**The Evergreen Portfolio** Martin Truax,H. Ronald Miller,2010-08-20 A practical system for growing and protecting wealth in today's volatile markets Martin Truax and Ron Miller are financial professionals, who unlike others in this field, have made money in today's volatile market. While stock markets have been down fifty percent, they've managed to be up seventy percent. This book clearly explains the highly successful portfolio management system used by the authors to protect their clients' wealth as well as garner substantial gains-by participating in profitable market opportunities when they occur. Divided into several informative and engaging sections, The Evergreen Portfolio reveals how you can use hedges to protect the long portion of your portfolio when the market starts to go down. It covers the tactical and technical methodologies needed to protect and grow your assets at a time when many investors are getting wiped out. Discusses the keys to succeeding in today's market, including the best ways to invest in gold, diversify with foreign currency, and much more Contains insights from top minds in the market such as Mark Skousen and Bob Prechter Offers an effective solution to the investment and retirement problems we all now face Written with the serious investor in mind, The Evergreen Portfolio reveals one of the best ways to protect and grow your money in a turbulent financial environment.

**The Currency of Time** David W. Adams,2019-01-08 What if you could do what you're passionate about and achieve work-life balance? What if you were relieved of the pressure to have some massive amount saved? Retiring while you work is possible no matter your level of wealth. In his book, The Currency of Time, author David Adams introduces his three buckets of life approach to create fluid life financial plans, not emergency retirement quitting plans. Using the three buckets approach will help you feel more free, joyful, and fulfilled. We can all find joy in the journey of life while still satisfying our ambitions, goals, health, and personal and spiritual lives. Adams teaches us that if we learn to prioritize living life while also planning for the future, we can find the kind of work-life balance that fuels dreams.

**Recalculating** MR Darren Coleman,2016-12-07 Something has gone wrong. Maybe you're off course, hit a pot hole or run out of gas. You've had a financial accident or took the wrong road. Perhaps you had to stop and help someone else. Or you may have had an open road and you're far ahead of our plan, looking for new opportunities. In any event, you're not where you thought you'd be. You're ahead, you're behind, or your'e just not sure. And you also know that you want to reach your destination - and no one likes asking for directions. With satellite navigation, you can travel anywhere, anytime, and forever free of having to ask for directions. You can move forward with freedom, independence, and confidence. You can change your plans on a whim, and there is no blame or shame if you take the wrong exit or miss a turn.

**Value Investing Today** Charles Brandes,2003-09-22 Updated data and insights to help value investors address the realities of today's markets On the heels of recent stock market tumbles and deceptions, value investing--the staple of investing greats from Benjamin Graham to Warren Buffett--has roared back into the spotlight. Value Investing Today returns with a new edition, filled with updated information and advice to give investors the skills and knowledge to become successful value investors. Broader in scope than previous editions, this third edition offers fresh lessons investors can use to uncover stocks that are, for whatever reason, underpriced in relation to their value. Updates to this edition include: New chapters on the psychology of investing and corporate governance Expanded discussions on the importance of margin of safety Increased correlations among world markets, and how to capitalize on them

**The Strategic Dividend Investor** Daniel Peris,2011-04-22 TIRED OF THE STOCK MARKET'S UPS AND DOWNS? Get off the Wall Street roller coaster with strategic dividend investing! There's a big difference between investing in the stock market and investing in companies through the stock market. The Strategic Dividend Investor shows you why, over the long run, investing in companies with high and rising distributions is far superior to playing the market. Responsible for \$4.5 billion in dividend-anchored portfolios, Daniel Peris demonstrates that, for most investors, buying a stock in the hope of making a quick buck by selling it in a few weeks or months is far from the best way to create wealth. Instead, you should use the stock market as a means of receiving a share of excess profits—dividends—from corporations in which you own stock. Over time, those payments—and the growth of those payments—represent the vast majority of stock market returns. The Strategic Dividend Investor outlines the key issues you need to address in order to create a solid dividend portfolio, including how to: View the stock market as a business venture rather than as a platform for speculation Strike the right balance between current yield and dividend growth Learn to assess the ability and inclination of a company to pay and increase its dividends over time The real key to mastering the stock market is to take the stock out of the equation and treat your outlay as you would any other business investment—with an eye to the long term and to cash returns. By contrast, the buy low, sell high, repeat frequently philosophy foisted on the investing public has been wrecking portfolios on Main Street for decades, all the while generating big profits for Wall Street. But after a decade of mediocre returns from the stock market—highlighted by two dramatic crashes—now is the time to refocus your portfolio on dividends, and The Strategic Dividend Investor will show you how. Praise for The Strategic Dividend Investor Peris is way out in front of the Wall Street pack. His book makes a case for dividend-driven investing that no one in this back-to-basics era should ignore. Josh Peters, Editor, The Morningstar Dividend Investor Peris is a leading portfolio manager in the dividend investing space, and his results and insights add tremendous value to any portfolio. Whether you're an individual investor or an institution portfolio manager, The Strategic Dividend Investor is an absolute must read in this challenging market environment. Don Dion, President, Dion Money Management, and Editor, The Fidelity Independent Adviser In this lively and persuasive polemic, Daniel Peris forcefully reminds us what equity investing is really all about: SHOW ME THE MONEY! Ian Kennedy, former Director of Research, Cambridge Associates [Makes] the strongest cases I've ever seen for relentlessly investing in dividend stocks and funds that own them. Kiplinger's

*Own Your Future* Echo Huang,2020-04-07 Own Your Future is the story of how a poor immigrant came to live the American dream and how you can too. It's a story of dreams manifested as a result of the guidance offered by the author's seven core principles: daring to dream, being adaptable, respecting education, setting goals, utilizing smart and deliberate planning to achieve success, seizing opportunities when they arise, and benefiting from the wisdom of others. Based on the author's twenty-five years of experience in the trenches, not just of investment management but also of private and public accounting, this book educates the reader about wealth management and offers useful tools that can be used to make our financial lives more organized. Echo Huang pulls back the curtain on the wealth management profession as a whole and shows you how to make it work for you, as well as whom and what to trust, who should be on your team, and how they should be working together in a holistic way to help you reach your financial independence day.

**The Bottom Line of Happiness** Matthew Pardieck,2021-12-09 Almost 50% of business owners will transition to their exit strategy within the next five years. Are you set up for success-and most importantly-happiness? As an aeronautical engineer and pilot working in wealth management for business owners for over 25 years, Matthew Pardieck knows a thing or two about navigating corporate success as well as personal happiness. Written for the mission-driven business owner who is moved to not only complete an exit from a profitable business but also wants to leverage that success to help them take care of the people and causes important to them-such as family, employees, charities, and community-The Bottom Line of Happiness shares ideas on: Understanding and shaping your business around your True North How to form and manage a dynamic team that helps with ideas and action Important tools that are available to keep you and your business on course while you take care of yourself and those important to you The differences between the types of businesses so you understand your most appropriate financial and exit strategies Financial and tax strategies to help you and your causes as you build and grow a business Understanding the many types of exits and choosing one that fits your financial and non-financial goals And continuing to live a fulfilling life with a big heart before and after your exit The mission-driven owners who fly toward their own True North are what Pardieck calls Big Hearted Business Owners(TM). Employing tens of millions of workers, Big Hearted Business Owners(TM) have the ability to create new wealth and improve their communities. Yet many lack the training, expertise, or time to navigate the tax, planning, and financial landscape. Pardieck's tried-and-true techniques have helped owners fulfill their corporate and personal goals as well as potentially saving millions in taxes, which in many cases have been re-directed toward causes important to them or their families.

**Stop. Think. Invest.: A Behavioral Finance Framework for Optimizing Investment Portfolios** Michael Bailey,2022-01-04 Use the power of behavioral finance to make smarter, better-informed decisions through every step of the investing process In an economy where markets are more unpredictable than ever, emotions can derail the efforts of even the most experienced investors and wreak havoc on portfolio returns. Applying powerful behavioral finance concepts, Stop. Think. Invest. provides a framework for identifying personal biases and avoiding mistakes that can cost big profits. Based on the author's extensive research and 100 key behavioral finance concepts, this guide provides a winning 12-step process you can use to successfully manage your trading and investing for long-term success, including: Begin the initial research into a new stock Create an investment thesis—why are you buying the stock? Trade timing and size—when are you buying and how much? Make the initial purchase Review the trade—round up or round down Test your original investment thesis Stop. Think. Invest. reveals critical information about behavioral finance flaws, such as anchoring, confirmation bias, recency bias, and loss aversion. Unlike other behavioral investing guides, Stop. Think. Invest. offers a fully organized and practical approach to applying behavioral finance to everyday investing.
