Narrating Locative Media Vasileios N. Delioglani, 2023-10-30 This book offers a multidisciplinary approach to locative media, concentrating on specific authors and practitioners whose works exist in print and digital manifestations. The book shapes the discourse for an extensive theorization of locative media works from a narrative perspective. It investigates how different genres — print novels, fictional and non-fictional locative narratives, locative games, and audio texts — are affected by locative media practice. Part I examines print manifestations of locative media in William Gibson's fiction. Part II discusses e-book and audio book locative narrative experimentations, suggesting ways to create and categorize locative texts. Drawing on hypertext theory, Part III views Niantic locative games as an instantiation of locative media storytelling practice that challenges digital narrativity. This study captures a transition from a print-based textuality to a digital locative textuality and culture, and proposes flexible innovative models of interpreting narrative textual forms emerging from the convergence of locative and narrative media.

Wargaming Campaigns Henry Hyde, 2022-07-20 An authoritative reference guide to building wargaming campaigns, featuring a full set of campaign rules, tips on creating maps, and more. Most miniature wargames take the form of simulating a single battle with the opponents either winning or losing and that's that until the next game. Such games can be a fun test of tactical skill, but it can be even more rewarding if they form part of a wider campaign. In a campaign, the players commanding the forces have to make the decisions at the strategic level that determine the context of any battles that occur. The outcome of these battles will, in turn, have strategic consequences for the ongoing campaign. Although campaigns can be very rewarding, many wargamers are deterred by the need to produce maps and devise mechanisms for strategic movement, Intelligence, logistics, recruiting reinforcements, keeping track of casualties etc. Henry Hyde's excellent book greatly eases this task with masses of sound advice, concrete suggestions and even a full set of campaign rules useful for any period. Whatever historical or fantasy setting you prefer, Henry shows that even simple campaigns can add extra fun to your gaming. Praise for Wargaming Campaigns "This big, thick tome contains everything you'd ever want to know about creating and running a wargame campaign." —Historical Miniatures Gaming Society

Glory Season David Brin, 2024-04-09 A woman faces danger on the high seas of another planet—and a mystery that will change her world—in this adventure by the bestselling author of Startide Rising. On Planet Stratos, clans of genetically identical females dominate society. Natural conceptions are permitted, but only in summertime. Girls born this way—known for their despised uniqueness as ‘vars’—must leave their clan homes to pursue their own distinct and hazardous fortunes in this world owned by clones. That time has come for Maia and her sister, Leie, but as variants, they have limited prospects. Worse, when the sisters do find work on trading vessels, Leie is lost at sea. And hence, Maia’s arduous journey commences, accompanied by rumors that something . . . someone . . . has arrived from across the stars, perhaps ending the isolation of Stratos from the rest of humanity. Who would predict that a lonely var might stumble into a powerful secret? One that will challenge everything Maia knows about her society—and threatens the scientifically-engineered balance that holds it all together. “One of the most important SF novels of the year.”

—The Washington Post Book World “A rousing adventure story . . . brimming with surprises both wonderful and harrowing.” —The San Diego Union-Tribune “Glory Season offers thrills, chills, political intrigue, and other good scientific fun, along with yet another round in the battle of the sexes.” —Locus “Brin’s prose echoes the influence of Asimov, Frank Herbert, and Aldous Huxley. . . . His world is so painstakingly drawn and is splashed with such radiant and varied hues.” —The Christian Science Monitor

The Silver Bayonet Joseph A. McCullough, 2021-11-11 As the wars of Napoleon ravage Europe, chaos and fear reign and the darkness that once clung to the shadows has been emboldened. Supernatural creatures – vampires, werewolves, ghouls, and worse take advantage of the havoc, striking out at isolated farms, villages, and even military units. Whether they are pursuing some master plan or simply revelling in their newfound freedom is unknown. Most people dismiss reports of these slaughters as the rantings of madmen or the lies of deserters, but a few know better... The Silver Bayonet is a skirmish wargame of gothic horror set during the Napoleonic Wars. Each player forms an elite band of monster hunters drawn from the ranks of one of the great powers. Riflemen, swordsmen, and engineers fight side-by-side with mystics, occultists, and even those few supernatural creatures that can be controlled or reasoned with enough to make common cause. The game can be played solo, co-operatively, or competitively, with players progressing through a series of interlinked adventures with their soldiers gaining experience and suffering grievous wounds, and their units triumphing... or falling in the face of the shadows. It is a game of action and adventure, where musket and sabre meet tooth and claw.

Oathmark Joseph A. McCullough, 2020-04-30 Empires have fallen, and the land is broken. The great oathmarks that once stood as testaments to the allegiances and might of nations have crumbled into ruin. McCullough, designer of Frostgrave and Frostgrave: Ghost Archipelago, Oathmark is a mass-battle fantasy wargame that puts you in command of the fantasy army you've always wanted, whether a company of stalwart dwarves or a mixed force with proud elves, noble men, and wild goblins standing shoulder-to-shoulder in the battle-line. Fight through an integrated campaign system and develop your realms from battle to battle, adding new territories, recruiting new troop types, and growing to eclipse your rivals... or lose what you fought so hard to gain and fall as so many would-be emperors before you.

City of the Falling Sky (the Seckry Sequence Book 1) Joseph Evans, 2012-05 When Seckry Sevenstars is forced out of his village by the greedy Endrin Corporation and relocated to the daunting metropolis of Skyfall City, he harbours resentment for the company and vows to get them back one day for taking away his home, his school and his friends. Fortunately, the marvels of the city do a good job in distracting Seckry from his anger and homesickness, and it isn't long before he's competing at Friction (the city's most popular multiplayer video game), slurping awe-inspiring multicoloured milkshakes, and getting butterflies on his first date. Then, when a mysterious email asks Seckry to break into the headquarters of the Endrin Corporation and steal a container full of worms for a hefty sum of money, his anger resurfaces, and he can't resist the revenge he promised himself. Alone at night, Seckry creeps through the sewers whilst wondering what experiments Endrin might be doing on the worms, and emerges into the silent complex. But the worms aren't the only thing that he finds. Staring at him through the darkness, with wide, innocent eyes, is something that makes Seckry's heart almost stop. A girl. She's shaking, petrified, and has no recollection of who she is or what she's doing there. Floodlights bleach the area and Seckry has no choice but to grab a hold of the girl and escape with her. Suddenly the question of what Endrin were doing with a few worms becomes the last thing on Seckry's mind. What were Endrin doing with a human?
