Exponential Organizations Salim Ismail, 2014-10-14 Frost & Sullivan's 2014 Growth, Innovation, and Leadership Book of the Year EXPONENTIAL ORGANIZATIONS should be required reading for anyone interested in the ways exponential technologies are reinventing best practices in business. —Ray Kurzweil, Director of Engineering at Google In business, performance is key. In performance, how you organize can be the key to growth. In the past five years, the business world has seen the birth of a new breed of company—the Exponential Organization—that has revolutionized how a company can accelerate its growth by using technology. An ExO can eliminate the incremental, linear way traditional companies get bigger, leveraging assets like community, big data, algorithms, and new technology into achieving performance benchmarks ten times better than its peers. Three luminaries of the business world—Salim Ismail, Yuri van Geest, and Mike Malone—have researched this phenomenon and documented ten characteristics of Exponential Organizations. Here, in EXPONENTIAL ORGANIZATIONS, they walk the reader through how any company, from a startup to a multi-national, can become an ExO, streamline its performance, and grow to the next level. EXPONENTIAL ORGANIZATIONS is the most pivotal book in its class. Salim examines the future of organizations and offers readers his insights on the concept of Exponential Organizations, because he himself embodies the strategy, structure, culture, processes, and systems of this new breed of company. —John Hagel, The Center for the Edge Chosen by Benjamin Netanyahu, Prime Minister of Israel, to be one of Bloomberg's Best Books of 2015

Avid Reader Robert Gottlieb, 2016-09-13 A spirited and revealing memoir by the most celebrated editor of his time After editing The Columbia Review, staging plays at Cambridge, and a stint in the greeting-card department of Macy's, Robert Gottlieb stumbled into a job at Simon and Schuster. By the time he left to run Alfred A. Knopf a dozen years later, he was the editor in chief, having discovered and edited Catch-22 and The American Way of Death, among other bestsellers. At Knopf, Gottlieb edited an astonishing list of authors, including Toni Morrison, John Cheever, Doris Lessing, John le Carré, Michael Crichton, Lauren Bacall, Katharine Graham, Robert Caro, Nora Ephron, and Bill

Clinton--not to mention Bruno Bettelheim and Miss Piggy. In *Avid Reader*, Gottlieb writes with wit and candor about succeeding William Shawn as the editor of *The New Yorker*, and the challenges and satisfactions of running America's preeminent magazine. Sixty years after joining Simon and Schuster, Gottlieb is still at it--editing, anthologizing, and, to his surprise, writing. But this account of a life founded upon reading is about more than the arc of a singular career--one that also includes a lifelong involvement with the world of dance. It's about transcendent friendships and collaborations, elective affinities and family, psychoanalysis and Bakelite purses, the alchemical relationship between writer and editor, the glory days of publishing, and--always--the sheer exhilaration of work. Imelda's Secret Liza Gino, 2020-11-20 Based on real-life accounts, *Imelda's Secret* delves into the story of two cousins who are grappling with the emotional scars of being forced to serve as 'comfort women' during the Japanese occupation of the Philippines in World War II. Forced into sexual slavery, 'comfort women' were stolen from their families and stripped of their dignity. The stories of these women have been swept under the rug for far too long. *Imelda's Secret* is a story of hope, redemption, and strength. It exposes the experiences of 'comfort women' in the hopes of sparking awareness and advocacy in all who read it.

Hope and a Future John Balouziyeh, 2016-05-15 When the Syrian uprising began in March 2011, no one envisioned mass atrocities on the scale we are witnessing today. No one foresaw the displacement of millions that would dramatically reshape regional demographics. No one imagined that children would become the victims of chemical weapons, or that the Mediterranean Sea would become their graveyard. Today, more than half of the Syrian population has been displaced, a

phenomenon almost without precedent in human history. Images of starving civilians trapped in besieged cities have outraged the human conscience. Thousands of children have been slain by barrel bombs, landmines and chlorine gas. More than a quarter million Syrians have perished. These numbers are a shameful indictment on humanity. Yet, there is hope. Each day, in refugee camps across the Middle East, aid workers, seeking neither recognition nor reward, sacrifice their comfort to bring Syrian refugees relief. Entrepreneurs, setting aside the pursuit of profits, lend pro bono assistance to innovatively address refugee needs. Volunteers risk their lives to give Syrian refugees hope and a future. This book tracks the author's travels to Syrian refugee camps and informal tented settlements in Lebanon, Jordan and Iraq. Relying on his legal background, he offers an unfiltered account of the plight of Syrian refugees from a legal, political and humanitarian perspective. Yet this book is more than just an account of the lives of Syrian refugees; it answers that burning question on so many people's minds: How can I help? In discussing corporate partnerships with aid organizations, civil society initiatives, humanitarian missions, volunteering and fundraising, the author shows that there is a role anyone can play in making a lasting, positive impact on Syrian refugees and restoring dignity to their lives.

A Critical History of Contemporary Architecture Elie G. Haddad, David Rifkind, 2016-12-05 1960, following as it did the last CIAM meeting, signalled a turning point for the Modern Movement. From then on, architecture was influenced by seminal texts by Aldo Rossi and Robert Venturi, and gave rise to the first revisionary movement following Modernism. Bringing together

leading experts in the field, this book provides a comprehensive, critical overview of the developments in architecture from 1960 to 2010. It consists of two parts: the first section providing a presentation of major movements in architecture after 1960, and the second, a geographic survey that covers a wide range of territories around the world. This book not only reflects the different perspectives of its various authors, but also charts a middle course between the 'aesthetic' histories that examine architecture solely in terms of its formal aspects, and the more 'ideological' histories that subject it to a critique that often skirts the discussion of its formal aspects.

Moderns Abroad Mia Fuller, 2007-01-24 This volume studies the architecture and urbanism of modern-era Italian colonialism (1869-1943) as it sought to build colonies in North and East Africa and the eastern Mediterranean. Mia Fuller follows, not only the design of the physical architecture, but also the development of colonial design theory, based on the assumptions made about the colonized, and also the application of modernist theory to both Italian architecture and that of its colonies. *Moderns Abroad* is the first book to present an overview of Italian colonial architecture and city planning. In chronicling Italian architects' attempts to define a distinctly Italian colonial architecture that would set Italy apart from Britain and France, it provides a uniquely comparative study of Italian colonialism and architecture that will be of interest to specialists in modern architecture, colonial studies, and Italian studies alike.

Ida B. the Queen Michelle Duster, 2021-01-26 Journalist. Suffragist. Antilynching crusader. In 1862, Ida B. Wells was born enslaved in Holly Springs, Mississippi. In 2020, she won a Pulitzer Prize. Ida B. Wells committed herself to the needs of those who did not have power. In the eyes of the FBI, this made her a "dangerous negro agitator." In the annals of history, it makes her an icon. *Ida B. the Queen* tells the awe-inspiring story of an pioneering woman who was often overlooked and

underestimated—a woman who refused to exit a train car meant for white passengers; a woman brought to light the horrors of lynching in America; a woman who cofounded the NAACP. Written by Wells’s great-granddaughter Michelle Duster, this “warm remembrance of a civil rights icon” (Kirkus Reviews) is a unique visual celebration of Wells’s life, and of the Black experience. A century after her death, Wells’s genius is being celebrated in popular culture by politicians, through song, public artwork, and landmarks. Like her contemporaries Frederick Douglass and Susan B. Anthony, Wells left an indelible mark on history—one that can still be felt today. As America confronts the unfinished business of systemic racism, Ida B. the Queen pays tribute to a transformational leader and reminds us of the power we all hold to smash the status quo.

Michele Bonan Ferragamo Leonardo, Michele

Bonan, 2015-11-11 Renowned Italian architect and interior designer Michele Bönan likens each of his ventures to a film script, composed of dynamic narrative, wit, and irony. An aspiring architect from the age of five, Bönan attended Florence's Accademia di Belle Arti, which he credits with compelling his freedom of expression. Bönan's first great success came at twenty, when a magazine published his work for the home of famous tennis player friend Adriano Panatta and other high-profile clients immediately took notice. Whether for private clients or public buildings, Bönan's designs -- ranging among hotels, restaurants, estates, and even yachts -- each possess a distinctive virtuosic excellence. His aesthetic incorporates modern elements and luxuries; but historical architecture, particularly that of his native Florence, always informs his style choices...Notable projects highlighted in this beautifully illustrated edition include the J. K. Place Hotels in Capri, Rome, and Florence; the Hôtel Marquis Faubourg Saint-Honoré in Paris; Palazzo Tornabuoni in Florence; Jagdgut Wachtelhof Hotel in Austria; and many more-- Publisher's description.

America Town Mark L. Gillem, 2007 Covers the land development and architectural policies and practices that the US military follows worldwide in planning, building, and expanding installations of untold extent in 140 countries.

We Believe You Annie E. Clark, Andrea L. Pino, 2016-04-12 From young activists at the forefront of the movement to end sexual assault on college campuses, a collection of survivor stories that will connect with students and inform and inspire us all Across the U.S. student activists are exposing a pervasive cover-up of sexual assault on college campuses. Every day more survivors come forward. But other survivors choose not to. We Believe You elevates the stories the headlines about this issue have been missing--more than 30 experiences of trauma, healing and everyday activism, representing a diversity of races, economic and family backgrounds, gender identities, immigration statuses, interests, capacities and loves. More than 1 in 5 women and 5 percent of men are sexually assaulted at college, a shocking status quo that might have stayed largely hidden and unaddressed but for the two authors of We Believe You. In 2013, Annie E. Clark and Andrea L. Pino, then 23 and 20, building on the work of earlier activists, outed themselves as assault survivors and filed a federal complaint against the University of North Carolina (Chapel Hill) for mishandling such crimes; within a month, the U.S. government began to investigate UNC. Within a year, dozens of colleges were under federal investigation. But Clark and Pino rightly see themselves as two among many. Students from every kind of college and university--large and small, public and private, highly selective and less so--are sounding alarms and staking claims to justice by filing complaints, by pressing charges, and by simply living beyond the effects of assault and the betrayals of their schools. A sampling of their voices speak out in this book--

The Gray Cloth Paul Scheerbart, 2003-08-29 A cult novel, with a critical introduction, by the German expressionist visionary

Paul Scheerbart. The German expressionist, architectural visionary, author, inventor, and artist Paul Scheerbart (1863-1915) wrote several fictional utopian narratives related to glass architecture. In *The Gray Cloth*, the first of his novels to be translated into English, Scheerbart uses subtle irony and the structural simplicity of a fairy tale to present the theories of colored glass outlined in his well-known treatise *Glass Architecture*. The novel is set forward in time to the mid-twentieth century. The protagonist, a Swiss architect named Edgar Krug, circumnavigates the globe by airship with his wife, constructing wildly varied, colored-glass buildings. His projects include a high-rise and exhibition/concert hall in Chicago, a retirement complex for air pilots on the Fiji Islands, the structure for an elevated train across a zoological park in northern India, and a suspended residential villa on the Kuria Muria Islands off the coast of Oman in the Arabian Sea. Fearing that his architecture is challenged by the colorfulness of women's clothing, Krug insists that his wife wear all gray clothing with the addition of ten percent white. This odd demand brings him notoriety and sensationalizes his international building campaign. For the reader, it underlines the confluence of architecture with fashion, gender, and global media. In his introduction, John Stuart surveys Scheerbart's career and role in German avant-garde circles, as well as his architectural and social ideas. He shows how Scheerbart strove to integrate his spiritual and romantic leanings with the modern world, often relying on glass architecture to do so. In addition to discussing the novel's reception and its rediscovery by contemporary architects and critics, Stuart shows fiction to be a resource for the study of architecture and places *The Gray Cloth* in the context of German Expressionism.

Marisol and Warhol Take New York, 2021-10-05 A tale of two Pop artists in 1960s New York This book charts the emergence of Marisol Escobar (1930-2016) and Andy Warhol

(1928-87) in New York during the dawn of Pop art in the early 1960s. Through essays, interviews and prose, the book explores the artists' parallel rise to success, the formation of their artistic personas, their savvy navigation of gallery relationships and the blossoming of their early artistic practices from 1960 to 1968. The exhibition features key loans of Marisol's work from major global collections, along with iconic works and rarely seen films and archival materials from the Andy Warhol Museum's collection. By situating Marisol's work in dialogue with Warhol's, this new collection of writing seeks to reclaim the importance of her art; reframe the strength, originality and daring nature of her work; and reconsider her as one of the leading figures of the Pop era.
