Every Minute Is a Day Robert Meyer, MD, Dan Koeppel, 2021-08-03 An urgent, on-the-scene account of chaos and compassion on the front lines of ground zero for Covid-19, from a senior doctor at New York City's busiest emergency room "Remarkable and inspiring . . . We're lucky to have this vivid firsthand account."—A. J. Jacobs, bestselling author of *The Year of Living Biblically* When former New York Times journalist Dan Koeppel texted his cousin Robert Meyer, a twenty-year veteran of the emergency room at Montefiore Medical Center in the Bronx, at the beginning of the Covid-19 crisis in the United States, he expected to hear that things were hectic. On a scale of 1 to 10, 10 being overwhelmed, where do you think you are? Koeppel asked. Meyer's grave reply—100—was merely the cusp of the crisis that would soon touch every part of the globe. In need of an outlet to process the trauma of his working life over the coming months, Meyer continued to update Koeppel with what he'd seen and whom he'd treated. The result is an intimate record of historic turmoil and grief from the perspective of a remarkably resilient ER doctor. *Every Minute Is a Day* takes us into a hospital ravaged by Covid-19 and is filled with the stories of promises made that may be impossible to keep, of life or death choices for patients and their families, and of selflessness on the part of medical professionals who put themselves at incalculable risk. As fast-paced and high-tempo as the ER in which it takes place, *Every Minute Is a Day* is at its core an incomparable firsthand account of unrelenting compassion, and a reminder that every human life deserves a chance to be saved.

Robert Morrison and the Protestant Plan for China Christopher Daily, 2013-07-01 Sent alone to China by the London Missionary Society in 1807, Robert Morrison (1782–1834) was one of the earliest Protestant missionaries in East Asia. During some 27 years in China, Macau and Malacca, he worked as a translator for the East India Company and founded an academy for converts and missionaries; independently, he translated the New Testament into Chinese and compiled the first Chinese-English dictionary. In the process, he was building the foundation of Chinese Protestant Christianity. This book critically explores the preparations and strategies behind this first Protestant mission to China. It argues that, whilst introducing Protestantism into China, Morrison worked to a standard template developed by his tutor David Bogue at the Gosport Academy in England. By examining this template alongside Morrison's archival collections, the book demonstrates the many ways in which Morrison's influential mission must be seen within the historical and ideological contexts of British evangelism. The result is this new interpretation of the beginnings of Protestant Christianity in China.

Meds, Money, and Manners Jerry Floersch, 2002-03-06 As case management has replaced institutional care for mental health patients in recent decades, case management theory has grown in complexity and variety of models. But how are these models translated into real experience? How do caseworkers use both textbook and practical knowledge to assist clients with managing their medication and their money? Using ethnographic and historical-sociological methods, *Meds, Money, and Manners: The Case Management of Severe Mental Illness* uncovers unexpected differences between written and oral accounts of case management in practice. In the process, it suggests the possibility of small acts of resistance and challenges the myth of social workers as agents of state power and social control.

Robert's Story Stephen G. Michaud,2022-09-13 Tired, disoriented, and confused, Robert East was no match for the wolves when they arrived. Robert East loved his older brother, Tom, but always resented Tom’s favored role in the family cattle business based at their San Antonio Viejo ranch near Hebbronville, Texas, just north of the Rio Grande. Tom was a figure to be reckoned with, a cattleman with ambitions to supplant their Uncle Bob Kleberg, head of the enormous King Ranch, as the leading cattle raiser in Texas. Robert, by contrast, was a cowboy who cared little for what occurred beyond the San Antonio Viejo’s main gate. Handsome and ornery, with no head for business, he nevertheless chafed in his brother’s shadow until 1984, when Tom died young of a heart attack, just as their father, Tom East, Sr., had 40 years earlier. Suddenly Robert was the new and untested patrón of 250,000 acres of East Family ranchland—and the majority owner of the ocean of natural gas pooled beneath East rangeland. It was his turn to issue the orders. Robert’s contentious nature drove the Easts into bitter intra-family legal hostilities that persisted for a decade. He lost his beloved sister, Lica, to cancer, and as old age advanced, he found himself alone and isolated on a remote ranch with only an unreliable foreman and a scattering of vaqueros and other workers for company. The physical wear and tear from decades of working cattle on horseback began to show. Robert’s knees gave out, and he developed serious cardiovascular problems. His doctors prescribed pain pills, sedatives, and medications for his chronic depression. In 2000, drillers hit the most productive gas well in the U.S, if not the world, on East property, making the rich old man suddenly and spectacularly wealthy beyond his comprehension. Soon enough the wolves began to circle, and Robert’s grotesque final days were at hand.
