High Treason Sean McFate, 2020-06-09 "McFate just might be the next Tom Clancy, only I think he's even better... The action is non-stop and shuttles back and forth between scary-believable and rollicking good fun. I read *High Treason* during a six-hour plane ride and the trip went by like the snap of my fingers." -James Patterson In this pulse-pounding action thriller perfect for fans of Brad Thor and David Baldacci, Tom Locke must stop dark forces working to overthrow the president En route to the National Prayer Breakfast, the U.S. vice president's motorcade is hit in a vicious, expertly planned attack that throws Washington, DC, into chaos. Everyone assumes it's terrorists--everyone but young FBI agent Jennifer Lin. She is certain that the easy answers here are not the likely ones. . . . Half a world away, former military contractor Tom Locke has his own doubts about what happened--and who did it. He suspects his former employer, Apollo Outcomes. But why would the global private military corporation orchestrate such a brutal strike on U.S. soil? Returning to DC, Locke teams with Lin and discovers that a civil war is secretly brewing in the military-contracting world. A division of one company has gone rogue, led by a power-hungry former colleague of Locke's who may have planned the attack on the vice president himself. But this man couldn't have pulled it off without help from inside the government. The VP's itinerary and route were confidential--which means there must be a traitor high up in either the White House or the NSA who is leaking information. But why? And who could be pulling the strings? Radical Islamic terrorists? Or is this a new ploy by Putin to subvert American leadership? Or is someone else behind the attack? Only Locke can get to the bottom of the conspiracy--and blow it apart with one bold strike before it's too late. "High Treason has brutal assassinations, shocking betrayals, even heated gun battles in the shadow of the White House. It had me breathless--from the sheer audacity of its storytelling to its breakneck pacing. It's not to be missed!" -James Rollins, #1 New York Times bestselling author of *The Last Odyssey*

Soon his investigation takes him to darker places, and the closer he gets to the truth, the more dangerous his world becomes. Until Striker himself is in the line of fire.

Coming of Age Sean Phelan, 2009-10-14 Maynard and Seamus. Sea and May. Wolfman and Sundance. This is a story that can, May and will change the World! This is a story told by a Child full of Silence and Peace. This is a story of two young people driving away from the Rock-like locus of Youth, while still retaining part of Youth's Golden Vision in their rearview mirrors (and dashboard Sun visor). This is a story that concerns the Search for God and Self, which one finds, at the end of the Odyssey, are All One in the same sacred place. This is a cautionary tale that concerns America's Sunday-morning's-everyday-for-all-I-care youths, and their quick, cynical, unfulfilling, and inevitable descent into solipsistic/nihilistic adulthood. This is a story that reminds that Youth (and, perhaps, America) is a bildungsroman that must topple before being reborn. This is a bittersweet, tragic comedy of Transformation, in which the changes in Maynard and Seamus mirror a coming cultural Revolution. This is a story of Truth planted firm - born of Fire, surrounded by Water and spread by Air. This is a story of Jungian, (and near Almagestian), breadth, full of Music and Movement and Love and Faith. This is a story whose Time has come. . . . Maynard and Seamus. Sea and May. Wolfman and Sundance. This is a story that can, May and will change the World!

Fuccboi Sean Thor Conroe, 2022-01-25 "Terse and intense and new...I loved it." -Tommy Orange, author of There There "Fuccboi is its generation's coming of age novel...Utterly of its moment, of this moment." -Jay McInerney, Wall Street Journal A fearless and savagely funny examination of masculinity under late capitalism from an electrifying new voice. Set in Philly one year into Trump's presidency, Sean Thor Conroe's audacious, freewheeling debut follows our eponymous fuccboi, Sean, as he attempts to live meaningfully in a world that doesn't seem to need him. Reconciling past, failed selves-cross-country walker, SoundCloud rapper, weed farmer-he now finds himself back in his college city, trying to write, doing stimulant-fueled bike deliveries to eat. Unable to accept that his ex has dropped him, yet still engaged in all the same fuckery-being coy and spineless, dodging decisions, maintaining a rotation of baes-that led to her leaving in the first place. But now Sean has begun to wonder, how sustainable is this mode? How much fuckery is too much fuckery? Written in a riotous, utterly original idiom, and slyly undercutting both the hypocrisy of our era and that of Sean himself, Fuccboi is an unvarnished, playful, and searching examination of what it means to be a man. "Got under my skin in the way the best writing can." -Sheila Heti "Sean Conroe isn't one of the writers there's a hundred of. He writes what's his own, his own way." -Nico Walker, author of Cherry

Confronted by the threat of nothing less than the utter annihilation of their homelands, the dwarves and elves prepare to make war against their perceived common enemy: G'naath. The Fighting 69th Sean Michael Flynn, 2008 Presents a dramatic comparison of the Fighting 69th Infantry before and after the September 11, 2001 attacks, describing how a unit of largely untrained and unequipped immigrants became a battle-hardened troop in one of Baghdad's most dangerous regions.

Willing Pawn Metro Sean Heller, 2023-12-04 In 1994, the US government sent

three volunteers on a secret mission to unearth the truth. FBI Senior Field Operative Michael Buliva--A man willing to risk his life to please a father figure within the Bureau: Buliva longed to reach out to this father figure who knew his heart, his pain, and the struggles he endured. But at the same time, the agent was sickened with the thought that this was just another ploy to use him one last time. Professor Mark Sterner--A young scientist with such a volatile discovery, he is required to be under twenty-four-hour surveillance, not for his protection but the country's: As your bodyguard, I need full access into your life. From now on, where you go, I go. You enter your room only after I have surveyed it, is that understood? Isn't this a bit, awkward? Is it normal to have a woman guarding a man? Without blinking, she countered, Everyone believed it would make you feel more comfortable. She lied with her hand still held out for the key. No, my room is out of bounds for you, period. I will take it from you if I have to, period. Mark gulped. With her hand still outstretched, her blazer opened just enough for him to notice a shoulder strap, which most likely led to a handgun. He was shocked. His mind quickly tried to come up with other options, but none came to him. He handed her the key. CEO of Ameri Bank, Stephen Levi--With a photographic memory needed for the mission, this volunteer was so desirable he had to be coerced. As Robert walked by Levi, who remained seated, the CEO took hold of his wrist as he stated, Why do I still feel like a little pawn in a big game of chess? A willing pawn, Mr. Levi, I might add! Robert quickly responded. Only if you don't take blackmail into consideration, Stephen fired back. A story of faith, hope and love, blooming above the lies.
