Studio Job: The Book of Job Job Smeets,Nynke Tynagel,2010-11-09 Playing off of what some see as the near-biblical intensity of Studio Job's oeuvre, this monograph, their first, is titled *The Book of Job*. The lavish package resembles a traditional leather-bound bible featuring a number of custom-printing effects including raised bands on the spine of the hardcover case which is covered in imitation leather overlaid with a dense signature composition by Studio Job, gilded page edges, cloth markers, black-letter type, and letterpress elements that distinguish the book from the conventional treatment of design monographs. Further, the slip-cased book is two-in-one with Studio Job on one side, and then on the flip side, the biblical *The Book of Job*, complete with illustrated illuminations. Themes present in the biblically inspired *The Book of Job* are echoed in the organization of the volume, translating the formal wit of Studio Job partners Job Smeets and Nynke Tynagel's work into print. Interior spreads, including photographs taken expressly for the book, and gatefold tableaux specifically designed by the artists and created using special dies, will provides rare insight into Studio Job's particular approach to design and pattern-making, resulting in a highly collectible and rarified book. The award-winning furniture and art objects designed by Smeets and Tynagel bring a monumental sensibility to contemporary industrial design, leavened with unapologetic wit and romance. Celebrated in design and art fairs from Milan to Miami, and featured in the permanent collections of important museums, the pair's creations—from sculpture to graphic design—have attracted a cult following among the cognoscenti. Studio Job's work is drawn from an artistic tradition that infuses everyday objects with grand historical themes, and these inspirational sources have been harnessed to create an unprecedented volume embodying the process of these designers.

Night Studio: a Memoir of Philip Guston Musa Mayer,2023-03-31 The classic, intimate memoir of the artist by Guston's daughter, with a new afterword by Mayer Philip Guston (1913-80) is one of the outstanding figures in 20th-century American art. Beginning as a muralist in the 1930s, Guston embraced the lyrical vocabulary of Abstract Expressionism in his paintings and drawings after his move to the East Coast. Following an artistic crisis in the mid-1960s, his return to figuration--focusing first on simple things of ordinary life, later evolving to the enigmatic and iconic cartoonlike forms for which he is now best known--shook the art world. *Night Studio* is a deeply personal account of growing up in the shadow of a great artist, a daughter's quest to better understand her father, based on letters and notes by the artist and interviews with those who knew him. First published to critical acclaim in 1988, this richly illustrated new edition includes a new afterword by Mayer. Musa Mayer's first book about her father, the memoir *Night Studio*, was published in 1988 by Alfred A. Knopf. A lavishly illustrated new edition was published in 2016 after Hauser & Wirth took over the representation of the estate of Philip Guston from the McKee Gallery. Since her retirement from a 25-year career as a research and patient advocate for people living with breast cancer, she has curated Guston exhibitions in New York, London, Hong Kong and Los Angeles. Her second book with Hauser & Wirth Publishers, *Philip Guston: Nixon Drawings 1971 and 1975*, coauthored with Debra Bricker Balken, was awarded the FILAF d'Or international prize as the best international art book of 2017. Besides managing the estate of Philip Guston, Mayer is president of the Guston Foundation, whose projects include the website PhilipGuston.org, which is built around a chronology of Guston's career

and exhibition history as well as catalogues raisonnés of his paintings, drawings and archives. Mayer lives in New York City with her husband, Tom.

Robin Rhode Andrea Bellini, Michele Robecchi, 2016 The Cape Town-born, Berlin-based multidisciplinary artist Robin Rhode (born 1976) engages photography, performance, drawing and sculpture to create arrestingly beautiful narratives that are brought to life using materials such as soap, charcoal, chalk and paint. Coming of age in a newly post-apartheid South Africa, Rhode was exposed to new forms of creative expression motivated by the spirit of the individual rather than dictated by a political or social agenda. This new Hatje Cantz publication emphasizes the influence of Arte Povera on Rhode's aesthetic, whose creative dialogue also formed during his meeting with the gallery Tucci Russo and his early collaborative efforts with photographer Paolo Mussat Sartor, in which he transformed urban landscapes and interior spaces into imaginary worlds, as two-dimensional renderings become the subject of three-dimensional interactions by a sole protagonist (usually played by the artist or by an actor inhabiting the role of artist).
