**The Sculpted Ear** Ryan McCormack, 2020-04-23 Sound and statuary have had a complicated relationship in Western aesthetic thought since antiquity. Taking as its focus the sounding statue—a type of anthropocentric statue that invites the viewer to imagine sounds the statue might make—*The Sculpted Ear* rethinks this relationship in light of discourses on aurality emerging within the field of sound studies. Ryan McCormack argues that the sounding statue is best thought of not as an aesthetic object but as an event heard by people and subsequently conceptualized into being through acts of writing and performance. Constructing a history in which hearing plays an integral role in ideas about anthropocentric statuary, McCormack begins with the ancient sculpture of Laocoön before moving to a discussion of the early modern automaton known as Tipu's Tiger and the statue of the Commendatore in Mozart's *Don Giovanni*. Finally, he examines statues of people from the present and the past, including the singer Josephine Baker, the violinist Aleksandar Nikolov, and the actor Bob Newhart—with each case touching on some of the issues that have historically plagued the aesthetic viability of the sounding statue. McCormack convincingly demonstrates how sounding statues have served as important precursors and continuing contributors to modern ideas about the ontology of sound, technologies of sound reproduction, and performance practices blurring traditional divides between music, sculpture, and the other arts. A compelling narrative that illuminates the stories of individual sculptural objects and the audiences that hear them, this book will appeal to anyone interested in the connections between aurality and statues in the Western world, in particular scholars and students of sound studies and sensory history.

**Economism** James Kwak, 2018-03-20 Here is a bracing deconstruction of the framework for understanding the world that is learned as gospel in Economics 101, regardless of its imaginary assumptions and misleading half-truths. Economism: an ideology that distorts the valid principles and tools of introductory college economics, propagated by self-styled experts, zealous lobbyists, clueless politicians, and ignorant pundits. In order to illuminate the fallacies of economism, James Kwak first offers a primer on supply and demand, market equilibrium, and social welfare: the underpinnings of most popular economic arguments. Then he provides a historical account of how economism became a prevalent mode of thought in the United States—focusing on the people who packaged Econ 101 into sound bites that were then repeated until they took on the aura of truth. He shows us how issues of moment in contemporary American society—labor markets, taxes, finance, health care, and international trade, among others—are shaped by economism, demonstrating in each case with clarity and élan how, because of its failure to reflect the complexities of our world, economism has had a deleterious influence on policies that affect hundreds of millions of Americans.

**42** Douglas Adams, 2023-08-24 When Douglas Adams died in 2001, he left behind 60

boxes full of notebooks, letters, scripts, jokes, speeches and even poems. In 42, compiled by Douglas's long-time collaborator Kevin Jon Davies, hundreds of these personal artefacts appear in print for the very first time. Douglas was as much a thinker as he was a writer, and his artefacts reveal how his deep fascination with technology led to ideas which were far ahead of their time: a convention speech envisioning the modern smartphone, with all the information in the world living at our fingertips; sheets of notes predicting the advent of electronic books; journal entries from his forays into home computing – it is a matter of legend that Douglas bought the very first Mac in the UK; musings on how the internet would disrupt the CD-Rom industry, among others. 42 also features archival material charting Douglas's school days through Cambridge, Footlights, collaborations with Graham Chapman, and early scribbles from the development of Doctor Who, Hitchhiker's and Dirk Gently. Alongside details of his most celebrated works are projects that never came to fruition, including the pilot for radio programme They'll Never Play That on the Radio and a space-inspired theme park ride. Douglas's personal papers prove that the greatest ideas come from the fleeting thoughts that collide in our own imagination, and offer a captivating insight into the mind of one of the twentieth century's greatest thinkers and most enduring storytellers.

*Cinesonidos* Jacqueline Avila, 2019-10-14 During Mexico's silent (1896-1930) and early sound (1931-52) periods, cinema saw the development of five significant genres: the prostitute melodrama (including the cabaretera subgenre), the indigenista film (on indigenous themes or topics), the cine de añoranza porfiriana (films of Porfirian nostalgia), the Revolution film, and the comedia ranchera (ranch comedy). In this book, author Jacqueline Avila looks at examples from all genres, exploring the ways that the popular, regional, and orchestral music in these films contributed to the creation of tropes and archetypes now central to Mexican cultural nationalism. Integrating primary source material—including newspaper articles, advertisements, films—with film music studies, sound studies, and Mexican film and cultural history, Avila examines how these tropes and archetypes mirrored changing perceptions of mexicanidad manufactured by the State and popular and transnational culture. As she shows, several social and political agencies were heavily invested in creating a unified national identity in an attempt to merge the previously fragmented populace as a result of the Revolution. The commercial medium of film became an important tool to acquaint a diverse urban audience with the nuances of Mexican national identity, and music played an essential and persuasive role in the process. In this heterogeneous environment, cinema and its music continuously reshaped the contested, fluctuating space of Mexican identity, functioning both as a sign and symptom of social and political change.

**Creativity in Transition** Maruška Svašek, Birgit Meyer, 2016-07-01  
In an era of intensifying globalization and transnational connectivity, the dynamics of cultural production and the very notion of creativity are in transition. Exploring creative practices in various settings, the book does not only call attention to the spread of modernist discourses of creativity, from the colonial era to the current obsession with ‘innovation’ in neo-liberal capitalist cultural politics, but also to the less visible practices of copying, recycling and reproduction that occur as part and parcel of creative improvisation.

**No Address** Robert G. Marbut, 2024-03-05  
A four-session interactive Bible study, based on the documentary *Americans with No Address*, that examines the biblical response to people experiencing homelessness. Homelessness is not an “issue”; it’s an opportunity for the church to love our neighbors. In this four-session interactive Bible study, we examine what Scripture has to say on the topic. A companion to the documentary *Americans with No Address* and the full-length theatrical movie *No Address* (starring Ashanti, William Baldwin, Beverly D’Angelo, and Xander Berkeley), this study teaches participants: The root causes of different types of homelessness. How to engage rather than enable. The importance of collaboration among existing agencies. How to mobilize their church to follow Jesus’ call to serve. Each session includes: Facts, true stories, and background about the people who experience homelessness in America. QR code for quick link to online videos. Discussion questions for churches and small groups. Perspective from the Bible. “Go and Do” action steps. Ideas for further resources. Prayer prompts and reflection questions. The government can’t solve homelessness alone. The nonprofit sector can’t solve it alone. But neighbors loving neighbors, working together, can make a difference for the people who are experiencing homelessness in America. *No Address* equips Christians to lead the way.
