*The Glacial Geology of a Part of Northwestern Pennsylvania* Vincent Chester Shepps,1955 This investigation was conducted as the first part of a program to study the glacial geology of northwestern Pennsylvania ... Field work and laboratory investigations have been conducted with the aim to determine the stratigraphic relationships and the specific character of the various tills in the area. Mapping of kames, valley trains and such features was included to give a complete picture of the surficial geology. For this reason most attention is given to the character, distribution, and age relations of the tills.

Shepp's Giant Library Daniel B. Shepp,2017-12-25 Excerpt from Shepp's Giant Library: Eight Great Books in a Single Volume; An Unrivalled Compilation of the World's Best Literature, Music and Art The present work is the result of an earnest attempt to correct such ill conditions. How many are there, in these busy days, who can find time to read through the great masterpieces of fiction, the innumerable volumes of poetry, the sublime dramas of Shakespeare, the detailed history of the world? To do so would require that a man forsake all else and give his life up to this one task. Yet how dearly would every appreciative mind love to be stored with such intellectual treasures! And how desirable it is that such knowledge and entertainment should be placed within the reach of even the busiest man! It is confidently believed that it is thus placed in Shepp's Giant Library. With scholarly and reverential care, the best masterpieces of the world's literature have here been put into such compass as will make them universally accessible. They have not been dwarfed or mutilated. They have merely been freed from the superfluous wrap pings that shut in the kernel of essential truth from the reach of the average reader. Of every one the full spirit is preserved in all its vital force, and with it far more of the letter than one man in a thousand is ever able to master and remember from the unabridged work. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. Fake it so Real Susan Sanford Blades,2020-10-17 Fake it so Real takes on the fallout from a punk-rock lifestyle—the future of “no future”—and its effect on the subsequent generations of one family. In June of 1983, Gwen, a gnarly Nancy Spungen lookalike, meets Damian, the enigmatic leader of a punk band. Seven years and two unplanned pregnancies later, Damian abandons Gwen, leaving her to raise their two daughters, Sara and Meg, on her own. The fourteen chapters that make up this book usher Gwen and her daughters through five decades, haunted by Damian’s ghost. Fuelled by vodka and scrappy determination, Gwen balances a responsibility to her daughters with her narcissistic, self-destructive tendencies. Sara and Meg scramble through adolescence and enter adulthood walking the line between selfishness and self-sacrifice, attempting to avoid their parents’ mistakes, all the while making a whole new set of mistakes of their own. In the voices of Gwen, Damian, Sara, Meg, Damian’s bandmate and Gwen’s true love, the novel weave a raw and honest tapestry of family life as told from the underbelly, focused on the grey area between right and wrong, the idea that we are all equally culpable and justified in our actions, and the pain and ecstasy that accompany a life lived authentically.

Prenatal Yoga Maximo Shepps,2021-04-23 Yoga poses may also help optimize the baby's position for birth, by allowing the pelvic bones and ligaments to open and move apart from each other. This allows the baby's head to find more room to nestle at the bottom of the uterus as birth nears This is an easy-to-follow instructional book of safe and relaxing prenatal yoga poses that can be practiced throughout your entire pregnancy. The best thing about practicing yoga while you are pregnant is that it gives you the flexibility you need to have a comfortable birthing experience. Yoga can help your baby get into the proper position, and you will learn breathing techniques that help relax the muscles in your body for an altogether pleasant experience

*The Art of Fine Enameling* Karen L. Cohen,2019-11-04 The most comprehensive book of enameling and enameling techniques has been completely revised to bring you this essential new reference. The wonderful world of enameling—fusing glass to metal under high-temperature conditions-- is diverse! Practically anything made from enamel-friendly metal can be enameled, from vases to jewelry to buttons to metal mesh and solid forms. In the first edition, published in 2002, Cohen explored this world as it was then, but so much knowledge has been gained in the last 17 years that it was definitely time for an update! Every chapter and project has been completely reviewed, revised, and updated; it’s a whole new book, and one you will want in your reference library. The look and organization is updated, 15 years of experience has been added, about half the projects have changed, and two types of mini-projects to expand your learning experience are included. In addition, each project has a gallery of the work of other artists working in the same technique, to give a view of other ways a technique can look and be used. Classic techniques such as champlevé, cloisonné, and plique-à-jour each have projects, as do newer approaches such as the use of graphite pencil and enameling on steel—21 project lessons in all. And you will find the extensive troubleshooting chapter indispensable. \*\*Silver Award Winner in Foreword Reviews Indie Awards in Hobbies & Home, 2019
