Device Security** Jim Doherty, 2014-12-23 The world of wireless and mobile devices is evolving day-to-day, with many individuals relying solely on their wireless devices in the workplace and in the home. The growing use of mobile devices demands that organizations become more educated in securing this growing technology and determining how to best protect their assets. Written by an industry expert, *Wireless and Mobile Device Security* explores the evolution of wired networks to wireless networking and its impact on the corporate world. Using case studies and real-world events, it goes on to discuss risk assessments, threats, and vulnerabilities of wireless networks, as well as the security measures that should be put in place to mitigate breaches. The text closes with a look at the policies and procedures in place and a glimpse ahead at the future of wireless and mobile device security.

*Owning Faith* Ron Bruner, Dudley Chancey, 2017-01-10 More than ever, young disciples want relationships with their parents and other adults; *Owning Faith* helps older disciples understand how to honor and nurture relationships that last a lifetime. Today's adolescents face an uphill climb as they seek to own their faith. And while it's easy to think that what they really need is an expert, *Owning Faith* lets you in on God's big secret: what they need more than anything else is you. *Owning Faith* is an accessible guide into the adventure-filled spiritual journey of adolescents. If you would like to learn how to be a wise and compassionate companion who can make an eternal difference in the

lives of youth, *Owning Faith* will show you how.

*Franchise Times Guide to Selecting, Buying & Owning a Franchise* Julie Bennett, Cheryl Babcock, 2008 Buying a franchise can be a handy shortcut to the American dream of owning your own business. But there are dangerous pitfalls--and possible drawbacks to even the best franchise deals. Here, for every prospective franchisee, is authoritative advice from a trustworthy source. The experts of Franchise Times offer their picks of the top 200 franchises and 100 up-and-comers, complete with contact information, financial requirements, fees, and more. There are practical tips on everything from hiring and marketing to financing your franchise, leasing a retail space (or setting up a home office), and deciding if you should buy or run a franchise with your spouse. With anecdotes and advice from current franchisees and franchisors, this is a book every would-be entrepreneur should read before signing a contract.

**Emerging Work Trends in Urban India** Nidhi Tandon, Pratyusha Basu, Omkumar Krishnan, Bhavani R.V., 2022-03-10 This book offers an overview of India's emerging digital economy and the resulting challenges and opportunities for urban workplaces. It examines contemporary economic and social transformations in India by focusing on how new technologies and policies are shaping urban work practices and patterns. The book emphasizes inclusive and equitable practices that consider the needs of the formal and informal sector workforce as essential to India's urban development. Drawing on cross-disciplinary frameworks, it examines key issues related to work trends in the Indian urban economy and its digital landscapes, including Industry 4.0 and technology-labour nexus, smart cities and innovation, urbanism and consumerism, workplace transitions such as service industry and remote work, digital divide, skill development initiatives, and the impact of socio-economic inequalities and disruptions. The authors provide perspectives on the

digital future of urban work in India and other emerging economies in the post-COVID-19 phase, and underscore the importance of enacting balanced policies, remodelling institutions, and equipping the labour force for adapting to new demands related to future employability and investments. This book will interest students, teachers, and researchers of urban studies, urban sociology, sociology of work, labour studies, human and urban geography, economic geography, urban economics, development studies, urban development and planning, public policy, regional planning, politics of urban development, social and cultural change, urban sustainability, environmental studies, management studies, South Asian Studies, and Global South studies. It will also be useful to policymakers, non-governmental organizations, activists, and those interested in India and the future of the global economy.

*New Connectivities in China* Pui-lam Law, 2012-03-30 The fast diffusion of information and communication technologies (ICTs) in China has brought forth new forms of connection among the Chinese and has changed their social lives. Virtual networks have been developed and in turn have led to the formation of networks in the actual world. This collection explores the resultant complications in the relationship between virtual, actual, and local interactions. It discusses various aspects of the implications of the new connectivities on these three types of interactions in China. The topics examined include: the possibility of the development of civil society in China, the implications for the migrant workers in the south, the challenge posed to the traditional social order, and the relationship between the new connectivities and the Chinese social context.

**Owning the Street** Amelia Thorpe, 2020-12-15 How local, specific, and personal understandings about belonging, ownership, and agency intersect with law to shape the city. In *Owning the Street*, Amelia Thorpe examines everyday experiences of and feelings about property and belonging in

contemporary cities. She grounds her account in an empirical study of PARK(ing) Day, an annual event that reclaims street space from cars. A popular and highly recognizable example of DIY Urbanism, PARK(ing) Day has attracted considerable media attention, but has not yet been the subject of close scholarly examination. Focusing on the event's trajectories in San Francisco, Sydney, and Montreal, Thorpe addresses this gap, making use of extensive interview data, field work, and careful reflection to explore these tiny, temporary, and often transformative interventions.

Bullying and Cyberbullying, Second Edition Elizabeth Kandel Englander, 2023-10-17 Revised and updated to address shifts in the climate of bullying in schools and online, this timely work suggests anti-bullying approaches that are concrete, practical, and grounded in research. In this deeply insightful work, nationally renowned bullying expert Elizabeth Kandel Englander offers sensible perspectives on student social behavior and equips educators and parents with effective strategies to identify and address bullying. This second edition of *Bullying and Cyberbullying* reveals how enormous social changes, increased digital connections, and a global pandemic have indelibly altered the psychological world of children—and in turn shaped their peer interactions. Englander notes that effective school bullying prevention and intervention is rooted in a solid understanding of child development, social structures in schools, and the connections between online behavior and in-school socializing. Building on continuing research on smartphone and social media usage, online privacy, and sexting and other risky behaviors, this updated edition prepares educators and parents to identify gateway behaviors, anticipate bias-based bullying, and respond to aggression and harassment. Englander offers sage advice for promoting resilience, strong friendships, and healthy technology use, among other prosocial behaviors that can avert bullying among students. This much-needed work provides an accessible framework for understanding and responding effectively to bullying and offers

suggestions for collaboration between educators and parents.

**Moving Data** Pelle Snickars, Patrick Vonderau, 2012 The iPhone has revolutionized not only how people communicate but also how we consume and produce culture. Combining traditional and social media with mobile connectivity, smartphones have redefined and expanded the dimensions of everyday life, allowing individuals to personalize media as they move and process constant flows of data. Today, millions of consumers love and live by their iPhones, but what are the implications of its special technology on society, media, and culture? Featuring an eclectic mix of original essays, *Moving Data* explores the iPhone as technological prototype, lifestyle gadget, and platform for media creativity. Media experts, cultural critics, and scholars consider the device's newness and usability--even its lickability--and its biographical story. The book illuminates patterns of consumption; the fate of solitude against smartphone ubiquity; the economy of the App Store and its perceived crisis of choice; and the distance between the accessibility of digital information and the protocols governing its use. Alternating between critical and conceptual analyses, essays link the design of participatory media to the iPhone's technological features and sharing routines, and they follow the extent to which the pleasures of gesture-based interfaces are redefining media use and sensory experience. They also consider how user-led innovations, collaborative mapping, and creative empowerment are understood and reconciled through changes in mobile surveillance, personal rights, and prescriptive social software. Presenting a range of perspectives and arguments, this book reorients the practice and study of media critique.

Yeah, reviewing a book **Pwning Mobile** could be credited with your near connections listings. This is

just one of the solutions for you to be successful. As understood, endowment does not suggest that you have fantastic points.

Comprehending as skillfully as arrangement even more than new will come up with the money for each success. bordering to, the proclamation as without difficulty as keenness of this Pwning Mobile can be taken as well as picked to act.
