The Sepia Siren Killer Richard A. Lupoff,2013-04-11 Prior to World War II, black actors were restricted to mainstream film roles as chauffeurs, maids, night club entertainers, and comic buffoons. But there was a second Hollywood, a BLACK Hollywood, where great producers and directors like Oscar Michaud created films with all-black casts for exhibition to black audiences. Some of the actors worked only in black productions. Others, like the talented Eddie Anderson, could play comic roles in white productions and serious roles in all-black films. When a cache of long-lost African-American films is discovered by cinema researchers, the aged director Edward Speedy MacReedy appears to reclaim his place in film history. But insurance investigator Hobart Lindsey and homicide officer Marvia Plum soon find themselves enmeshed in a mystery with its roots deep in the tragic events of a past era, as they seek out...THE SEPIA SIREN KILLER! The fourth entry in this compelling mystery series.

Tony Northrup's Adobe Photoshop Lightroom 5 Video Book: Training for Photographers Tony Northrup,2014-11-26 Combining the benefits of video training and book learning, Tony Northrup's Lightroom 5 Video Book gives you over 12 hours of video and 250 pages of written content. When you can set aside the time, start the videos on a smartphone, tablet, or PC, and work alongside Tony & Chelsea in Lightroom. When you'd rather learn away from your

PC, or you just want to quickly look something up, search the eBook or flip through the paperback book to find the information you need. Similar video training costs well over $120 or more, or worse, requires you to pay a monthly membership fee that might cost you thousands. Similar books cost over twice this amount. You also get over 150 Lightroom presets, which usually cost more than $100, and access to our private Lightroom group on Facebook so you can ask questions and get feedback. Tony covers every aspect of Lightroom in-depth, but structures his teaching so that both beginner and advanced photographers can learn as efficiently as possible. If you just want a quick start, you can simply watch the first video or read the first chapter and you'll be organizing and editing your pictures in less than an hour. If you want to know more about a specific feature, switch to that video or flip to that chapter in the ebook. If you want to know everything about Lightroom, watch the videos and read the book from start-to-finish.
