A Quizzical Corpse Kate Irving,2004-06 When quiz queen Babs Beaumont is killed by a hit-and-run driver minutes after scooping the 10,000 prize on a new TV quiz show, the police decide it was an accident. Fellow-contestant Molly Massey is not so sure. She knows Babs had uncovered a dark secret about one of the other players. But which? Molly is faced with a line-up of oddball suspects. There's bird-brained TV wannabe Shellee; foul-mouthed photographer Roger; feisty PR girl Kimmi; mild-mannered schoolmaster Alan; Cozza, drummer with the aptly named rock band Rigor Mortis, hot-tempered taxi driver Rick; and finally Myles, author of the worst spy thrillers ever written. Then there's a second contestant death, and this time it's definitely murder.. Molly enlists the help of fellow-quizzier Peter Bestwick, and the amateur sleuths lurch from crisis to crisis as they pursue their investigation. Always just one step away from disaster, they stagger gamely on. Will they uncover the truth and trap the double killer? And can you beat them to the solution?

Belinda Maria Edgeworth,1999-04-29 Maria Edgeworth won the admiration of her contemporary Jane Austen, as well as later writers such as Thackeray and Turgenev, and in *Belinda* (1801) she tackles issues of gender and race in a manner at once comic and thought-provoking. Braving the perils of the marriage market, Belinda learns to think for herself as the examples of her friends prove singularly unreliable. Edgeworth's varied cast includes the bewitching aristocrat, Lady Delacour, whose dreadful secret puts her in the power of her volatile servant; the dashing Creole gentleman, Mr Vincent who almost succeeds in winning Belinda's hand if not her heart; the eccentric Clarence Hervey, whose attempts to create an ideal wife backfire; and the outrageous Harriet Freke, whose antics as social outlaw land her in a mantrap. This lively comedy challenges the conventions of courtship, examines questions of female independence, and exposes the limits of domesticity. The text used in this edition (1802) also confronts the difficult and fascinating issues of racism and mixed marriage, which Edgeworth toned down in later editions. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

A Dictionary of Slang: L-Z John Stephen Farmer,1987

Question Time Mark Mason,2017-10-05 Which major UK retailer has the same name as Odysseus's dog in Greek mythology? In the original version of the Band Aid hit 'Do They Know It's Christmas?', who sang the opening line? Which is the only US state whose name can be typed on a single row of a QWERTY keyboard? Travel writer and quiz fan Mark Mason decided to combine two of his greatest loves by setting off on a tour of Britain's quizzes. From a pub quiz in Edinburgh to a charity quiz in Hampshire, from a corporate quiz in Birmingham to a journalists' quiz in Parliament, he finds answers aplenty while asking some questions of his own. Just what is it that attracts us to these tests of our knowledge? What are the ingredients of the perfect quiz question? And which is the only English city whose official name begins with H? The only travel book ever to discuss Winston Churchill's use of language and reveal Donald Duck's middle name, QUESTION TIME is an affectionate tribute to Britain and one of its most cherished institutions - the quiz.

London and the Making of Provincial Literature Joseph Rezek,2015-07-10 In the early nineteenth century, London publishers dominated the transatlantic book trade. No one felt this more keenly than authors from Ireland, Scotland, and the United States who struggled to establish their own national literary traditions while publishing in the English metropolis. Authors such as Maria Edgeworth, Sydney Owenson, Walter Scott, Washington Irving, and James Fenimore Cooper devised a range of strategies to transcend the national rivalries of the literary field. By writing prefaces and footnotes addressed to a foreign audience, revising texts specifically for London markets, and celebrating national particularity, provincial authors appealed to English readers with idealistic stories of cross-cultural communion. From within the messy and uneven marketplace for books, Joseph Rezek argues, provincial authors sought to exalt and purify literary exchange. In so doing, they helped shape the Romantic-era belief that literature inhabits an autonomous sphere in society. *London and the Making of Provincial Literature* tells an ambitious story about the mutual entanglement of the history of books and the history of aesthetics in the first three decades of the nineteenth century. Situated between local literary scenes and a distant cultural capital, enterprising provincial authors and publishers worked to maximize success in London and to burnish their reputations and build their industry at home. Examining the production of books and the circulation of material texts between London and the provincial centers of Dublin, Edinburgh, and Philadelphia, Rezek claims that the publishing vortex of London inspired a dynamic array of economic and aesthetic practices that shaped an era in literary history.
