**Faceless** S. T. Hall,2005-03 For Scott Evans, putting the past behind him was not an option. There was a gaping wound left in his mind, one which could never heal without the help of something else: revenge. Shunned by his small, Southern town, Scott retreated to the shadows, forgotten. Until now. He hunts his prey like a wild beast, staying hidden in the shadows of a town that too easily forgets the history which haunts it. Determined not to stop until his thirst for blood has been quenched, Scott takes one victim at a time, savoring each moment as if it were the last. Having framed Stone Creek's town administrator for his murders, Scott is invisible to the law except through the eyes of one man-Charlie Wallace. With an extraordinarily strong sense of intuition, Charlie tracks down Scott and unravels the secret that Stone Creek has been hiding for so many years.

**Specials** Scott Westerfeld,2011-05-03 When she is turned into a super-modellesque super-fighting machine, Tally, a former ugly, is ordered to keep the uglies down and the pretties stupid in a carefully engineered world of perfection where she refuses to play by the rules.

**Spey Flies, Their History and Construction** John Shewey,2023-05-31 The Definitive Book on Spey Flies Within fly tying, and within steelhead and salmon angling, Spey flies occupy a substantial niche. These flies are exceptionally popular in America, not only on the "steelhead coast," but nationwide among fly tying enthusiasts, and they enjoy a substantial popularity worldwide; their popularity has gained renewed enthusiasm with the latest generation of young tiers and anglers (the private Facebook page "The Spey Tyer" has 3,600 members). The author is the world's leading authority on the history and tying of Spey flies simply because they caught his fancy in the 1980s and over the years he has conducted more research on the topic by far than anyone else. His vision for this new incarnation of his original Spey Flies (Amato Publications, 2002) includes a tremendous upgrade from the original—an entirely new book, in fact—because he has uncovered so many historical facts, intrigues, people, and flies that have never been compiled in a single volume, or even presented in any form to the interested audience. The original Spey Flies was graphically rich; the new book is far more so.

**Speal** Chris Spealler,2018-01-18 The typical male CrossFit competitor is 5'9 and 190 pounds. Chris Spealler is 5'5 and 140 pounds. Such daunting facts would make most declare defeat before trying. Chris didn't buy the odds, though. Instead, he forged his own modern-day David-and-Goliath story. Speal is Chris's account of struggle and perseverance, despite being too small. What others did with ease, he seemed to do with sheer grit and will. And his actions put him among CrossFit's elite. His is not a story of a gifted athlete whose natural talent granted him acclaim, but rather of one man who refused to back down and inspired an entire community in the process.
