*Mirror of the Mind* Shaina Khan, 2012-01-10 When Tamanna develops a soft spot for college charmer Rishabh, she tries to share a sliver of her past with him. Unfortunately, their friendship leads to a misunderstanding. Deeply hurt and saddened by Rishabh's disappearance, Tamanna agrees to marry a foreign born and bred groom: Sami Khan. Despite his loving nature and warm personality, Tamanna is not sure she can fall in love with Sami. After three years of marriage, Tamanna remains emotionally disconnected from her husband. Desperate to win her love and understand her past, the dark corners of Tamanna's world intertwine with Sami's. What is Tamanna's secret? When a twist of fate brings her face to face with her past, things will never be the same. The truth lingers in her eyes - the mirror to her mind.

*Star Warriors of the Modern Raj* Sami Ahmad Khan, 2021-06-15 India is mutating – and its Science Fiction with it. *Star Warriors of the Modern Raj* is a critical catalogue of contemporary India's anglophone SF, a path-breaking work that flits between texts, vantage points and frameworks. An alternative to a Eurocentric perspective of SF, this study avoids essentialising definitions and delves into how the world of SF (text) intersects with that of the writer/reader. Fusing paradigms of Science Fiction Studies, South Asian Studies and Postcolonial Studies, among others, the book explicates how India and its SF negotiate one another. It evolves a 'transMIT thesis' to analyse how mythology (M), ideology (I) and technology (T) contour Indian SF and its fictional reimaginings. This study identifies the manifestations of divine beings within SF as differing epistemological categories, locates the modes of marginalisation within Indian popular imagination as altars of alterity, before proceeding to analyse how newer technologies engage with socio-political anxieties in and through SF. *Red Jihad* Sami Ahmad Khan, 2012 The year is 2014. Pakistan is now a full-fledged democracy and beginning to reconcile with India. However, there are forces working against this fragile peace. A Pakistani jihadi leader, Yasser Basheer, travels to the Red Corridor and enlists the support of an Indian Naxalite commander. Their plan: to unleash Pralay, India's experimental intercontinental ballistic missile, on the subcontinent. As the missile changes course en route, it hits Pakistan and causes collateral damage. In response, Pakistan declares war on India. As the web of politics, deceit and treachery deepens, it turns out there are larger interests at stake and bigger players involved in a confrontation that threatens to destabilize the entire subcontinent. In this gripping thriller, Sami Ahmad Khan explores the consequences of an Indo-Pak war and its devastating effects on South Asia.

**The History of Afghanistan (6 Vol. Set)** Fayz Muhammad Kātib Hazārah, 2012-12-19 The Sirʿj al-tawʿrīkh is the most important history of Afghanistan ever written. This pinnacle of the rich Afghan historiographic tradition is available in English translation, annotated, fully indexed, including an introduction, eight appendices, Persian-English and English-Persian glossaries, and bibliography.

**Aliens in Delhi** Sami Ahmad Khan, 2017 In the near future, the ISI and RAW discover that securing the borders of Pakistan and India is the least of their problems. An extraterrestrial race of reptiloids prepares to invade Earth - by turning our smartphones into gene-tampering weapons. Humanity might soon be extinct. As people in Delhi start turning into alien hybrids, India gears up to face a foe unlike any other. From unveiling the actual reason behind the Chandrayaan mission to the truth about Osama bin Laden, this explosive geopolitical science-fiction thriller depicts how contemporary India responds to an alien invasion.

**Nikah Halala** Ziya Us Salam, 2020-07-18 Muslim society in India remains in a state of denial when it comes to nikah halala. The Quran allows divorce twice. After that the spouses either live together happily or divorce gracefully. Nowhere does it allow marriage with a pre-arranged date of divorce to a new man only to go back to the former husband. Nikah Halala: Sleeping with a Stranger is a probing exercise that exposes the cycle of instant triple talaq followed by a fake marriage, which too ends with another instant triple talaq that allows the woman to marry the former husband. While the holy book does not mention instant triple talaq, this tradition is unique to the Indian subcontinent that claims to bring squabbling couples together but ends up making a mockery of the faith and punishes women for the crimes of men. The first ever book to talk of the subject, Nikah Halala presents the sordid reality of mock marriages against the background of Quranic injunction on the subject and exposes the departure in practice from the teachings of the holy book that gives divorced women complete freedom to follow their path.

**Who's Who** Sheikh, M. A., 2012-04-26 I first met M.A. Sheikh in the late nineteen seventies as my interest in music grew beyond that of mere appreciation. I was looking for people who could help in developing my taste further and on being recommended I went to visit M. A. Sheikh who had an office in the basement of Radio Pakistan Lahore. With regular visits I came to know of the setting up of the Classical Music Cell and its dramatic downturn in fortune with the change of government. The Classical Music Research Cell had been shut down after martial law had been imposed in nineteen seventy seven as an unnecessary drain on the national expenditure. Since the hired premises had to be vacated the question remained as to what was to become of the music, manuscripts, books and some equipment which had been collected so assiduously in the past year. It was lugged from one premise to another till finally a more permanent place in the basement of the Lahore Radio Station was settled for. During this series of very grave crises a small team maneuvered to ward off all the palpable threats. These few individuals had as if almost vowed not to let the Cell be closed down or fall in UN deserving hands. Principally through M.A. Sheikh's efforts it managed to survive. I gradually came to appreciate the work being done by M.A. Sheikh who really toiled for years in conditions which were far from ideal to save the collection of recorded material and the many rare and invaluable manuscripts which had been collected over time. .

**Post-Tensioned Concrete Floors** Martin Williams,Sami Khan,2019-08-30 Post-tensioning is the most versatile form of pre-stressing, a technique which enables engineers to make the most effective use of the material properties of concrete, and so to design structural elements which are strong, slender and efficient. Design in post-tensioned concrete is not difficult and, if done properly, can contribute significantly to the economy and the aesthetic qualities of a building. Post-tensioned floors have found widespread use in office buildings and car park structures, and are also frequently employed in warehouses and public buildings. However, in spite of this, most prestressed concrete texts devote comparatively little attention to floors, concentrating instead on beam elements. This book answers the need for a comprehensive treatment of post-tensioned floor design.
