Panoramic and Stereoscopic Photography in Color and Infrared

Rolf Bertram,2008-07 Rolf Bertram's panoramas won awards in every juried fine art photography exhibit they were shown. Learn the technical skills and learn where exactly to put your tripod to get amazing results. Also shown in this book is the very old art of stereoscopic photography, revived with two digital SLRs and a DIY stereo tripod head. The spooky effects of infrared photography are shown in panoramic and stereoscopic. Rolf Bertram sells his large format panoramic fine art photographic prints in a gallery on Anna Maria Island, and in his online gallery.

Florida - Focus on Anna Maria Island - Panoramic and Stereoscopic Rolf Bertram,2008-06 Anna Maria Island, shown by award winning panoramic and stereoscopic photographer Rolf Bertram. If you live here, want to live here, have lived here, or just visit - this book shows the memorable places in the most unusual ways. The panoramic format puts you in the middle of the scenery - and the stereoscopic images make the scenery so real 3D, you can almost feel the warm and humid breeze of fresh and salty sea air, this Island is known for.

CATASTROPHE ALERT! What Is To Be Done Against the Willful Destruction of the Unity of Humanity and Nature? Stefan

Engel,2016-03-03 An ever increasing number of local and regional ecological catastrophes plague humanity. They are symptoms of an environmental crisis which is in the process of transforming at an accelerated pace into a global environmental catastrophe. As their chief causes are to be found in the capitalist profit system, the environmental question today calls for a society-changing struggle. This is why we need a new environmental movement which draws a clear dividing line to imperialist environmentalism and organizes its ranks. Militantly, purposefully and on a global scale it must confront the willful destruction of the natural foundations of life by those in power. The book's polemics are intentional. Taking an unequivocal position it intervenes in the debate over the strategy how to resolve the environmental issue.

Suntan Rolf Bertram, 2008-08-05 Turning sunburn into suntan, and turning a slight tan into an intense one. This requires very precise adjustments, done in a certain order one after the other. Rolf Bertram does model and family portrait photography on the beaches of Anna Maria Island and Longboat Key. Many vacationers get sunburned, but still want their beach portrait. This book also talks about how to choose your first digital SLR, a printer, and how to do portrait session in nature.
