The Startup Playbook Rajat Bhargava, Will Herman, 2020-06-23 Get the real guidance you need to create and build your first startup company from founders who have been there many times before. The first run printing of The Startup Playbook SOLD OUT! So, we revised, expanded, and improved this second edition, including a new foreword by Brad Feld, author of Venture Deals. We will give our personal, how-to guide for building your startup from the ground up. You'll find a collection of the major lessons and shortcuts we've learned that will shift the odds in your favor. We're sharing our tips, secrets, and advice in a frank, founder-to-founder discussion with you. We make no bones about our bias. We're on your side, the founder's side. While venture capitalists, investors, and accelerators/incubators can add great value in the startup ecosystem, this book isn't about their points of view. We'll tell you where our interests as founders diverge from those on the other side of the table—investors, bankers, advisors, board members, and others—and what to do when that happens. The Startup Playbook is not a recipe, it's not a template, it's not a list of tasks to do. It's our founder's guide to starting a company and running it successfully in those critical early months. Between us, we've started over a dozen high-tech software companies and raised over \$500 million in investment capital. We've acquired over thirty-five companies, had three of our startups go public, sold six of them, and we made billions of dollars for shareholders. We've also invested in over eighty startups, advised and mentored over two hundred companies and actively worked with venture capitalists (VCs), incubators, and accelerators to help launch many other new startups. We've had plenty of failures, too. And we've probably learned more from those than from the successes. We share those lessons as well. The Startup Playbook is full of our advice, guidance, do's, and don'ts from our years of experience as founders many times. We want to share our hard-earned knowledge with you to make success easier for you to achieve. This book is extraordinarily fresh and exciting. In an accessible, straight talk fashion, this book is a manual, and an inspiration. The Startup Playbook is smart and avoids the 'I am so smart' over-writing endemic to the genre. Read this as it is presented. You'll be doing yourself a tremendous favor. —Amazon Reviewer

Being Hindu, Being Indian Manju Kapur, 2024-02-29 In popular imagination, Lala Lajpat Rai is frequently associated with Bhagat Singh, who, by assassinating J.P. Saunders, avenged Rai's death, caused by a police lathi charge, and was hanged for it. Lajpat Rai is also remembered for his fervent opposition to British rule. In recent decades, however, historians have converged with the Hindu Right in rediscovering Lajpat Rai as an ideological ancestor of Hindutva. But what then explains Rai's wholehearted approval of Congress-Muslim League cooperation, and attempt to endow Hindus and Muslims with bonds of common belonging? Why did he reinterpret India's medieval history to highlight peaceful coexistence between Hindus and Muslims? Have our hasty conclusions about Lajpat Rai's nationalist thought concealed its complexities and distorted our understanding of nationalism in general? Meticulously researched and eloquently written, *Being Hindu, Being Indian* offers the first comprehensive examination of Lajpat Rai's nationalist thought. By revealing the complexities of Rai's thinking, it provokes us to think more deeply about broader questions relevant to present-day politics: Are all expressions of 'Hindu nationalism' the same as Hindutva? What are the similarities and differences between 'Hindu' and 'Indian' nationalism? Can communalism and secularism be expressed together? How should we understand fluidity in politics? This book invites readers to treat Lajpat Rai's ideas as a gateway to think more deeply about history, politics, religious identity and nationhood.

The 'Bible of Cricket', Wisden Cricketers' Almanack has been published every year since 1864. Wisden's Cricketers of the Year Awards, one of the oldest honours in the sport, dates back to 1889. The Almanack, known for editorial excellence, has been a perennial bestseller in the UK. The third edition with India-specific content is even more engrossing. Contributors include Ramachandra Guha, Ian Chappell, Ajit Wadekar, Amol Rajan, Osman Samiuddin, Dileep Premachandran, Prashant Kidambi, Ruchir Joshi, Rajdeep Sardesai, Akash Chopra, Jarrod Kimber, and Jack Hobbs.
