Discrimination, Copyright and Equality Paul Harpur, 2017-04-03 While equality laws operate to enable access to information, these laws have limited power over the overriding impact of market forces and copyright laws that focus on restricting access to information. Technology now creates opportunities for everyone in the world, regardless of their abilities or disabilities, to be able to access the written word – yet the print disabled are denied reading equality, and have their access to information limited by laws protecting the mainstream use and consumption of information. The Convention on the Rights of Persons with Disabilities and the World Intellectual Property Organization's Marrakesh Treaty have swept in a new legal paradigm. This book contributes to disability rights scholarship, and builds on ideas of digital equality and rights to access in its analysis of domestic disability anti-discrimination, civil rights, human rights, constitutional rights, copyright and other equality measures that promote and hinder reading equality.

The Law of Electronic Commerce Jane K. Winn, Benjamin Wright, 2000-01-01 Annotation New edition of a study of the law of electronic commerce, which requires the simultaneous management of business, technology and legal issues. Winn (law, Southern Methodist U.) and Wright (a business lawyer in Dallas) present 21 chapters that discuss introductory material such as business and technologies of e-commerce, getting online, jurisdiction and choice of law issues, and electronic commerce and law practice; contracting; electronic payments and lending; intellectual property rights and rights in data; regulation of e-business markets; and business administration. Presented in a three-ring binder. Annotation c. Book News, Inc., Portland, OR (booknews.com)

Copyright Exhaustion Péter Mezei, 2022-02-24 In the Second Edition of Copyright Exhaustion, copyright scholar Péter Mezei offers an expanded examination of copyright exhaustion, including its historical development, theoretical framework, practical applications, and policy considerations. He includes updated case law and statutory developments for the first-sale doctrine in the United States and in the European Union, covering both analogue and digital applications with an eye toward scrutinizing the common rejection of exhaustion in the resale of digital subject matter including computer programs, sound recordings, audiovisual works, and e-books. He advocates for a digital first-sale doctrine that would offer legal consistency to copyright law and a technologically feasible framework for content producers and consumers.

Plunkett's Retail Industry Almanac: Retail Industry Market Research, Statistics, Trends & Leading Companies Jack W. Plunkett, 2007-12 No other guide covers the complete retail picture like this exciting new volume. America's retail industry is in the midst of vast changes - superstores and giant discounters are popping up on major corners. Malls are lagging while power centers are surging ahead. Savvy firms are combining bricks, clicks and catalogs into multi-channel retail powerhouses. Which are the hottest retailers? What lies ahead? Our market research section shows you the trends and a thorough analysis of retail technologies, chain stores, shopping centers, mergers, finances and future growth within the industry. Included are major statistical tables showing everything from monthly U.S. retail sales, by sector, to mall sales per square foot, to the 10 largest malls in the US. Meanwhile, the corporate profiles section covering nearly 500 firms gives you complete profiles of the leading, fastest growing retail chains across the nation. From Wal-Mart and Costco to Barnes & Noble and Amazon, we profile the major companies that marketing executives, investors and job seekers most want to know about. These profiles include corporate name, address, phone, fax, web site, growth plans, competitive advantage, financial histories and up to 27 executive contacts by title. Purchasers of the printed book or PDF version may receive a free CD-ROM database of the corporate profiles, enabling export of vital corporate data for mail merge and other uses.

Plunkett's Retail Industry Almanac Jack W. Plunkett, 2008-12 A market research guide to the retail industry - a tool for strategic planning, competitive intelligence, employment searches or financial research. It contains trends, statistical tables, and an industry glossary. It includes one page profiles of retail industry firms, companies and organizations. It also includes addresses and phone numbers.

Plunkett's Entertainment & Media Industry Almanac Jack W. Plunkett, 2009-01-22 Offers profiles on many of firms in film, radio, television, cable, media, and publishing of various types including books, magazines and newspapers. This book contains many contacts for business and industry leaders, industry associations, Internet sites and other resources. It provides profiles of nearly 400 of top entertainment and media firms.

Managing Innovation and Entrepreneurship Robert D. Hisrich, Claudine Kearney, 2013-06-25 The first book to look at innovation/entrepreneurship from an international perspective, *Managing Innovation and Entrepreneurship: A Global Perspective* provides a step-by-step process for managing innovation and entrepreneurship in an organization in both turbulent and stable economic times. Authors Robert D. Hisrich and Claudine Kearney demonstrate how to manage innovation on a day-to-day basis—using a wide range of real world scenarios, theories, principles, best practices, case studies, and modern examples. The book provides detailed coverage of each aspect of the process of innovation required to achieve success, including what it takes to build an innovative and entrepreneurial organization, how to develop innovation and entrepreneurship in both individuals and teams, how to manage and operationalize innovation and entrepreneurship, how to develop a global business plan, and more.

Plunkett's Companion to the Almanac of American Employers: Mid-Size Firms: The Only Guide to America's Hottest, Fastest-Growing Mid-Sized Employers Jack W.

Plunkett, 2009-03 Contains profiles of hundreds of the best, rapidly-growing mid-size employers of 100 to 2,500 employees. These are highly-successful companies, located nationwide, that are of vital importance to job-seekers of all types.

Corporate Disasters: Gale, Cengage Learning, 2017-04-21 *Corporate Disasters: What Went Wrong and Why* profiles the biggest corporate mistakes or misdeeds throughout history -- covering the people, the times, the decisions made. This volume covers Innovation Inertia and Shifting Markets. Each essay puts the business and its operators in the context of its own time, explaining the market, social, and technology forces at play, and each explores the key make-or-break decisions that led to disaster.

Operations Management Ray R. Venkataraman, Jeffrey K. Pinto, 2018-11-29 *Operations Management: Managing Global Supply Chains* takes a holistic, integrated approach to managing operations and supply chains by exploring the strategic, tactical, and operational decisions and challenges facing organizations worldwide. Authors Ray R. Venkataraman and Jeffrey K. Pinto address sustainability in each chapter, showing that sustainable operations and supply chain practices are not only attainable, but are critical and often profitable practices for organizations to undertake. With a focus on critical thinking and problem solving, *Operations Management* provides students with a comprehensive introduction to the field and equips them with the tools necessary to thrive in today's evolving global business environment.

Windows in the Mist Trina Lane, 2019-07-23 Surviving is only the first step. Javier Alde thought he had his life all figured out. He moved back to the city of his birth, found a great job and rebuilt some friendships...if only his love life followed suit. None of that matters anymore when he's abducted and imprisoned for several months. Upon his escape, he finds that surviving is only the first step. Malaki Taupo is slowly putting down roots in Dallas after working for several years as a traveling physical therapist when he finds out that one of his patients is the abducted therapist whose place Malaki took at the rehab center. The physical scars and injuries Javier sustained tell a story of torture that should have broken any reasonable person, but within Javier's gaze, Malaki sees the strength and determination to take back his life—and he's drawn to the capacity to love within Javier's heart. But navigating the perils of building a relationship is complicated. While Javier's lost the ability to trust himself, there's something about Malaki Taupo that stirs an ache inside him that's altogether different from the physical pain of rebuilding his body. Together they go on the journey of discovering who they are as men...and who they could be to each other. Reader advisory: This book contains the abduction and torture of the main character and a flashback to an episode of

waterboarding. The character also goes through rehab. This book also contains racial slurs and insults.

Copyright Class Struggle Hannibal Travis, 2018-08-31 Earning an income in our time often involves ownership of or control over creative assets. Employing the law and philosophy of economics, this illuminating book explores the legal controversies that emerge when authors, singers, filmmakers, and social media barons leverage their rights into major paydays. It explores how players in the entertainment and technology sectors articulate claims to an ever-increasing amount of copyright-protected media. It then analyzes efforts to reform copyright law, in the contexts of 1) increasing the rights of creators and sellers, and 2) allocating these rights after employment and labor disputes, constitutional challenges to intellectual property law, efforts to legalize online mashups and remixes, and changes to the amount of streaming royalties paid to actors and musicians. This work should be read by anyone interested in how copyright law - and its potential reform - shapes the ownership of ideas in the social media age.

From Baksheesh to Bribery T. Markus Funk, Andrew S. Boutros, 2019-04-05 Worldwide, governmental anti-corruption efforts have been ramping up like never before. From the U.S. Foreign Corrupt Practices Act (FCPA) to the U.K. Bribery Act and recent Chinese, French, Indonesian, Brazilian, and German anti-bribery legislations, the compliance world has witnessed the fight against corruption rocketing to the top of most law reform and enforcement agendas. As the fight against corruption goes global, practitioners of the compliance, regulatory, and investigative space must understand--and more importantly navigate--these increasingly complicated and often perilous compliance waters. With that heavy reality in mind, this first-of-its-kind book draws on the real-world experience and expertise possessed by some of the world's leading anti-corruption and anti-bribery practitioners to make meeting that challenge easier. Featuring country-specific chapters and practitioner-focused how to modules, *From Baksheesh to Bribery* serves as a one-stop shop for practitioners, in-house counsel, compliance personnel, academics, and others who want--and often need--to understand the world's perspective on corruption and the fight against it.

Goldstein on Copyright Goldstein, 2005-01-01 A comprehensive treatise with detailed analysis of every aspect of copyright law, from registration to licensing to infringement and litigation. Written by Paul Goldstein, Professor of Law at Stanford University and of Counsel to Morrison & Foerster. Redbox Automated Retail, LLC Introduction

In today's digital age, the availability of Redbox Automated Retail, LLC books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Redbox Automated Retail, LLC books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Redbox Automated Retail, LLC books and manuals for download is the cost-

saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Redbox Automated Retail, LLC versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Redbox Automated Retail, LLC books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Redbox Automated Retail, LLC books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Redbox Automated Retail, LLC books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and

educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Redbox Automated Retail, LLC books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Redbox Automated Retail, LLC books and manuals for download and embark on your journey of knowledge?
