

Roger Andre

Martin Woods

The Life of John André D. A. B. Ronald, 2019-01-19 This biography of Britain's spy chief during the Revolutionary War sheds new light on his conspiracy with Benedict Arnold—and his mysterious capture. John André was head of the British Army's Secret Service in North America as the Revolutionary War entered its most decisive phase. In 1780, he masterminded the defection of the high-ranking American general Benedict Arnold. As the commander of West Point, Arnold agreed to turn the strategically vital fort over to the British. André and Arnold also conspired to kidnap George Washington. The secret negotiations between Arnold and André were protracted and fraught with danger. Arnold's wife Peggy acted as go-between until September 21st, 1780, when the two men met face to face in no-man's-land. But then André was captured forty-eight hours later, having broken every condition set by his commanding officer: he was within American lines, wearing civilian clothes, and carrying maps of West Point in his boots. When he announced himself as a spy, the Americans had no recourse. Tried by a military tribunal, he was convicted and hanged. André's motives for his apparent sacrifice have baffled historians for generations. This biography provides a provocative answer to this mystery—explaining not only why he acted as he did, but how he wished others to see his actions.

André Malraux G. Harris, 1995-12-18 This book analyses Malraux's writing from his journalism in Indochina to his novels, art studies and (anti)memorialist essays. Cutting through the established dual biographical image of Malraux as a committed leftwinger and revolutionary novelist turned unconditional Gaullist and diehard anti-Communist at the Liberation, it makes a balanced assessment of Malraux as a non-ideological if elitist artist who shaped his public role as much as he shaped the existence of his heroes both novelistic and real.

André Thevet's North America Roger Schlesinger, Arthur Stabler, 1986-11-01 André Thevet was one of the most widely travelled Frenchmen of the sixteenth century, visiting almost all the main countries and regions of western Europe, the Near East, and Brazil. He served four consecutive French kings, beginning with Henry II, as Royal Cosmographer and garde des singularitez. As cosmographer, he wrote three major books dealing with the discovery and subsequent exploration of the New World: *Les Singularitez de la France antarctique* (1556), *La Cosmographie universelle* (1575), and the *Grand Insulaire* (unpublished, 1586). Although the portions of these works devoted to South America have received considerable attention from scholars, Thevet's work on North America has remained inaccessible to students of the Age of Discovery. Professors Schlesinger and Stabler have now added

Thevet to the list of enjoyable books by early European explorers of North America.

Australia's Oral History Collections Martin Woods,1997 Provides electronic access to oral history endeavour in Australia. The database allows you to search within tens of thousands of hours of oral recordings.

André Breton, Arbiter of Surrealism Clifford Browder,1967

Discrete Mathematics and Applications Kevin Ferland,2017-09-19 Discrete Mathematics and Applications, Second Edition is intended for a one-semester course in discrete mathematics. Such a course is typically taken by mathematics, mathematics education, and computer science majors, usually in their sophomore year. Calculus is not a prerequisite to use this book. Part one focuses on how to write proofs, then moves on to topics in number theory, employing set theory in the process. Part two focuses on computations, combinatorics, graph theory, trees, and algorithms. Emphasizes proofs, which will appeal to a subset of this course market Links examples to exercise sets Offers edition that has been heavily reviewed and developed Focuses on graph theory Covers trees and algorithms

The Hungry Detective Leo J. Du Lac,2011-05 Roger du Bois has wanted to be a detective since he was a little boy, despite the fact that his father wants him to join the family construction business in Downey, California. But at the ripe age of eighteen, Roger convinces his father to allow him to attend a detective school in France, as he always read that the French had the best detective schools. With two weeks left in his schooling, Le Caisse Banque Nationale in Nice, France, is robbed. Determined to be the first detective to respond, Roger rushes out the door before eating breakfast, which may prove to be the worst decision he's ever made. Even though he hasn't technically finished his schooling, Roger has no hesitation and quickly

convinces the bank manager to give him the case. As Roger begins to investigate the bank vault, he learns that these robbers are good—very good. By the looks of things, they've been planning this robbery for months, maybe years. Will Roger manage to catch the larronges who've robbed the largest bank in Nice? Will he be pummeled to death by the angry mob? Or will he die from hunger before he solves his first case? Join author Leo J. Du Lac in *The Hungry Detective*—a thrilling tale about a detective who simply longs to make a name for himself and find something to eat.

Fathers Bobby Avila,2008-12-01 Fathers is a true story based on the Avila family legacy. Told from three generations starting with Rosario Avila, the Grandfather of the 1950's. Rosario's sudden death left his son Bobby Ross Avila Sr., devastated and hopeless on a path to self-destruction. The Journey to the Grammys seemed to be impossible for two young Latino men. The Avila Brothers made history in the Urban R&B music industry, and the first to receive 2 Grammys in 2007, announced February 2008. The history behind these two major Hispanic Producers who successfully broke down the barriers and the walls for the less fortunate, and helped open the doors for the ones who lean towards the Urban music highway. The Avila Brothers have focused on their heritage and the history that has followed them both and where their Father and Grandfather came from, the heart of music, now they too, continue the family Legacy.
