Last Days of the Sicilians Ralph

Blumenthal, 2012-04-18 July 12, 1979: The fearsome Bonanno family boss, Carmine Galante, is gunned down in a gruesome ambush at a Brooklyn restaurant. The hit launches an FBI investigation that soon becomes the largest in the bureau's history, as agents uncover a trail leading to a clandestine arm of the Sicilian Mafia. Evidence points to an all but unknown criminal franchise at work in the U.S. within the strife-torn Cosa Nostra. The mystery deepens. Surveillance photos snapped secretly from FBI vans and lookouts in Queens and Brooklyn show a cast of characters the bureau's mob experts cannot identify. What is in the cartons these Sicilians are loading into the trunks of their Mercedes? Who is trying to spirit \$60 million out of the country and why? And where is the mountain of money coming from? The FBI has stumbled across a billion-dollar drug pipeline that is funneling tons of Turkish morphine base to Sicilian labs and heroin into the United States through pizza parlors, cafes, and boutiques. Where the French Connection ends, the Pizza Connection begins. This is the dramatic inside story of that historic case and the struggle of the FBI, Drug Enforcement Administration, Customs Service, and New York Police Department to deal the Mafia a crippling blow. The early 1980s are a crucial time for the FBI. It is emerging from the debacles of J. Edgar Hoover's administration, which long refused to acknowledge traditional organized crime, and is about to take on a new assignment policing anti-drug laws alongside the DEA. The

exploding case is assigned to an unlikely pair of agents: the intense, Sicilian-born Carmine Russo and the laid-back Charlie Rooney. Together with an expanding army of investigators in the U.S. and abroad, they follow a trail that leads from sidewalk pizzerias and pay phones in Long Island, New Jersey, and rural Illinois, to bank vaults and hideouts in Miami, the Bahamas, Zurich, Palermo, Rio, Madrid, Turkey, and Bulgaria. Thousands of hours of wiretapped conversations and surveillance photos reveal a deadly, shadowy world of coded messages, midnight dropoffs of heroin packed in paper bags and shirt boxes, and vast fortunes laundered through some of America's biggest brokerage firms. But the crimelords Russo and Rooney stalk are not their only nemesis; they must also fend off jealous and impatient bureaucrats, and more than once crooked cops come close to blowing the case.

Donnie Brasco: Unfinished Business Joe

Pistone, 2008-05-27 The FBI agent who posed as jewel thief Donnie Brasco revisits his six-year assignment undercover within the American Mafia, this time revealing details about the crimes he witnessed, the trials of those he helped bring to justice, and the history of civil war within the Mafia itself.

Mafia Inc. Andre Cedilot, Andre Noel, 2012-08-07 Updated and available for the first time in English, Mafia Inc. reveals how the Rizzuto clan built their Canadian empire through force and corruption, alliances and compromises, and turned it into one of the most powerful criminal organizations in North America. Relying on

extensive court documents, police sources and sources in the family's home village in Sicily, Montréal journalists André Cédilot and André Noël reconstruct the history of the Rizzuto clan, and expose how its business extends throughout Canada and the world, shaping the criminal underworld, influencing politicians and bending the will of business leaders to their own self-satisfying ends.

Opium's Orphans P. E. Caquet, 2022-07-06 Upending all we know about the war on drugs, a history of the anti-narcotics movement's origins, evolution, and questionable effectiveness. *Opium's Orphans* is the first full history of drug prohibition and the "war on drugs." A no-holds-barred but balanced account, it shows that drug suppression was born of historical accident, not rational design. The war on drugs did not originate in Europe or the United States, and even less with President Nixon, but in China. Two Opium Wars followed by Western attempts to atone for them gave birth to an anti-narcotics order that has come to span the globe. But has the war on drugs succeeded? As opioid deaths and cartel violence run rampant, contestation becomes more vocal, and marijuana is slated for legalization, *Opium's Orphans* proposes that it is time to go back to the drawing board.

Financial Investigation and Forensic Accounting George A. Manning, Ph.D, CFE, EA, 1999-06-29 Embezzlement, graft, fraud and money laundering are among the hardest crimes to prosecute. Investigation is impossible without an understanding of the law, accounting, finance, and banking procedures. Law enforcement must have the

proper weapons to combat the evolving sophistication of financial crimes. Financial Investigation and Forensic Accounting offers a thorough examination of current methods and legal concerns for the detection and prosecution of economic crime. The author is an I.R.S. agent with 15 years experience in fraud investigation. The book guides law enforcement and prosecutors from detection through indictment and conviction. The author explains the mechanics of gambling, fraud and money laundering. He illustrates how prosecutors present the tax codes, off-shore banking laws, and the Racketeer-Influenced and Corrupt Organization (RICO) statutes to judges and juries. Financial Investigation and Forensic Accounting details the exacting legal standards for the successful execution of warrants, seizures and forfeitures. Manning's work is a guidebook for error-free prosecution. His multidisciplinary concept, integrating accounting, law enforcement, and financial savvy, is an invaluable approach to the detection and prosecution of economic crime.

The Lebanese Connection Jonathan Marshall, 2012-05-16 Long before Mexico, Colombia, and Afghanistan became notorious for their contributions to the global drug traffic, Lebanon was a special target of U.S. drug agents for harboring the world's greatest single transit port in the international traffic in narcotics. In the words of one American official, certain of the

largest traffickers are so influential politically, and certain highly placed officials so deeply involved in the narcotic traffic, that one might well state that the Lebanese Government is in the narcotics business. Using previously secret government records, *The Lebanese Connection* uncovers for the first time the story of how Lebanon's economy and political system were corrupted by drug profits—and how, by financing its many ruthless militia, Lebanon's drug trade contributed to the country's greatest catastrophe, its fifteen-year civil war from 1975 to 1990. In so doing, this book sheds new light on the dangerous role of vast criminal enterprises in the collapse of states and the creation of war economies that thrive in the midst of civil conflicts. Taking a regional approach to the drug issue, Jonathan Marshall assesses the culpability of Syria, Israel, and of Palestinian factions and other groups that used Lebanon as their battleground. On the international level, he documents Lebanon's contribution to the hard drug problem of major consuming countries, from the days of the French Connection through the Pizza Connection, as well as Lebanon's unrivaled place in the global hashish market.

The Queen and Mr Dukes : 1 Katie

Penryn, 2022-01-11 These four tongue-in-cheek stories take place in the make-believe island of Mazita, off the Kenyan coast in the sixties. Our diffident hero, Bob Dukes, is a novice single parent of three adventurous young children and newly appointed Commercial Officer, assistant to the Governor of Mazita. Overwhelmed with the often-conflicting tasks of keeping his children happy and fulfilling his boss's demands, he turns for help and guidance to his mentor and ultimate employer, the Queen. After all, he is Her Man in Mazita. This edition has the addition of the author's background notes to her stories, which is not available in the individual stories in the series, "Our Man in Mazita". Beau-ootiful Soo-oop! - Bob Dukes, diffident hero, is a recently appointed and inexperienced diplomat working for Her Majesty's Britannic Government in the early sixties on the island of Mazita off the East African coast. As well as learning his new duties, he is faced with the task of being a single father to his three children. Bob's first official task is to organize a dinner for his boss, the Governor Designate of Mazita, who wishes to establish cordial relations with local bigwigs drawn from the many different cultures. Add to this minefield a reluctant first course and you will see why readers enjoy this story. Something Spotted - This is the second story featuring Bob Dukes, diffident hero and single parent to his three children, Poppy, Suze and Charlie. Bob is now beginning to

find his feet as the newly appointed Commercial Officer and aide to the Governor of Mazita. Life would be sweet if he could just get on with his real job, but every time he sorts out a problem, Sir Phillip comes up with another role to add to his job description. This time it is White Hunter, and Bob is instructed to rid the neighborhood of a marauding leopard. Bob has never actually shot anything but a stuffed target during his army service, long ago during World War II. He's not at all happy about having to confront a big cat. But his friends come to his rescue. He gives the situation his best shot, in keeping with the esprit de corps of the Diplomatic Service.

Something Rotten - Bob Dukes lives on the idyllic tropical island of Mazita where he is the single parent of Poppy, Suze and Charlie. His boss, the Governor of this Crown Protectorate on the East African coast, is always calling Bob into his office and giving him some impossible task, well outside his job description as Commercial Officer and Aide. In this quirky tale the future success of the island as an off-shore center is threatened by the strong whiff of corruption. Bob attempts to get to the bottom of things and see the guilty punished while he staves off life threats to the islanders and his family. Money laundering is involved long before the term was even coined!

Christmas in Mazita - In this offbeat Christmas story about Bob Dukes and his family, Bob is called upon to entertain the Royal Navy over the Christmas period. He is annoyed about this as he feels it is outside his remit as Commercial Officer to the Governor of Mazita, an off-shore

island on the East African coast. The task proves to be even more challenging than expected especially for Poppy, Suze and Charlie who are called upon to display a compassion and knowledge way beyond their years.

Plenty of Fish in the Sicilian Sea Stefania Hartley, 2021-01-19 FROM EXCITING ROMANCE AUTHOR STEFANIA HARTLEY Sicilian marine biologist Serena Ingotta has never understood men, but when she uncovers a mafia factory polluting the sea, it only adds to the things that confuse her. Twenty-four-year-old Sicilian scientist Serena Ingotta has always misunderstood men, from her workaholic anti-mafia judge father to the Catholic seminarian she's hopelessly in love with. Interning in a marine biology lab alongside her irritating colleague Enrico, she discovers an illegal polluting factory that is possibly connected with the mafia. When it turns out that their boss is going to cover up the story, she publicly denounces him at a science conference and gets expelled from the lab. Alone and ostracized, Serena's attempts to find love and expose the factory seem to be failing epically until she finally realizes that everything she has been searching for was just under her nose.
