The Many Lives of a Rajput Queen Ramya

Sreenivasan,2017-05-01 Winner of the 2009 Ananda Kentish Coomaraswamy Book Prize, sponsored by the Association for Asian Studies The medieval Rajput queen Padmini - believed to have been pursued by Alauddin Khalji, the Sultan of Delhi - has been the focus of numerous South Asian narratives, ranging from a Sufi mystical romance in the sixteenth century to nationalist histories

in the late nineteenth century. *The Many Lives of a Rajput Queen* explores how early modern regional elites, caste groups, and mystical and monastic communities shaped their distinctive versions of the past through the repeated refashioning of the legend of Padmini. Ramya Sreenivasan investigates these legends and traces their subsequent appropriation by colonial administrators and nationalist intellectuals, for varying different political ends. Using Padmini as a means of illustrating the power of gender norms in constructing heroic memory, she shows how such narratives about virtuous women changed as they circulated across particular communities in South Asia between the sixteenth and early twentieth centuries. This book will interest historians of memory, gender, community, culture, and historywriting in South Asia. Illustrating how enduring legends emerged out of particular precolonial repositories of tradition, the book also addresses the nature of colonial transitions and precolonial historical consciousness.

The Last Laugh Ramya Sethuraman, Louis Dobson, Lakshman Sethuraman, Alberto Gomez, 2009-07 Discover the romantic in you with The Last Laugh! Branded in History Ramya Ramamurthy, 2021-10-25 What did advertising campaigns look like 100 years ago? How did early brands capture the imagination of Indian consumers? How deep are the roots of modern consumer behaviour in the country? Lux soaps, Jabakusum hair oil, Woodward's Gripe Water, Atlas Cycles, Dalda, Mafatlal Textiles - these evergreen brands have immortalized themselves by capitalizing on emerging trends for almost a hundred years. These popular brands as well as others lesser known (though equally iconic) can teach modern-day brands a thing or two about surviving in a market that is in constant flux. Focusing on a century bookended by two movements for independence, Branded in History draws readers into the fascinating story of how colonial Indian brands - both home-grown and foreign - were produced, distributed and marketed between 1847 and 1947, a time when branding as a concept was still in its infancy. From consumer goods to consumables, household utilities to toiletries, and heavy industries to medical supplies, this book explores the reasons behind the successes and failures of the earliest brands in the subcontinent, and presents valuable and relevant marketing lessons from an era gone by.

Stop Weighting Ramya Subramanian, 2022-12-05 Ramya, the confident superstar and influencer of today, was once a naive and self-conscious teenager, who suffered bullying and body shaming.

Just as any other insecure adolescent would, she began a long and tortuous journey to become 'thin'. Ludicrous crash diets, intense workouts at the gym and an all-pervading sense of inferiority afflicted her for nearly a decade. In the midst of this, Ramya was catapulted into fame at an early age when she got her first break as a television anchor. But with the media attention came all the toxic side-effects of being a celebrity. Until she decided to take back control over her life. Today, Ramya is healthier and happier than she has ever been. In *Stop Weighting* we find out how she achieved this. Digging into stories, mistakes and life lessons, the book draws from the highs and lows of Ramya's personal fitness journey with the hope that it will help others to lay the groundwork for their own. She busts the myths around fitness and helps readers establish safe and sustainable methods to become healthier without false promises or crazy diets. Surprisingly deep even in its light, funny and conversational tone, the book is integrated with tables and exercises making it a holistic guide to discovering a healthier, fitter and happier you.

I'm Choosing Life Ramya Ranganathan, 2017-01-07 "Whispers of Joy and Windows of Healing" - Poetry that uplifts the spirit!. Each of the poems in this book has a life of its own. Most of them have been a vehicle of healing at some point for the author herself - times when she was stuck, sad, or needing additional clarity. Some of the poems are light and uplifting - like dewdrops infused with sunlight. Others are heavy and reflective, they might even draw your attention to your own problems and pain. However, even as these poems lead you to connect with your pain, they will crack open a tiny window - to let in just enough light and perspective for the healing to begin. These poems are easy to read and yet they are profound in the insights and clarity that they can gift to you. Each poem is a unique contribution by itself and the recommended way to read this book would be to read one poem in a day. You could even hold the book in your hands, close your eyes for a minute, and ask the universe to lead you to the page that will create the most magic for you on that day. Allow the words of the poem to simmer in you and let it bring up for you whatever is needed for your own journey.

A Place to Call Home Ramya Ramanath, 2018-07-20 Any city is a product of politics and economics, organizations and people. Yet, the life experiences of women uprooted from its poorest quarters seldom inform urban resettlement plans. In this ethnographic field study, Ramya Ramanath, Associate Professor at DePaul University, examines the lives of women displaced by slum clearance and relocated to the largest slum resettlement site in Asia. Through conversations with diverse women of different ages, levels of education, types of employment, marital status, ethnicity, caste, religion, and household make-up, Ramanath recounts how women negotiate a drastic change in environment, from makeshift housing in a park slum to ownership of a high-rise apartment in a posh Mumbai suburb. Each phase of their city lives reflects how women initiate change and disseminate a vision valuable to planners intent on urban and residential transformations. Ramanath urges the concerted engagement of residents in design, development, and evaluation of place-making processes in cities and within their own neighborhoods especially. This book will interest scholars of public policy, women and gender studies, South Asian studies, and urban planning.
