Jimmie H. Butler

Red Lightning John Varley, 2020-09-22 The sequel to *Red Thunder* is “a cosmic coming-of-age novel . . . [with] enthralling everyday heroics” from a Hugo and Nebula Award-winning author (Paul Di Filippo, SciFi.com). It doesn’t matter that Ray Garcia-Strickland’s father was one of the first men on Mars. The now overdeveloped planet has lost its hip factor, its luxurious hotels—like the one Ray’s father manages—overrun with gravity-dependent tourists from Earth. Ray is over the Red Planet. Soon he gets his own chance at interplanetary adventure, when an unknown object hits Earth and causes a massive tsunami. Ray heads back to Florida to help family and friends who’ve survived the devastation—and soon learns the so-called natural disaster could have unnatural consequences . . . “The book Robert A. Heinlein would have written if he lived in George Bush’s America.” —Cory Doctorow, Boing Boing “A highly satisfying sequel to *Red Thunder* . . . Much more than a simple adventure story, full of poignant moments and relevant social commentary.” —Kirkus Reviews, starred review “Drawing unabashedly on current events from 9/11 to Hurricane Katrina, the author mixes space opera–esque adventure and merriment with uncensored images of disaster areas and teenage sex. At his Heinlein-channeling best, Varley preaches the gospel of individual responsibility with all the fervor of a space-age libertarian revival preacher.” —Publishers Weekly “John Varley blends past fiction, current events and future tech to create a story all his own, but with classic roots in at least a half dozen of Heinlein’s juveniles.” —SF Site

Red Lightning Hugh Holton, 1999-03-25 Chief of Detectives Larry Cole and investigative journalist Kate Ford team up to face an ominous threat to the city of Chicago.

Red Lightning, Black Thunder Jimmie H. Butler, 1992-10-06 The acclaimed author of *The Iskra Incident* puts his experience as an Air Force commander and fighter pilot to extraordinary use once again in this top-notch techno-thriller, a novel (that) rockets off the launch pad (Library Journal). The U.S. and Soviets, long at peace on Earth, enter into a cold war in the far reaches of outer space.

Red Lightning Laura Pritchett, 2016-06-14 Ten years ago, Tess Cross left her newborn daughter with her sister and hightailed it out of what she called NoWhere, Colorado. Now she returns to the eastern plains of Colorado, full of raw rage at herself and at the universe, yearning for the life she never had and the daughter she left behind. As a levanta who has been running drugs and illegal immigrants once they’re beyond the US–Mexico border, she’s knowingly and even defiantly entered into a harsh and dangerous world. But suddenly her world has become darker than she can bear: The largest wildfire in Colorado history is blazing. Immigrants are dead. She’s haunted by the memory of a

Mexican woman she couldn't save and a lost Mexican girl she did. Traffickers – of both immigrants and drugs – are now hunting her down. But most of all, Tess is at the mercy of her own traumatized soul, and the weight of it is cracking her apart. In the act of coming home, Tess must now face her dying mother, her sister, and her daughter, and most importantly, herself. This book broaches timely topics essential in the West—immigration, rural poverty, wildfires—with suspense and gritty wisdom as well

Red Lightning Marco B. Bucci,2022-12-07 It is the morning of January 10, 2016, and thirty-year-old Samuel is ready to leave the house and live another day of his ordinary existence. As soon as he arrives on the street, he learns about David Bowie's death. The news strikes him so hard that he is stunned, and his are not moments of bewilderment, but hours, days, years, and centuries...he finds himself catapulted across space and time. He awakens hundreds of thousands of years later, in a society of the future—in the year 200016—not so different from his own, although he is surrounded by people dressed as dinosaurs, integrated biological technologies, and there is a global well-being. Is it perhaps the utopia of the future? Samuel will have to try to find out and find his own dimension in the process, without losing himself. **Red Lightning** is a touching tribute to David Bowie. Six years after Bowie's death, Marco B. Bucci redefines science fiction with a graphic novel masterfully illustrated by the talented Riccardo Atzeni. Long live the White Duke!

But first, he needs to rescue his friends—and liberate the human batteries of the world. The time for revolution is now! -- VIZ Media

Red Thunder John Varley,2020-09-22 “The heart-pounding space race is on . . . in this riveting SF thriller” from the Hugo and Nebula Award-winning author of **Red Lightning** and **Rolling Thunder** (Publishers Weekly, starred review). As Chinese and US spacecraft compete to be the first to land on

Mars, a former astronaut, his cousin, and four teens from Florida decide to take matters into their own hands. If they can quickly build their own space-worthy ship using scrap metal, appliances, and power tools, they have a chance to come from behind—thanks to an inventive new power source that can propel them to the Red Planet within three days. No guts, no glory . . . “Varley’s great strength is in his characterizations, but in *Red Thunder* he also shows a strong sense of place. . . . If you are willing to simply fantasize about fleeing your office cubicle and becoming a heroic space explorer, this novel will fulfill your wishes.” —The Washington Post “Fast paced . . . Engaging characters.” —Rocky Mountain News “Full of little gems of wit and intelligence.” —Booklist “[A] fun-filled adventure. Varley matches a serious literary style with an outrageous plot, and he’s one of the few writers in the field who could make it work.” —Chronicle
