The 21st Century from the Positions of Modern Science: Intellectual, Digital and Innovative Aspects Elena G. Popkova,Bruno S. Sergi,2019-11-02 These proceedings gather the best papers presented at the “10th International Scientific and Practical Conference – the 21st Century from the Positions of Modern Science: Intellectual, Digital and Innovative Aspects,” which was organized by the non-profit organization “Institute of Scientific Communications.” The conference took place on May 23–24 in Nizhny Novgorod, Russia, with support from Minin Nizhny Novgorod State Pedagogical University. The chief advantage of these proceedings are their multidisciplinary character – they include articles and empirical studies addressing various fields, including economics, the social sciences, and law. Accordingly, the target audience is broad, covering scholars, researchers, independent experts, entrepreneurs, and government workers, who are interested in issues concerning: measuring and accelerating socio-economic development; the formation and evolution of the digital society and digital economy; the role of economic systems and economic subjects in the 21st-century technological revolution (the fourth industrial revolution); development and implementation of AI; development and application of intellectual resources in economic activities; and innovations in the economy.

Scientific and Technical Revolution: Yesterday, Today and Tomorrow Elena G. Popkova,Bruno S. Sergi,2020-06-05 This book presents a system view of the digital scientific and technological revolution, including its genesis and prerequisites, current trends, as well as current and potential issues and future prospects. It gathers selected research papers presented at the 12th International Scientific and Practical Conference, organized by the Institute of Scientific Communications. The conference “Artificial Intelligence: Anthropogenic Nature vs. Social Origin” took place on December 5–7, 2019 in Krasnoyarsk, Russia. The book is intended for academic researchers and independent experts studying the social and human aspects of the Fourth Industrial Revolution and the associated transition to the digital economy and Industry 4.0, as well as the creators of the legal framework for this process and its participants – entrepreneurs, managers, employees and consumers. It covers a variety of topics, including “intelligent” technologies and artificial intelligence, the digital economy, the social environment of the Fourth Industrial Revolution and its consequences for humans, the regulatory framework of the Fourth Industrial Revolution, and the “green” consequences, prospects and financing of the Fourth Industrial Revolution.

Advances in Computer Vision Kohei Arai,Supriya Kapoor,2019-04-23 This book presents a remarkable collection of chapters covering a wide range of topics in the areas of Computer Vision, both from theoretical and application perspectives. It gathers the proceedings of the Computer Vision Conference (CVC 2019), held in Las Vegas, USA from May 2 to 3, 2019. The conference attracted a total of 371 submissions from pioneering researchers, scientists, industrial engineers, and students all around the world. These submissions underwent a double-blind peer review process, after which 120 (including 7 poster papers) were selected for inclusion in these proceedings. The book’s goal is to reflect the intellectual breadth and depth of current research on computer vision, from classical to intelligent scope. Accordingly, its respective chapters address state-of-the-art intelligent methods and techniques for solving real-world problems, while also outlining future research directions. Topic areas covered include Machine Vision and Learning, Data Science, Image Processing, Deep Learning, and Computer Vision Applications.
