**Rhymes of a Rolling Stone** HardPress,Service Robert W 1874-1958,2013-01 Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

*Rhymes of a Rolling Stone (Esprios Classics)* Robert W. Service,2021-01-26 Robert William Service

(January 16, 1874 - September 11, 1958) was a British-Canadian poet and writer, often called the Bard of the Yukon. Born in Lancashire of Scottish descent, he was a bank clerk by trade, but spent long periods travelling in Western America and Canada, often in some poverty. When his bank sent him to the Yukon, he was inspired by tales of the Klondike Gold Rush, and wrote two poems The Shooting of Dan McGrew and The Cremation of Sam McGee, which showed remarkable authenticity from an author with no experience of gold-mining, and enjoyed immediate popularity. Encouraged by this, he quickly wrote more poems on the same theme, which were published as Songs of a Sourdough.

Description

Sound–Emotion Interaction in Poetry Reuven Tsur,Chen Gafni,2022-06-03 This book is a collection of studies providing a unique view on two central aspects of poetry: sounds and emotive qualities, with emphasis on their interactions. The book addresses various theoretical and methodological issues related to topics like sound symbolism, poetic prosody, and voice quality in recited poetry. The authors examine how

these sound-related phenomena contribute to the generation of emotive qualities and how these qualities are perceived by readers and listeners. The book builds upon Reuven Tsur's theoretical research and supplements it from an experimental angle. It also engages in methodological debates with prevalent scientific approaches. In particular, it emphasises the importance of proper theory in empirical literary studies and the role of the personal traits of the reader in literary analysis. The intended readership of this book consists mainly of literary scholars, but it might also appeal to researchers from disciplines such as linguistics, psychology, and brain science.
