Recovery Act Gregory D. Kutz,2011-08 The American Recovery and Reinvestment Act (Recovery Act), enacted on February 17, 2009, appropriated \$275 billion to be distributed for federal contracts, grants, and loans. As of March 25, 2011, \$191 billion of this \$275 billion had been paid out. This report determined if Recovery Act contract and grant recipients have unpaid federal taxes and, if so: (1) determines, to the extent possible, the magnitude of known federal tax debt which is owed by Recovery Act contract and grant recipients; and, (2) provides examples of Recovery Act contract and grant recipients who have known unpaid federal taxes. Charts and tables. This is a print on demand edition of an important, hard-to-find report.

Recovery Act Katherine Siggerud, 2010-10 A hallmark of efforts to implement the \$862 billion Amer. Recovery and

Reinvestment Act of 2009 (ARRA) is to be transparent and accountable about what the money is being spent on and what is being achieved. To help achieve these goals, recipients are to report every 3 months on their award activities and expected outcomes. This report covers 11 fed. programs focused on broadband, energy, transport., fed. bldgs., and civil works activities, representing \$67 billion in ARRA funding. The report: (1) describes how the OMB and fed. agencies implemented the act to report funds' uses; and (2) assesses the extent to which descriptions of awards meet transparency criteria. Includes recommendations. Illustrations.

Recovery Act David C. Trimble,2011-09 The American Recovery and Reinvestment Act of 2009 (Recovery Act) included \$4 billion for the EPA¿s Clean Water State Revolving Fund (SRF) and \$2 billion for the agency¿s Drinking Water SRF. This testimony is based on an ongoing review of clean and drinking water projects. It provides preliminary observations on: (1) the status and use of Recovery Act SRF program funds nationwide and in nine selected states; (2) jobs funded by the Recovery Act SRF programs and federal and state efforts to oversee the programs; and (3) challenges, if any, that states have faced in implementing Recovery Act requirements. Charts and tables. This is a print on demand edition of an important, hard-to-find publication.

Recovery Act United States Government Accountability Office, 2017-09-11 This report responds to two ongoing GAO mandates under the American Recovery and Reinvestment Act of 2009 (Recovery Act). It is the fifth in a series of reports since passage of the Recovery Act on the uses of and accountability for Recovery Act funds in 16 selected states, certain localities in those jurisdictions, and the District of Columbia (District). These jurisdictions are estimated to receive about two-thirds of the intergovernmental assistance available through the Recovery Act.

It is also the second report in which GAO is required to comment on the jobs created or retained as reported by recipients of Recovery Act funds. GAO collected and analyzed documents and interviewed state and local officials and other Recovery Act award recipients. GAO also analyzed federal agency guidance and spoke with officials at federal agencies overseeing Recovery Act programs. As of February 12,2010, \$88.7billion, or a little more than 30 percent, of the approximately \$282 billion of total Recovery Act funds for programs administered by states and localities had been paid out by the federal government. Of that amount, approximately \$36 billion has been paid out since the start of federal fiscal year 2010. The following table shows the composition of Recovery Act funding by sector for fiscal years 2009-2011 and 2012-2019. Composition of outlays in percent Actual Estimated 2009 2010 2011 2012-2019 Health 60 39 17 1 Education and Training 28 37 46 8 Transportation 6 9 14 40 Income security 3 7 10 21 Community development 3 5 7 13 Energy & environment 1 3 7 17 Total 100% 100% 100% 100% Total dollars in billions \$52.9 \$103.7 \$63.4 \$61.9 Source: GAO analysis of CBO, FFIS, and Recovery.gov data. Note: Percentages may not total due to rounding. Increased Medicaid Funding As of January 29, 2010, the 16 states and the District have drawn down about \$30 billion in increased Federal Medical Assistance Percentage (FMAP) funds, representing nearly 100 percent of these states' grant awards for federal fiscal year 2009 and about 57 percent for the first and second guarters of federal fiscal year 2010. Most states reported that, without the increased FMAP funds, they could not have continued to support the substantial Medicaid enrollment growth they have experienced, most of which was attributable to children. Most states reported that the increased FMAP funds were integral to maintaining current eligibility levels, benefits, and services and to avoiding further program reductions. As for the longer-term outlook for their Medicaid programs, the District and all but one of the selected

states expressed concern about sustaining their programs after the increased FMAP funds are no longer available, beginning in January 2011. Highway Infrastructure Investment and Transit Funding As of February 16, 2010, the Federal Highway Administration (FHWA) had obligated \$25.1 billion and the Federal Transit Administration (FTA) had obligated about \$7.5 billion-combined about \$32.6 billion (over 93 percent) of the \$35 billion that the Recovery Act provided for highway infrastructure projects and public transportation. Nationwide, Recovery Act funding has been obligated for over 11,000 eligible highway projects. However, some requirements, such as the Recovery Act's maintenance-of-effort requirement

Recovery Act U.s. Government Accountability Office, 2017-08-16 The American Recovery and Reinvestment Act of 2009 (Recovery Act) has provided about \$6 billion in grants for three Department of Housing and Urban Development (HUD) programs that fund housing or community development. As of March 31, 2010, HUD's Capital Fund awarded nearly \$3 billion in grants to 3,134 public housing agencies, the Community Development Block Grant-Recovery (CDBG-R) awarded about \$1 billion to 1,167 recipients, and the Tax Credit Assistance Program (TCAP) awarded \$2.25 billion to 52 state housing finance agencies. The act requires recipients to report specific information on fund use. Recipients began reporting in October 2009. This information is publicly available on Recovery.gov, the official Recovery Act Web site. As requested, for these three HUD programs, the report (1) examines what information recipients are required to report as a part of their descriptions of funded projects, and (2) assesses the extent to which descriptions of a representative sample of 219 grants in Recovery.gov are transparent in providing a basic understanding of grant activities and expected outcomes. GAO reviewed requirements for reporting in the act and Office of Management and Budget (OMB) and HUD guidance

Recovery Act Cornelia M. Ashby,2011-05 This report, one in a series on the uses of and accountability for Recovery Act (RA) funds in selected states and localities, comments on recipients' reports of the jobs created and retained. The RA provided \$2.1 billion for Head Start and Early Head Start, primarily to expand services. This report addressed four questions: (1) How have Head Start and Early Head Start grantees used RA funds, including for expanding enrollment? (2) What challenges have grantees encountered in spending RA funds? (3) How has the Office of Head Start monitored the use of RA funds? (4) How has the quality of jobs data reported by RA recipients, particularly Head Start grantees, changed over time? Charts and tables. This is a print on demand publication.

Recovery Act Mark E. Gaffigan, 2011-08 The American Recovery and Reinvestment Act of 2009 (Recovery Act) provided \$3.2 billion for the Dept. of Energy¿s (DoE) Energy Efficiency and Conservation Block Grant Program (EECBG) to develop and manage projects to improve energy efficiency and reduce energy use and fossil fuel emissions. This report examined: (1) how EECBG recipients used EECBG funds and challenges they faced, if any; (2) DoE and recipients¿ oversight and monitoring activities and challenges, if any; (3) the extent to which the EECBG program is meeting Recovery Act and program goals for energy savings; and (4) the quality of jobs data reported by Recovery Act recipients, particularly EECBG recipients. America Recovered Chad Ress, Jordan H. Carver, 2021-03-25 America Recovered reveals the point where abstract political processes manifest themselves in the physical world, thus providing an alternate means of experiencing the contemporary American landscape. Collectively, the images and essays show what aspects of our everyday lives are being assigned value in the promise of a recovered America. America Recovered collects forty images that mark one of the only efforts to document the breadth of projects funded by the 2009 American Recovery and Reinvestment Act. Unlike the New Deal and other programs designed for employment and infrastructural development, the Recovery Act was passed without any funds dedicated for photographic documentation. Using an official government website as his guide, Chad Ress took photographs of projects across the country. The publication of America Recovered at this moment allows for a critical reassessment of the Act and its lasting impact on the American landscape. The two essays by architectural writer Jordan H. Carver and photography historian Miriam Paeslack situate Ress's photographs within broader discourses of urbanism, infrastructure, and politics. The question of what role the government should play in everyday life remains one of the touchstone issues in American politics. The photographs and essays ask a different set of questions, not whether government spending is good or bad, whether it worked or didn't, but what, exactly does government spending look like. And importantly, America Recovered asks how government spending and civic identity are constructed around place.
