Rajesh Khanna Yasser Usman,2014-12-05 The untold story of Hindi cinema's first superstar Obsessed female fans routinely sent him love letters written in blood. Hysterical crowds camped outside his house to catch a glimpse of the superstar. And the frenzy unleashed by his public appearances was enough to give law-enforcers a nightmare. In the 1970s, Rajesh Khanna achieved the kind of fame that no film star had ever experienced before—or has since. But having climbed to the pinnacle of success, he then saw it all vanish. And through it all, he remained a fighter till the very end. In this riveting biography, journalist Yasser Usman examines Rajesh Khanna's dramatic, colourful life in its entirety: from little-known facts about his childhood to the low-down on his relationships and rivalries, from his ambitious hopes to his deep-seated insecurities. What emerges is a tantalizingly written, meticulously researched chronicle of a fascinating and mercurial man—one who was both loved and feared by those closest to him. It is a story that encapsulates the glittering, seductive, cut-throat world of Bollywood at its best and its worst.

A Parent-Partner Status for American Family Law Merle H. Weiner,2015-09-17 Despite the fact that becoming a parent is a pivotal event, the birth or adoption of a child has little significance for parents' legal relationship to each other. Instead, the law relies upon marriage, domestic partnerships, and contracts to set the parameters of parents' legal relationship. With over forty percent of American children born to unwed mothers and consistently high rates of divorce, this book argues that the law's current approach to regulating parental relationships is outdated. A new legal and social structure is needed to

guide parents so they act as supportive partners and to deter uncommitted couples from having children. This book is the first of its kind to propose a new 'parent-partner' status within family law. Included are a detailed discussion of the benefits of the status as well as specific recommendations for legal obligations.

'Bad' Women of Bombay Films Saswati Sengupta, Shampa Roy, Sharmila

Purkayastha, 2019-12-06 This book presents a feminist mapping of the articulation and suppression of female desire in Hindi films, which comprise one of modern India's most popular cultural narratives. It explores the lineament of evil and the corresponding closure of chastisement or domesticity that appear as necessary conditions for the representation of subversive female desire. The term 'bad' is used heuristically, and not as a moral or essential category, to examine some of the iconic disruptive women of Hindi cinema and to uncover the nexus between patriarchy and other hierarchies, such as class, caste and religion in these representations. The twenty-one essays examine the politics of female desire/s from the 1930s to the present day - both through in-depth analyses of single films and by tracing the typologies in multiple films. The essays are divided into five sections indicating the various gendered desires and rebellions that patriarchal society seeks to police, silence and domesticate.

Sexualities and Irish Society Máire Leane, Elizabeth Kiely, 2014-01-13 In Ireland, recent social, cultural and political changes combined with globalisation, commercialisation and new technologies have re-shaped how we understand and think about sexuality. There is now a multiplicity of ways in which individuals can experience their sexuality, negotiate their sexual identities and advocate for sexual rights. Meanwhile, sexualities continue to be

denied, problematised and subjected to regulation. The ongoing exchanges between real-life sexualities and the social contexts in which they are forged, provides the core focus of this book. *Sexualities and Irish Society* explores the construction and management of sexualities across a number of different sites, including the family, the legal and education systems, medical and therapeutic settings, and cultural and commercial arenas. Engaging with both theoretical and empirical material, the authors analyse the power relations within which sexualities are constructed, resisted and reconstructed. Written by academics, researchers, advocates and practitioners, this is the first comprehensive academic text on sexualities in Irish society. It showcases the best of recent scholarship from a range of disciplinary perspectives. *Sexualities and Irish Society* is a valuable resource for undergraduate and postgraduate students in social policy, social care, social work, sociology, women's studies, cultural studies, history, politics and studies of the body. It should also appeal to activists, campaigners and professional practitioners.

The Indian Media Economy (2-volume set) Adrian Athique, Vibodh Parthasarathi, S.V. Srinivas, 2017-12-29 The twenty-first century has witnessed the rise of India as a major media producer and consumer market increasingly engaged with the global economy. Aided by rising incomes, technological remediation, regulatory strategies, and a shifting political terrain, the business of media has been given official recognition as a substantive component of India's economy and as a prominent feature of its economic thinking. In light of these developments, these two pioneering volumes investigate the dynamics of an increasingly integrated media economy encompassing television, film, music, sport, and telecoms. Volume 1: Industrial Dynamics and Cultural Adaptation illustrates the distinctive

industrial dynamics of India's media economy, tracking the deeply embedded cultural, political, and economic forces that determine its everyday operation. The selection of essays serves to demonstrate the unique patterns of development and the complex field of exchanges that have constituted India's media economy. As a whole, this volume posits a comprehensive approach to understanding the nature of media resources, the negotiation of industrial norms and the cultural context of a media economy firmly situated in the realities of India's distinct regions, cultures, and human networks. Volume 2: Market Dynamics and Social Transactions provides a comprehensive analysis of the interlocking markets that constitute the media economy, focusing upon its particular commodity forms, labour conditions, and spaces of consumption. Taking account of a rich set of case studies, this volume argues for the necessary consideration of multiple and interdependent markets in explicating our everyday encounters with media. By foregrounding the social transactions that encapsulate market exchanges, it begins to illustrate some of the novel aspirations, meanings, and relationships arising with India's media economy.

creatures they meet along the way, the Shamroques set about on a quest to save the local environment from its enemies. Having sold over 40,000 copies in its first edition, this series will delight a new generation of children.

Haunting Bollywood Meheli Sen, 2017-03-01 *Haunting Bollywood* is a pioneering, interdisciplinary inquiry into the supernatural in Hindi cinema that draws from literary criticism, postcolonial studies, queer theory, history, and cultural studies. Hindi commercial cinema has been invested in the supernatural since its earliest days, but only a small segment of these films have been adequately explored in scholarly work; this book addresses this gap by focusing on some of Hindi cinema's least explored genres. From Gothic ghost films of the 1950s to snake films of the 1970s and 1980s to today's globally influenced zombie and vampire films, Meheli Sen delves into what the supernatural is and the varied modalities through which it raises questions of film form, history, modernity, and gender in South Asian public cultures. Arguing that the supernatural is dispersed among multiple genres and constantly in conversation with global cinematic forms, she demonstrates that it is an especially malleable impulse that routinely pushes Hindi film into new formal and stylistic territories. Sen also argues that gender is a particularly accommodating stage on which the supernatural rehearses its most basic compulsions; thus, the interface between gender and genre provides an exceptionally productive lens into Hindi cinema's negotiation of the modern and the global. *Haunting Bollywood* reveals that the supernatural's unruly energies continually resist containment, even as they partake of and sometimes subvert Hindi cinema's most enduring pleasures, from songs and stars to myth and melodrama.

Childhood and Celebrity Jane O'Connor, John Mercer, 2017-03-16 The twenty-first century has seen an explosion in the ways and means in which children can become part of celebrity culture. With the rise in popularity of reality TV, child beauty pageants, talent shows, and social media platforms, as well as more established routes to fame through TV, cinema, theatre and music, the number of children establishing a presence in public life continues to proliferate. *Childhood and Celebrity* brings together international scholarly writing and research about famous children, and representations of childhood, from a range of disciplines including Childhood Studies, Celebrity Studies, Cultural Studies and Film Studies in order to open up a theoretical space in which to explore and understand the complex relationship between contemporary childhood and celebrity culture. This unique collection includes detailed case studies of specific child performers such as McCauley Culkin and Miley Cyrus, histories of child stars in the 'Golden Age' of Hollywood, analyses of representations of children in film and discussions of children as media creators and producers. Key themes of transgression, gender, 'coming of age', childhood innocence and children's rights recur in the chapters and present a compelling argument for the emergence of the field of Childhood and Celebrity as an area of study in its own right.
